## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Loma Ridge opened in August of 2019 and is located in the Irvine village of Portola Springs serving students in pre-kindergarten through sixth grades. Our vision is to establish a positive, welcoming environment, grounded in relationships, where growth mindsets are nurtured and a passion for learning is modeled so that every student engages, learns, and thrives. In an effort to bring our vision to reality, we have implemented multiple practices across our school that nurture connections and build relationships. Every morning, students can be seen at classroom doors selecting a personal morning greeting to exchange with their teacher. Additionally, we are a Calm Classroom school meaning every student at Loma Ridge experiences three two minute mindfulness experiences along with their teacher and classmates each day. We have also made it a weekly practice to engage in restorative circles in each of our classrooms. Circles are great for problem solving when an issue arises or just for getting to know one another through a facilitated process. Second Step digital lessons occur throughout the school year on a weekly basis to provide social emotional learning. Our students and staff use the Zones of Regulation to communicate how they are feeling and our PBIS framework offers staff the opportunity to positively reinforce and support our students in showing expected behavior at school.

With high levels of engagement and the goal for students to thrive, we have also placed a heavy emphasis on four Cs - collaboration, communication, creativity and critical thinking. These skills can be observed in our classrooms on a daily basis throughout the learning experiences. Our innovation lab is also a hot spot for STEAM learning where students interact with all sorts of technology and art experiences where they apply their scientific, mathematical, and engineering skills. Students have the experience of visiting the lab once a week with their class.

Our teachers differentiate classroom instruction to provide a more personalized learning experience targeting the essential standards. All teachers employ small groups during ELA and math instruction daily and provide opportunity for student voice and choice as frequently as possible with both learning and assessment. Following their best first instruction, PLC teams analyze student data each week to determine the need for tier two intervention. Student data indicating specific needs is used to determine specific skill/concept focus for tier two instruction and student groups are formed. Teachers collaborate to serve these learning needs during WIN (What I Need) time while their students working at benchmark or above engage in independent learning experiences that increase depth and complexity of recent learning and focus on nurturing communication and collaboration skills. Our tier three support is provided by our Intervention TOSA in small groups daily once PLC teams identify the ongoing intervention need for students following tier two intervention.

## 2023-24 School Description and Mission Statement

With our highly skilled, dedicated, kind and caring staff, with the incredible PTA and community support we receive, and with our state-of-the-art facility, our students are sure to thrive here at Loma Ridge.

Socioeconomically Disadvantaged	11.1%
Students with Disabilities	11.5%

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	7.90	79.98	1230.00	89.67	228366.10	83.12
<b>Intern Credential Holders Properly Assigned</b>	0.00	0.00	0.80	0.06	4205.90	1.53

<b>Total Teaching Positions</b>	9.90	100.00	1371.80	100.00	274759.10	100.00

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	19.50	92.86	1300.20	90.20	234405.20	84.00

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
<b>Permits and Waivers</b>	0.00	0.00
<b>Misassignments</b>	1.00	0.00
<b>Vacant Positions</b>	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	1.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
<b>Credentialed Teachers Authorized on a Permit or Waiver</b>	0.00	1.00
<b>Local Assignment Options</b>	0.00	0.00
<b>Total Out-of-Field Teachers</b>	0.00	1.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	6.2	4.1
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	4.1

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## School Facility Conditions and Planned Improvements

At Loma Ridge, we are fortunate to have a brand new facility that recently opened in 2019. Given that, we have a safe, clean and more than adequate learning environment for our students and staff. We are excited to have had district support which funded the opportunity for our team to install a sensory space for our students in the Fall of 2020. This space is an enhancement to our facility and offers equipment and an environment conducive to meeting the sensory needs of our students. It is also a space to help students who are emotionally dysregulated to calm down and return to a positive mindset for learning. This year, our facility is being augmented with an eight classroom villa that should be ready for students by January 2024.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	75	72	75	75	47	46
<b>Mathematics</b> (grades 3-8 and 11)	69	70	68	69	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

At Loma Ridge, parents are encouraged to be our partners in educating our students. There are multiple opportunities for parental involvement beginning with consistent and active engagement in communicating with classroom teachers to keep apprised of the learning that is occurring in the classroom. Additionally, parents are welcomed as volunteers within the classroom assisting with small groups during instruction as well as with clerical tasks in preparation for future learning experiences. Parents who are unable to volunteer during the school day due to other commitments are able to support their child's classroom by preparing materials at home and sending them back to school.

We also have our Parent Teacher Association (PTA) and School Site Council (SSC) at Loma Ridge. Both groups engage parents as active participants and influencers in planning, implementing and monitoring of programs and practices at Loma Ridge. PTA is responsible for all community-building, supplemental programs such as assemblies & classroom events and fundraising campaigns. We encourage all parents to join our PTA even when they are unable to volunteer. Membership alone shows parental support. For those who are able to volunteer, PTA seeks parents to volunteer at events, as coordinators of events/programs, and to serve on our executive board. The School Site Council (SSC) reviews the site level action plan and is informed of the school's expenditures that meet those actions. Additionally, our council members have the unique opportunity to learn in more detail about the inner workings of our school and activities/events that impact the education of students here at Loma Ridge. Our SSC is comprised of five staff members and five parents. Each member is voted in for a two year term and any parent is welcome to run for a member position when the opportunity arises at the beginning of each school year.

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

## 2023-24 School Safety Plan

The most recent review of the Loma Ridge School Safety Plan occurred September, 2023. Our plan includes our school discipline policy and positive behavioral expectations, our safe routes to school and emergency evacuation school map, incident command chart and duties, utility shut-off locations and after school emergency procedures, and emergency response plans for all potential emergency situations. Our staff reviews and updates the plan each Fall and implements the plan during drills throughout the school year. We complete a fire drill monthly as well as two disaster and two lockdown drills each school year. This year our safety committee has collaborated with the Irvine Police Department (IPD) to conduct whole staff trainings and table top drills to practice our response to different scenarios that could occur at a school site.

## Fiscal Year 2022-23 Types of Services Funded

State, federal, and local dollars support students in K-12 public schools. The largest funding source is from the state under the Local Control Funding Formula. The Local Control Funding Formula (LCFF) is the method of allocating funds to school districts. The LCFF model has three sources of state funding with local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Maintain positive behavioral intervention and support program, 12) Maintain site staffing with full-time assistant principals, 13) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 14) Support interventions and supplemental programs impacting English learners, low income and foster youth, 15) Continue to build Career-Technical Education pathways and blended on-line learning opportunities for students, 16) Implementing mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English learners, low-income students, and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Federal funds are designed to supplement state resources by narrowing funding gaps for at-risk students, including students with disabilities, foster youth, students experiencing homelessness, and socioeconomically disadvantaged households. Federal grants include:

Title I under the Elementary and Secondary Education Act (ESEA) and Part B under the Individuals with Disabilities Education Act (IDEA)

Funds are used to support effective evidence-based educational strategies that close the achievement gap and enable students to meet the state's challenging academic standards. All schools identified for Title I operate Schoolwide Programs.

Title III funds assist with language instruction for English Learners (EL) and immigrant students.

Title IV funds are used to increase district/site capacity to provide all students with access to a well-rounded education, improve conditions for student learning, and improve the use of technology to improve the academic achievement and digital literacy of all students.

Finally, the Irvine Unified School District is proud of the partnerships with the Irvine Public School Foundation (IPSF), and the City of Irvine with the Educational Partnership Fund (EPF) that support programs and services for all students.

## Professional Development

Our professional learning plan this year is focused on the development of our tier two intervention practices in ELA and Math as well as our implementation of WIN (What I Need) time across each grade level. Additionally, we have dedicated PL time to becoming a No Place For Hate school with staff training provided by the Anti-Defamation League (ADL.)

With our growing enrollment, the introduction of new staff is a regular practice each year and implementation of our schoolwide practices and programs require professional learning for our new staff. Roadrunner Rookie meetings offer a forum every six weeks for new teachers to receive truncated professional learning about these programs and practices to augment the support they receive from their grade level colleagues during their PLC and grade level planning meetings.

Our professional learning is supported by Loma Ridge teachers who are experts in certain areas as well as by district specialized staff including Teachers on Special Assignment (TOSAs), Coordinators and Directors. Additionally, outside consultants are utilized when needed. Our professional learning days are a combination of three full days (six hours per day) and six days of two hour afternoon sessions after school. We are privileged to have the opportunities available to us and are committed as a staff to being lifelong learners in order to best serve our Loma Ridge students.

This table displays the number of school days dedicated to staff development and continuous improvement.
