## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

I am pleased and honored to present Greentree Elementary School's Annual School Accountability Report Card. This Report Card reflects current information. It provides an overview of our school profile and communicates specific data regarding demographics and student achievement results.

Located in the village of Greentree, our school is a neighborhood school with an enrollment of approximately 450 students in grades Pre-Kindergarten through Grade 6 including four self-contained Specialized Academic Instruction (SAI) classrooms serving grades Tk - 6. Our attendance area includes the communities of California Homes, Greentree, Heritage Park, Heritage Point, Irvine Groves, Walnut Square, El Camino Glen and the Willows. We have an open enrollment policy that allows children from other communities in Irvine the opportunity to attend Greentree Elementary School. Greentree Elementary School has a diverse community with children coming to us from many cultural backgrounds. This diversity allows for many additional learning experiences for our students.

There are many people who share the responsibility for the successful education of children at Greentree Elementary School. We have a strong instructional staff that is committed to providing children with the highest educational experience possible. Our school support staff, our school office, and our custodial staff are all integral parts of our school. Our mission at Greentree Elementary School, is to foster a growth mindset, in order to empower all students to be risk takers, creative critical thinkers, communicators who collaborate, and who are committed to success. Through our professional learning communities we celebrate both academic and social responsibility in all of our students. It is our Vision to be: "One Team ~ One Goal ~ Committed to success for All".

It is our philosophy to provide an academic environment that is safe and child-centered. Our teachers are involved in staff development opportunities that provide further excellence in teaching. They work together in Professional Learning Communities to plan and analyze student work and progress. All students are challenged to reach their individual potential. Students who have not reached proficiency in reading or math are offered additional instruction within the classroom setting, during the instructional day through WIN time and other small group interventions. Our Tier 3 Intervention program (Learning Lab) is designed to provide those students who are at greatest risk, research based instructional strategies to help develop students' foundational skills in reading, math and writing. Our program offerings include English Learner clusters Pk - 6th, GATE clusters in our 4th - 6th grade classrooms, support services (Speech, Occupational Therapist, Physical Therapist, Elementary Resource Counselor (ERC), and school psychologist), English Language Development Instructional Assistant, and

a school site Teacher On Special Assignment (TOSA) to work with our staff and our students. Our curriculum specialists provide enrichment in the areas of art, music and science and our support staff provides assistance and reinforcement of essential skills learned in the classroom.

Greentree Elementary School practices Positive Behavior Interventions and Supports (PBIS). Staff, through collaborative staff development opportunities, created the behavioral expectations for student behaviors on our campus. These behavioral expectations are explicitly taught and reinforced through our schoolwide SOAR matrix as well as by classroom SOAR matrices for expectations within the classroom setting. It is our hope that these practices will help students build internal practices so they can experience healthy self-esteem and develop a vision and a passion about ways to contribute to their community. We conduct monthly awards to honor student academic and behavioral achievements.

The Greentree Elementary School Community is an outstanding example of a true “team.” All staff members, our parent community and our remarkable students work together to consistently be successful.

It is with a strong sense of school pride that I share this Accountability Report Card with you.

Sincerely,

Tamara J. Brown, Principal

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## School Facility Conditions and Planned Improvements

Greentree is a facility made up of 5 pods developed around a central office, a little theater, and a media center. Each pod/neighborhood consists of four classrooms and boys and girls restrooms. These areas were renovated in the summer of 2017 and now consist of open collaborative spaces with innovative furniture for various student instructional purposes. Five portable classrooms, located to the North of the main building house our Innovation Lab (G5), a science lab (G1), Speech (G3), Raising Rainbows/ELOP childcare (G4), as well as our Elementary Resource counseling office (G2). We have a large field area directly behind our school which is used for K-6 Physical Education and recreation activities during recess and lunch periods. Our school and our fields are also used by community groups on evenings and weekends with prior district approval. A three foot high barrier wall and a six foot high fence separate our field from the Metro Link tracks to ensure student safety. During the summer of 2023 a dividing wall was built in the existing principal's office to accommodate both the principal and school psychologist due to the need to house the afterschool ELOP program. Measure E work began on the GT campus in October 2023. This work, when completed will include a new stand alone Multi-Purpose building (The Treehouse), an expansion of our nutritional services/cafeteria area, and a redesign of our current Little Theatre space into a new Innovation Lab space, and a conference room.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

<b>Mathematics</b> (grades 3-8 and 11)	56	52	68	69	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Parents and staff work in partnership to ensure that every child is successful. There are many wonderful opportunities for parental involvement at our school both in person and behind the scenes. Our teachers meet with parents in the Fall to set goals for each child's academic program. The School Site Council (SSC) is an advisory group that meets regularly to receive information, discuss school programs and provide input towards school based decision making. This group is comprised of an equal representation of members of the community (5) and site level staff (5). SSC members serve a two year term on this council. Our wonderful PTA supports our school program by encouraging and organizing parent involvement and enriching the school programs by providing enrichment opportunities, special assemblies, services, activities, and providing funding for classroom supplies, upgrading software, hardware, and other technological needs. Parents can become involved with PTA by attending regularly scheduled PTA association meetings, in person, as posted on our school website and/or accessing information directly from the PTA website at [GreentreePTA.org](http://GreentreePTA.org) or to get in contact with any of our PTA Board Members. Parent volunteers are needed throughout the year to help support various school/district/city events. Each year our teachers have many clerical/planning type tasks that require parental assistance so that teachers can better focus on instruction. Our school is also always looking for parents to help support our ACE after school program, our Tournament of Champions tournaments, our PTA Reflections contest and so much more. Parents also have the opportunity to informally meet with the school principal and other parents by attending Coffee with the Principal on a monthly basis. Times are alternately scheduled either right at morning drop off or just before after school pick up for a greater variety of parents to attend.

## 2023-24 School Safety Plan

Greentree School has developed a comprehensive Safe School Plan. Our plan is evaluated yearly and amended, as needed by the School Site Council and School Safety Planning Committee. This plan was reviewed with the members of the following committees on these dates:

- 1) School Site Council (10/17/23)
- 2) Greentree Rainbow Rising (our onsite child care center) 10/20/23
- 3) Greentree Staff (10/18/23)

Key elements of the plan include:

- Disaster Procedures
- Procedures for Safe Ingress and Egress of Pupils, Parents, and School Employees
- Rules and Procedures on School Discipline.
- Student Discipline/Crime Statistics
- Incident Command System ~ Organizational Chart
- Emergency Response Plan and Procedures for Emergency Incidents
- District Emergency Plan for Multi-Hazard Response

\* After Hours Emergency Protocol

Monthly fire evacuation and safety drills are conducted and our school participates in earthquake preparedness twice each year as part of our commitment to a safe and orderly campus. The disaster preparedness committee meets on a regular basis to continually update and improve our plan. A school crisis team has also been formed for an unforeseen crisis situation. Students and staff alike participate in annual "lock down" drills each year for practice in emergency situations. In addition, Greentree Elementary School has the ParentSquare Web Portal messaging system that allows us the opportunity to contact all parents at once in the event of an emergency via their phones, e-mail, text, or a combination of any or all of the above. The

school is equipped with the necessary items and emergency supplies to shelter students immediately following a disaster and until students can be moved to a safe harbor. Greentree School also has social media accounts to alert parents to any and all issues at Greentree School, especially in the area of safety. Parents can follow us at: FaceBook: Greentree School IUSD  
Instagram: greentree\_iusd

Greentree is equipped with multiple exterior and one (1) interior camera to capture images of anything significant that could harm our facility and/or our students, staff and community that are housed within the facility. We also have the ability to "lockdown" our school at the push of a button that will immediately notify local authorities should any kind of need arise.

We place a high value and have a strong commitment to safety at Greentree Elementary School.

## Fiscal Year 2022-23 Types of Services Funded

State, federal, and local dollars support students in K-12 public schools. The largest funding source is from the state under the Local Control Funding Formula. The Local Control Funding Formula (LCFF) is the method of allocating funds to school districts. The LCFF model has three sources of state funding with local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

## Fiscal Year 2022-23 Types of Services Funded

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Maintain positive behavioral intervention and support program, 12) Maintain site staffing with full-time assistant principals, 13) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 14) Support interventions and supplemental programs impacting English learners, low income and foster youth, 15) Continue to build Career-Technical Education pathways and blended on-line learning opportunities for students, 16) Implementing mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English learners, low-income students, and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Federal funds are designed to supplement state resources by narrowing funding gaps for at-risk students, including students with disabilities, foster youth, students experiencing homelessness, and socioeconomically disadvantaged households. Federal grants include:

Title I under the Elementary and Secondary Education Act (ESEA) and Part B under the Individuals with Disabilities Education Act (IDEA)

Funds are used to support effective evidence-based educational strategies that close the achievement gap and enable students to meet the state's challenging academic standards. All schools identified for Title I operate Schoolwide Programs.

Title III funds assist with language instruction for English Learners (EL) and immigrant students.

Title IV funds are used to increase district/site capacity to provide all students with access to a well-rounded education, improve conditions for student learning, and improve the use of technology to improve the academic achievement and digital literacy of all students.

Finally, the Irvine Unified School District is proud of the partnerships with the Irvine Public School Foundation (IPSF), and the City of Irvine with the Educational Partnership Fund (EPF) that support programs and services for all students.

## Professional Development

Greentree Elementary School staff exemplifies a strong community of learners. Staff professional development has been a powerful and essential ingredient of teachers' continuing education. At Greentree Elementary School, our staff takes seriously the commitment of lifelong learning and intellectual risk-taking. Teachers are involved in three (3) full day professional learning opportunities with an additional 12 hours of distributed time after school, that continually refine and extend their teaching strategies. For the 23-24 school year these 12 hours have been distributed as such: four (4) two hour PD days, one (1) one hour PD, and one (1) three hour PD for a total of 2 full days of after school professional learning. Grade level teams work in Professional Learning Communities to plan, share ideas/materials, analyze student learning data, and to problem solve strategies to provide a cohesive program within each classroom. Current research in education in the areas of The Science of Reading, Equity, Excellence, Diversity and Inclusion (EEDI)/Anti-bias, and Social Emotional learning are what drive our current professional development needs and have been identified as priorities for us. We have also committed to schoolwide Math (iReady) and Writing (Step Up to Writing programs, as well as continue to train staff on safety measures and protocols. Our areas of focus for professional development in past years have centered around the following concepts: Assessment/Grading Practices, Positive Behavior Intervention and Supports (PBIS), Professional Learning Communities (all 2nd - 6th grade teachers have participated in one of the Power Up Your PLC's at this time), Next Generation Science Standards, Technology, including SAMR training, Step Up to Writing, as well as annual Safety Drill participation and various district wide initiatives.
