Dear Tamara:

On behalf of the Orange County Department of Education, please accept my congratulations for being named one of the "double 10" schools of Orange County for 2008! These results are a direct reflection of the focused, hard work of the teachers, support staff, and administrators who provide high quality instruction every day.

Receiving the distinction of being named a "double 10" school is evidence of the determination, dedication, and success on everyone's part. It says that excellence is your focus, and preparing students for a bright future is your first priority.

Kudos to the entire staff, students, parents and community for receiving this tremendous recognition and congratulations again from all of us here at the Orange County Department of Education!

Cordially,
