

Irvine Unified School District
GUIDELINES FOR PHYSICAL EDUCATION INDEPENDENT STUDY

1. A student is eligible for a maximum of 20 units (two years) of Physical Education via Private Instruction, on a pass/fail basis, under the following conditions:
 - a. If a middle or high school student is nationally ranked in an individual sport. This eligibility does not include members of a nationally ranked team.
 - b. If a high school student is a member of a team, in a sport not offered at the school, whose typical schedule is comprised of multiple (minimum three per season) interstate competitions during the school year, and a practice schedule similar to the schedule of a high school sport in season. Upon completion of the paperwork according to stated timelines, up to 5 units of credit may be awarded for 18 weeks of scheduled activity.
2. Annually a schedule of competitions or performances must be submitted with the application.
3. A copy of each entry list or program for verification of competition or performance must be submitted before credit will be given.
4. The Physical Education Independent Study course must be a regularly scheduled instructional activity meeting at least 300 minutes every week under the ongoing supervision of a qualified instructor.
5. Students must submit a Physical Education Independent Study application each semester. Deadline is September 1 for the fall semester and January 15 for the spring semester.
6. Students enrolling in Physical Education Independent Study may initially be enrolled in a physical education class. The student is to continue to attend and participate in that class until the application forms have been approved and a transfer has been made.
7. Requests for Physical Education Independent Study must be pre-approved by the principal or designee.
8. Students' grade reporting forms are to be submitted to the high school site administrator by the deadline date. Students not meeting the deadline date will be assigned a "Fail" grade for that reporting period. A "Fail" grade in Physical Education Independent Study will preclude further approvals for Physical Education Independent Study.

(Tear off and return with application)

We have read, fully understand, and will abide by the rules and regulations for Physical Education Independent Study.
