2007-08 School Accountability Report Card Report (SARC)

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the [SARC](#) Web site. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

[DataQuest](#) is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school's goals and programs.

College Park Elementary School — located in the village of College Park — has an enrollment of approximately 775 students in grades K-6. Although the majority of students speak English, a large number of students come from a variety of ethnic backgrounds and speak many different languages. This international population, coupled with a number of students with special needs, creates a rich and diverse student body. At College Park, our diverse population is embraced, different cultural backgrounds are appreciated, and character development is encouraged. College Park students truly live and receive a global

education. This is reflected in our school theme "Passport to the World."

College Park's mission is to promote academic excellence, instill in students the technical skills necessary to succeed in the world of tomorrow, the power to think and express themselves clearly, and the values necessary to act well, appreciate life and contribute to society.

The College Park staff, parents, and surrounding community share a common vision. High quality classroom instruction, students who are motivated to learn, a warm and nurturing learning environment, and a supportive and encouraging parent community make College Park a wonderful place to learn and work. It is our goal that all students will leave College Park able to read, write, and compute at successful levels that will enable them to experience academic success at the next level and beyond. To ensure this success, the College Park staff is dedicated to the use of sound instructional practices and high quality instructional materials, including the integration of technology throughout the curriculum. Our instructional programs combine explicit skill instruction, such as phonics and mathematics skills, and instruction that is embedded within a meaningful context. Students have the ability to go beyond the "basics," through the use of technology, including Internet access, and a large inventory of instructional computer software, including a video-editing program, in all classrooms.

It is due to our common vision, highly skilled staff, "state of the art" instructional materials and equipment, and commitment to providing students with an environment that encourages respect, responsibility, and integrity that we move towards achieving our mission.

Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

College Park welcomes and values our volunteer parents. Without volunteers, many programs and activities offered at our school would not be possible. Our Student, Teacher, Parent Organization volunteers are involved through assisting our teachers and school staff to help enrich students' classroom experiences and provide other family and school related programs and special projects. The school and district continually seek business partnerships that can supplement school programs and provide curriculum-support and computer equipment through donations. School funding, parent volunteer, and the Irvine Public Schools Foundation donations are utilized to purchase additional curriculum support materials and programs.

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the [Standardized Testing and Reporting \(STAR\) Results](#) Web page.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the [API](#) Web page.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	10	9	10
Similar Schools	8	5	9

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the [AYP](#) Web page.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the [AYP](#) Web page.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The College Park School Site Council updates our school improvement plan annually, establishing goals for training and curriculum improvement that support school, district, and state goals. The School Site Council also approves the expenditure of School and Library Improvement Plan (SLIP) funds to support curriculum and staff development activities related to our school plan.

College Park Elementary School and the Irvine Unified School District are committed to continuous professional improvement. We continue to develop strategies and practices that differentiate instruction to better meet student needs through the Professional Learning Communities model. In addition to the two full days of staff development and six two hour staff development sessions, teacher training is provided monthly at staff meetings, through district sponsored training, and the attendance by individual teachers or groups of teachers at educational conferences provided outside the Irvine Unified School District.
