## I. Data and Access

### DataQuest

[DataQuest](#) is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2007-08)

This section provides information about the school's goals and programs.

In its ten-year existence, Canyon View School has experienced rapid growth and extended expansion. We began with 285 students and presently have an enrollment of 817 pupils. This K-6 elementary school serves the children of Northwood Point, a residential area in the northern-most part of Irvine. Many of the residents have moved to this community from other areas of the city, and there is a high percentage of parents in professional occupations. There is a strong interest among our parents to provide a neighborhood school that is a primary focus of community activity.

English speaking students make up the majority of the student population; however, a number of minority students represent a variety of ethnic backgrounds and speak many languages. Canyon View's second language population provides a rich source of cultural diversity.

Canyon View has been fortunate in gathering a very competent, dedicated staff that is committed to creating a caring, learning community and an educational program for the 21st century. With the partnership of our students and parents, we work to accomplish the primary mission of Canyon View, which is to "empower all students to succeed in a diverse and changing world." We are proud of our progress toward establishing an exemplary school with an outstanding educational program. Two overall indicators of our success are that Canyon View School was identified as a "California Distinguished School" both in 2002 as well as 2008 and recognized as a national "No Child Left Behind" Blue Ribbon School in 2004.

Thanks to all staff, students, parents and community, who have helped build of school of excellence with a record of high student performance!

### Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

A major factor in school success is the high degree of parent involvement in every aspect of school life. Hundreds of moms, dads, nannies, and other relatives volunteer in classrooms, participate in School Site Council and PTA activities, and enrich school life through service on nearly 40 special committees. The Canyon View parent community significantly augments school programs and services through fundraising. They provide richly enhanced curricular materials and programs, conduct legislative action activities and support the Irvine Public Schools Foundation.

Parent-school dialogue is encouraged through participation in parent leadership groups, program focus nights, community service activities, regular school newsletters, the school website, e-mail communications, parent conferences, individual student contracts and student organizer notes.

### School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

The School Safety Committee wrote a comprehensive Safe School Plan that was extensively updated in 2008, including clearly defined emergency procedures. This plan is updated on an annual basis. Staff members are trained in CPR and Medic First Aid, and the school regularly practices safe school procedures, including fire drills, duck and cover drills, unauthorized person/lock-down procedures, and full earthquake emergency response drills. The Canyon View PTA Safety Committee strongly supports the school's emergency preparedness program and assists in annually replenishing needed equipment and food and water supplies. The School/PTA Safety Committee addresses all safety considerations at school. We have organized the Canyon View Express Valet to assist the effective drop-off of students in the school parking lot and ensure the safety of pedestrians in and around our campus. Collaboration with the Irvine Police Department and the Irvine Traffic Department has facilitated a more safe and efficient traffic route to school. They have also helped numerous times to facilitate more effective and safe parking at and around Canyon View School. The most recent Maintenance and Operations School Site Inspection Report, indicated that Canyon View "was clear of any safety problems requiring site level correction," and that custodial services in all areas were "above normal."

### Facility Conditions and Planned Improvements (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Canyon View enjoys a state-of-the-art school facility to support its educational program. Completed in 2000, the school is the first in Irvine to include infrastructure to support technology-based teaching and learning. An Information Resource Center (IRC) serves as an electronic hub for the school, providing information access and communication throughout the building, community and world. The facility includes science, art and music specialist rooms, in addition to classrooms for special day use. The multi-purpose room functions as a large theatre, with a raised stage and advanced sound system that facilitate integration of the performing arts with other curricular areas. There is a safety alarm system that is supported by a modern, multi-option phone system. A lift provides access to the multi-purpose stage area for the handicapped. T-line connections and a LAN with a fiber optic spine ensure timely exchange of information. Five modular units adjacent to the permanent facility house ten additional classes. These units are fully air conditioned, offer full internet access to students and provide an attractive learning environment for our students.

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the [API](#) Web page.

### API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.
