

Irvine Unified School District
END-OF-THE-YEAR REPORT
Woodbridge High School

SCHOOL TARGETS FOR 2006-2007

- A. Create a support system for Woodbridge High School's at-risk, underperforming, and economically disadvantaged students.
- B. Establish both a comprehensive and systematic academic intervention program for all students.
- C. Design the Woodbridge High School's Master Facility Plan including new construction and school-wide modernization.

Response

- A. Underperforming students are experiencing needed support and accountability provided by Woodbridge High School Intervention Coordinator and Study Skills class.
- B. All students are enjoying daily intervention and support through the recently adopted Tutorial Program.
- C. Excellent progress has been made with the designs and timeline of the master facility plan. Construction will begin in July 2008.
