Parent Training on the Facilitated IEP Process

The training, provided by Key2Ed, will discuss how the facilitated IEP process uses strategies to reduce and eliminate conflict and how it ensures that the content and process of the meeting is focused on the needs of your child. Specifically, we will talk about strategies that will strengthen your understanding of the power of a collaborative, non-adversarial, and compliant IEP meeting process; stages of discussion during the IEP and the art of clarifying information.

The Community Advisory Committee (CAC) is a collaborative partnership comprised of parents of children with special needs, parents of general education students, educators, and community agencies working together to support activities on behalf of students with special needs. Led by Parent for Parents
