

IRVINE UNIFIED SCHOOL DISTRICT

ANNUAL PARENT/GUARDIAN/STUDENT NOTIFICATION 2018-2019

Dear Parent/Guardian:

California Education Code section 48980 requires that, at the beginning of the first semester or quarter of the regular school term, the governing board of each school district must notify parents/guardians of their rights or responsibilities under certain provisions of the Education Code. Other provisions of California and United States law also require notification of parents/guardians.

Education Code section 48982 requires acknowledgement of being informed which is performed by physically or electronically signing the parent acknowledgement notice as an acknowledgement that you have received the notice as part of the IUSD data confirmation process and have been informed of your rights, but the signature does not indicate that consent to participate in any particular program has been either given or withheld.

California and federal law requires certain other notices in the event that specific circumstances should arise, affecting your child's education and attendance at school. If any such circumstances should arise, the District will provide notice as required by law.

PUPIL RECORDS

RIGHTS OF PARENTS/GUARDIANS (EC §49063 et seq.):

- **Types of Pupil Records:** A pupil record is any item of information directly related to an identifiable pupil, other than directory information, which is maintained by the District or required to be maintained by a District employee in the performance of his/her duties, whether recorded by handwriting, print, tapes, film, microfilm or

other means. Pupil records include a pupil's health record.

- **Responsible Officials:** Your child's Principal is responsible for the maintenance of pupil records located at your child's school. For pupil records maintained at the District office, the responsible official is the Coordinator of Student Services.
- **Location of Log/Record:** The law requires that a log or record be maintained for each pupil's record which lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate interests therefore. For records maintained at your child's school, the log is located in the Principal's office. For records maintained at the District office, the log is located in the Student Services office or Special Education office.
- **School Officials and Employees/Legitimate Educational Interests:** School officials and employees who are authorized to review pupil records are school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, certificated employee, or support staff member (including, but not limited to, paraeducator, health or medical staff and school law enforcement personnel); a person serving on the school board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, educational consultant or therapist); an agency caseworker of a state or local child welfare agency that has legal responsibility for the care and protection of a pupil, other public agencies providing services to pupils, as well as employees of other public schools or school systems where educational programs leading to high school graduation are provided or where a District pupil intends to or is directed to enroll; a minor's counsel of record. Access to pupil records is permitted only for records that are relevant to the legitimate educational interests of the requester. Upon request, the District discloses educational records without consent to officials of another school district in which the pupil seeks or intends to enroll. Legitimate educational interests are described in California Education Code section 49076 and in District Board Policy 5125.
- **Right of Access and Review/Expungement:** You have an absolute right to access to any and all pupil records related to your child, which are maintained by the District. A homeless child or youth or an unaccompanied youth who is 14 years of age or older may access his/her pupil records. If you wish to review records located at your child's school, please contact the Principal's office, or submit a written request that identifies the record(s) you wish to inspect. If you wish to review records located at the District office, please contact the Coordinator of Student Services. The Principal or District office has five (5) business days from the day of the receipt of a request to provide access to the records. Upon satisfactory completion of the rehabilitation assignment of a pupil whose expulsion has been suspended by the District Governing Board, the Board may order the expungement of any or all records of the expulsion proceedings. If the Orange County Board of Education enters an order reversing the decision of the District Governing Board to expel a pupil, the County Board may direct the District Governing Board to expunge the record of the pupil and records of the District of any references to the expulsion action. When you submit a written revocation of consent after the initial provision of special education and related services for your child, the District is not required to amend the education records of your child to remove any reference to your child's receipt of special education and services.
- **Challenging the Content of Records:** You have the right to challenge the content of any pupil record by filing a written request with the District Superintendent to correct or remove any information recorded in the written records concerning your child which you allege to be any of the following: (1) inaccurate, (2) an unsubstantiated personal conclusion or inference, (3) a conclusion or inference outside the observer's area of competence, (4) not based on the personal observation of a named person with the time and place of the observation noted, (5) misleading, or (6) in violation of the privacy or other rights of the pupil.
- **Copying Costs:** You may receive copies of your child's pupil records, at a cost of .20 cents per page.

- **Prospectus of School Curriculum:** The curriculum for your child's school is compiled at least once annually in a prospectus which is available at the Principal's office.
- **Statement or Response to Disciplinary Actions:** Whenever information is included in a pupil record concerning any disciplinary action taken in connection with your child, you have the right to include a written statement or response concerning the disciplinary action in your child's pupil record.
- **Destruction of Pupil Records:** The Governing Board of the District is required to retain indefinitely the original or an exact copy of mandatory permanent pupil records (Class 1 - Permanent Records) which schools have been directed to compile by California regulations; maintain for stipulated periods of time mandatory interim pupil records (Class 2 - Optional Records) until the information is no longer needed to provide educational services to a child and are retained until reclassified as Class 3 – Disposable Records, and then destroyed as per California regulations (5 CCR 432). Prior to destroying pupil records of a child who has received special education services, the IDEA requires parental notification when the District decides that personally identifiable information is no longer needed to provide educational services to a child. Once parents/guardians have been notified that

personally identifiable information is no longer needed, they have the option of requesting access to and/or copies of pupil records prior to destruction, and to request that pupil records be destroyed, unless the District determines that the information could be needed to provide educational services in the future or is needed for auditing purposes (34 CFR 300.624, 5 CCR 16026). Unless classified as permanent records, all other pupil records are destroyed five years after the information is no longer needed to provide educational services (5 CCR 16027).

Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks; a playbill, showing your pupil's role in a drama production; Honor roll or other recognition lists; graduation programs and sports activity sheets. However, no information may be released to a private profit making entity other than employers, prospective employers and representatives of the news media, including, but not limited to, newspapers, magazines, and radio and television stations. The names and addresses of pupils enrolled in grade 12 or who have terminated enrollment prior to graduation may be provided to a private school or college. No directory information regarding your child may be released if you notify the District that the information shall not be released. Please submit a written notice to the Principal of your child's school if you wish to deny access to directory information concerning your child. Release of directory information of a homeless child or youth is prohibited unless a parent or eligible pupil has given written consent that such information may be released.

RELEASE OF INFORMATION TO MILITARY RECRUITERS (20 USC §7908): United States law requires school districts to provide, on a request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses and telephone listings. However, you have the right to request that your child's name, address, and telephone listing shall not be released without your prior written consent. Please submit a written notice to your child's school Principal if you wish to deny access to this information.

These services are available from the Orange County Public Health Department. In lieu of the certificate, you may submit a signed waiver indicating that you do not want or are unable to obtain the health screening and evaluation services for your child. If the waiver indicates that you were unable to obtain the services, then the reasons why should be included in the waiver.

REFUSAL TO CONSENT TO PHYSICAL EXAMINATION (EC §§49451, 48980): You may file a written statement with the Principal of your child's school, stating that you will not consent to a physical examination of your child. INSTRUCTION FOR PUPILS WITH TEMPORARY DISABILITIES (EC §§48206.3, 48980): If your child should suffer a temporary disability, verified by a written physician's note which makes attendance in regular day classes or an alternative education program in which the child is enrolled impossible or inadvisable, your child shall receive individual instruction provided by the district in which he/she is deemed to reside. Individual instruction includes instruction provided in your home, in a hospital or other residential health facility, excluding state hospitals, or under other circumstances prescribed by state law.

The systems do not monitor classrooms or other pupil and teaching support areas but concentrate on entry and exit areas and other areas of the school sites that are subject to damage, graffiti or the unauthorized entry of persons or groups.

We are working closely with local law enforcement agencies to assist us in managing these cameras and the video/feed images. All cameras are installed in easily seen locations and there are no "hidden" cameras. Only authorized law enforcement personnel have access to the feed/images. Such video feed/images are not contained in an individual pupil's educational record, and thus are not subject to a request for educational records unless such video/image is the sole basis upon which discipline is issued for that pupil.

Irvine Unified School District is committed to ensuring a transparent transition to the new law in order in close achievement gaps, increase equity, improve the quality of instruction, and increase outcomes for all students. The goal of ESSA and for Orange Unified School District is to:

- 1) ensure high standards so that children graduate high school ready for college and career;
- 2) maintain accountability by guaranteeing that when students fall behind, resources are applied toward school improvement, with a particular focus on the lowest-performing 5 percent of schools, high schools with high dropout rates, and schools where subgroups of students are struggling;
- 3) preserve annual assessments and reduce the often onerous burden of unnecessary and ineffective testing on students and teachers, making sure that standardized tests don’t crowd out teaching and learning, without sacrificing clear, annual information parents and educators need to make sure our children are learning; and
- 4) provide more children access to high-quality preschool, giving them the chance to get a strong start to their education.
