Discussion of Shared High School/s in North Irvine and East Tustin

David Brown and David Andrews provided background information on the discussions which have occurred, at the staff level, regarding the feasibility of a joint high school. Both expressed their excitement about the possibility of combining financial and human resources to create a unique educational experience -- a 21st century school.

Both Boards generated a list of questions to be explored prior to making a decision of whether or not to proceed with planning. Staff was directed to prepare a process and timeline for addressing questions within the next 90 to 120 days. Staff was further directed to confer with local legislators, legal counsel, The Irvine Company, Chamber of Commerce, and employee organizations to ascertain the level of interest for this concept. The list of questions raised is attached to and made a part of these minutes.

No action was taken.

ADJOURNMENT
