School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

As we come together from all over our school district, San Joaquin Schools (IUSD Virtual Academy) is a wonderful place for students to learn and grow. San Joaquin Schools (IUSD Virtual Academy) is a 100% online school grades TK - 12. We recognize the importance of supporting the social/emotional well being of our students. We want your students to know that they are valued, appreciated and the most important part of our school. Our school community values positive academic and social growth, believes in a rigorous well-rounded education, values diversity, and looks out for the best interest of children. In Irvine Unified School District, we promise to provide the highest quality educational experience we can envision. We evaluate our effects on student learning and achievement by focusing on evidence of student learning. IUSD educators acknowledge the importance of many different types of assessments, or multiple measures, as part of a balanced assessment system in determining our effect.

This is a time of great potential and promise for our students. At IUSD Virtual Academy we recognize that we have been given a huge responsibility. Our educational platform is designed to allow students to access a rigorous curriculum in a collaborative environment that meets the standards of our district as well as the unique needs of each student. The IUSD Virtual Academy promotes a shared responsibility of learning and recognizes the value of the role of our parents and staff in the success of our students.

Our vision is to empower students as lifelong learners, to acquire, demonstrate and value the knowledge and skills needed to participate in and contribute to the global world.

Our Mission: We are dedicated to helping students achieve their individual potential through academic and personal growth

School Facility Conditions and Planned Improvements

For the 20-21 School year, San Joaquin schools (IUSD Virtual Academy) is 100% online.

Our emphasis — to ensure a safe school environment for our students — includes the re-certification of our staff in disaster preparedness, such as search and rescue techniques, CPR/First Aid, and in-service activities related to school safety assessments, violence assessments, legal updates, gangs and gang identification, and aggressive involvement by all stakeholders in assuring a safe school environment. Apart from this, we have an annual district safety inspection.

Our continued success depends on close working relationships between district administrators and school faculty and staff, as well as the active participation of parents and community leaders. San Joaquin students and staff have an exceptionally excellent collaborative working relationship with the Irvine Police Department's School Resource Officers and investigators. Students take pride in these relationships and the ability to keep San Joaquin safe.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	70	N/A	74	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019-2020)

Students at each of the Irvine Unified School District’s high schools have opportunities to participate in CTE coursework that provides them with the skills to pursue careers in high demand industries in Southern California. Over 2,500 students enrolled in one or more CTE courses during 2015-2016. Course offerings in career pathways leading to post-secondary employment and college or university education programs are in; Horticulture, Digital, Visual and Media Arts, Production and Managerial Arts –Theater, Music Technology, and Video Production, Hospitality-Culinary Arts, Engineering Design, Information and Communication Technologies, Entrepreneurship, and Automotive Service-Repair and Maintenance. CTE courses are aligned with the CA CTE Model Curriculum Standards and the CA Career Readiness Standards. Most CTE courses are UC a-g approved college preparatory courses meeting course requirements for admission to the University of California and California State University campuses. The CTE program has expanded to the middle schools where Grades 7 and 8 students participate in career exploration with hands-on projects in engineering, robotics, digital media arts and video production. The CTE program includes a strong guidance-counseling component.

The district’s partnership with Coastline ROP (Regional Occupation Program) makes additional career exploratory courses available to students on our campuses and at other high school campuses through after school and summer courses. These opportunities include courses in the high demand healthcare careers and internships in a variety of industry sector courses. The district is exploring dual college/high school enrollment with an offering of a Biotechnology course in partnership with Irvine Valley College. The CTE program includes courses that articulate with regional community colleges establishing a pathway for students to continue their career education in an Associated Arts degree or certificate program at the community college.

The district is a member of regional consortiums including participating members in OC Pathways, CTEoc (CTE Orange County), and the Irvine Chamber of Commerce. Teachers from each career pathway network with business and industry representatives who serve as guest speakers, mentors, and advisors. Additional connections for students are made through virtual meetings and virtual job shadow opportunities with business representatives using innovative Nepris© and Virtual Job Shadow© applications.

Data from the Irvine Chamber of Commerce and the Orange County Workforce Development Board indicates robust job growth in the district's career pathways related to industry clusters in life sciences, information technology, aerospace[engineering], advanced manufacturing [engineering design] digital arts and media, and hospitality and tourism. High growth companies in Irvine include Medical Device Makers (engineering and biotechnology), Computer product companies (Information and Communication Technologies), and business services (Entrepreneurship).

The 2016-2017 U.S. Bureau of Labor Statistics Occupational Handbook projects a ten-year growth in employment in healthcare, computer and mathematical careers, architecture and engineering occupations. Orange County Business Council's Workforce Indicators Report 2015- 2016 shows that strong regional industry clusters are supported with the district's CTE program and are an engine for economic growth and development in Southern California; Professional and Business Services (Entrepreneurship, Horticulture/Landscape Design), Healthcare (ROP Health career courses), and Tourism (Culinary Arts and Production Managerial Arts). The clustering in the region of several high-value industries represent key drivers of the Orange County economy, providing high-skill, high-wage occupations, such as Advanced Electronics (Engineering), Biotechnology, Information Technology (Information and Communication Technologies), Advanced Manufacturing, Medical Device, and Healthcare.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

At San Joaquin Schools (IUSD Virtual Academy) there are many opportunities for parent involvement. We have parent/teacher conferences, daily teacher office hours, parent education virtual nights, and back to school night. Additionally, parents can participate in PTA at their home site and other activities at their home school site.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Graduation Rate	81.8	81.8	--	94.7	95.7	95.6	82.7	83	84.5

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0	277	
Expulsions	0	5	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

For the 20-21 School year, San Joaquin schools (IUSD Virtual Academy) is 100% online.

Our emphasis — to ensure a safe school environment for our students — includes the re-certification of our staff in disaster preparedness, such as search and rescue techniques, CPR/First Aid, and in-service activities related to school safety assessments, violence assessments, legal updates, gangs and gang identification, and aggressive involvement by all stakeholders in assuring a safe school environment. Apart from this, we have an annual district safety inspection.

Our continued success depends on close working relationships between district administrators and school faculty and staff, as well as the active participation of parents and community leaders. San Joaquin students and staff have an exceptionally excellent collaborative working relationship with the Irvine Police Department’s School Resource Officers and investigators. Students take pride in these relationships and the ability to keep San Joaquin safe.

Types of Services Funded (Fiscal Year 2019-2020)

The Local Control Funding Formula has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the new model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	15	15	10

High quality staff development, like quality teaching, is learning-based, activity driven, focused on instructional improvement and is an on-going process of professional renewal. San Joaquin's (IUSD Virtual Academy) continuous improvement efforts enable professional staff to reexamine their assumptions about teaching and learning. Staff development activities include significant time to develop personalized responses to instructional improvement with both appropriate collegial and expert assistance networking. High quality staff development challenges professional staff to make learning dynamic, intellectually stimulating, and connected to thinking which goes beyond the classroom walls. Effective staff development creates a learning community among professional staff that strengthens the individual teacher and the bond among teachers. Tailored staff development activities are essential for maintaining and improving quality education.

District-wide general staff development activities this year focused on teaching in a virtual environment.

This year the San Joaquin Schools (IUSD Virtual Academy) staff development emphasis was on activities tailored to the needs of the school. Here is a partial listing of staff development activities:

- Teaching using CANVAS
- Teaching in a virtual environment
- Strategies for student engagement in a virtual environment
- Nearpod, Pear Deck, Seesaw, ST Math, Lexia, Raz Kids, iReady, Flipgrid, Screencastify, Zoom
- Classroom management strategies for virtual teaching
- Socio-Emotional Learning
- Primary Literacy

Pursuant to new state guidelines a total of three days per year are allocated for targeted staff development activities as well as an additional 6 hours of professional learning were provided in one hour increments over 6 days.
