FLEXIBLE SPENDING ACCOUNTS

A Flexible Spending Account (FSA) is a benefit that Irvine Unified School District provides along with Discovery Benefits that allows employees to pay for certain IRS approved healthcare and dependent daycare expenses with *pre-tax* money. This program is also referred to as the Section 125 Plan.

A Flexible Spending Account (FSA) is advantageous if personal expenses can be identified as an eligible tax deferment under the IRS Section 125 Code. Employees enrolled in this program will not pay any Federal, Social Security, and in most cases state or local taxes on the funds allocated into this plan. The amount of individual savings will be dependent on federal, state and local tax brackets of the employee.

Only employees eligible to receive District benefits can participate in a FSA plan. If consideration is made to enroll in this program, it is recommended that a tax accountant and/or financial planner be consulted prior to doing so.

Employees participating in the FSA program will be charged a \$4.90/monthly (tenths) administration fee. This fee is automatically deducted from the employee's paycheck.

HOW THE PLANS WORK:

Both the Health Care Account and Dependent Care Account work like a personal expense account. A portion of the employee's salary based on maximum annual deferral limits is set aside before taxes. The money is used to pay certain childcare, medical, dental or vision expenses not covered by insurance, including out-of-pocket prescription drugs and many prescribed over-the-counter medicines. Health Benefit premiums/contributions are *not* eligible for reimbursement with the Health Care Account.

Payroll Deductions are made in equal amounts totaling the annual deferment amount on a **tenthly payroll cycle on a pre-tax basis**. (Please note there are limits on the amounts that can be deferred).

12 MONTH ANNUAL DEFERRAL LIMITS:

JANUARY 1, 2021 – DECEMBER 31, 2021

Health Care Account (Out of Pocket)	
Maximum	\$2,750
Dependent Care Account (Daycare)	
Maximum	\$5,000
Maximum (if tax filing separately)	\$2,500

With careful planning, a FSA can significantly reduce personal taxes thereby *increasing* take-home pay.

THE REIMBURSEMENT PROCESS:

Healthcare accounts are prefunded and the enrolled employee is eligible to receive reimbursement up to the elected annual contribution from the start of the plan year. (The funds that are reimbursed will be recovered as deductions continue to be taken from each paycheck throughout the plan year.)

Dependent Care accounts **are not** pre-funded so enrolled employees will only receive reimbursement up to the year-to-date contributions made from their payroll deductions.

An enrolled employee may pay with their prepaid Discovery Benefits debit card at the time the expense is incurred or pay the provider out-of-pocket and submit a manual claim reimbursement form by U.S. Mail, online, via email or through Discovery Benefits' toll-free facsimile telephone number to receive a reimbursement.

FSA REIMBURSEMENT RULES:

To obtain reimbursement through the FSA plan(s), a manual claim reimbursement form must be completed with *all* itemized receipts from the service provider attached. Cancelled checks, bankcard/credit card receipts and credit card statement are **not** acceptable forms of documentation.

The receipt must come from a third party and include the following information:

Health Care Account

- For whom service was incurred
- Date of the service
- Description of service or item purchased
- Name of provider or merchant
- Amount of service (after insurance, if applicable)
- Prescription drug name or number

Dependent Care Account

- Date(s) of the service
- Amount of service
- Name of child care provider

The employee is responsible for paying charges incurred by the provider, *unless* the prepaid Discovery Benefits debit card is used.

IMPORTANT:

Always save receipts, regardless of the method of payment.

If verification has not been received by Discovery Benefits and processed within 72 days after the debit card transaction, the debit card will be deactivated and placed in a temporary hold status.

Employees are required to pay back the plan account if the expenses do not meet IRS guidelines.

FSA CLAIM FILING DEADLINES

Expenses must be incurred during the plan year. Claims for medical and/or dependent care reimbursements *must* be submitted no later than 180 days *after* the plan year ends.

12 MONTH PLAN YEAR

JANUARY 1, 2021 – DECEMBER 31, 2021

LAST DATE TO FILE: JUNE 28, 2022

IMPORTANT: Plan participants may rollover unused funds into the subsequent plan year (\$50 minimum up to a \$550 maximum).

OTHER IMPORTANT GUIDELINES:

- IRS regulations do not allow money to be transferred from Health Care FSAs to Dependent Care FSAs or vice versa.
- Reimbursement for these types of expenditures cannot come from any other source.

For additional information please contact *Discovery Benefits* at: 866-451-3399 or <https://intranet.iusd.org/health-benefits>

COBRA - CONTINUATION OF COVERAGE

Employees and their families will be afforded the opportunity for a temporary extension of health benefit coverage when they are no longer eligible to receive benefits. The Consolidated Omnibus Budget Reconciliation Act (COBRA) requires group plans to offer the option to continue the same health benefits coverage that the employee and/or dependents received while eligible and at their own expense. For current rates, please visit the Risk Management/Insurance Department website at:

<https://intranet.iusd.org/health-benefits>

If the extension of coverage is not elected under COBRA, the employee's coverage will terminate on the appropriate end date. Generally, coverage will terminate at the end of the month following loss of eligibility.

Employees may elect to continue coverage for themselves and/or their covered dependents at their own expense for up to eighteen (18) months if coverage ends due to either:

- A reduction in the number of hours worked
- Termination of employment

The spouse of a benefited employee has the right to continue coverage for up to thirty-six (36) months if coverage would or will end due to either:

- Divorce or legal separation
- Death of spouse

In the case of a dependent child of an eligible employee, he or she has the right to continue coverage up to thirty-six (36) months if coverage ends due to:

- Dependent ceases to be eligible to receive benefits under the plan,
- Parent's divorce or legal separation,
- Death of a parent

COBRA extension of coverage cannot exceed a total amount of up to 36 months. Premium payments must be paid retroactively for the period between the termination date and the date the extended coverage is elected not to exceed 45 days from the date the coverage was lost. Subsequent monthly premiums are due on or before the first of the month. If the premium is not received within 30 days of the due date, the coverage will be terminated as of the due date.

Administration of COBRA payments will be processed through Discovery Benefits. Please visit their website, www.DiscoveryBenefits.com for more information.

MARKETPLACE COVERAGE - AN ALTERNATIVE TO COBRA

Beginning January 1, 2014, it became federal law for individuals to have minimum essential health coverage or be subject to penalty.

The Marketplace is intended to help individuals meet the requirement for medical coverage by providing another place to purchase the coverage. By law, coverage cannot be denied or dropped due to a pre-existing condition or if a person should become sick. Many policies now provide preventative services, such as immunizations and mammography and many other cancer screenings, with no out of pocket costs. Financial assistance may also be available.

The Marketplace can help evaluate coverage options, including eligibility for coverage and its cost. Please visit: www.healthcare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace.

RETIREE ELIGIBILITY

Retirees are eligible for District paid medical, dental, and vision benefits, until age 65, when certain requirements are satisfied. Retirement is a separation from employment. Therefore, the District will offer at the time of retirement the choice between District-paid benefits or one-time offer of COBRA benefits.

Certificated Employees: Eligible when retired after reaching age 55, provided employee served a minimum of fifteen (15) full time or equivalent years (last five (5) years to be consecutive) in the District and ITA bargaining unit prior to retirement (refer to ITA contract).

RETIREE CONTRIBUTIONS

Effective January 1, 2021, the Benefits Management Board established retiree premium contributions for individuals and their dependents. Each plan year, the District will publish new premium contribution rates. These published rates and other medical plan related information will be disseminated to retirees via letter and/or by other electronic means. It is the responsibility of each retiree to ensure that their current mailing address, contact phone number, and personal e-mail address is on file with the District. Providing this information to the District will ensure timely notifications about your medical, dental, and/or vision plans.

Failure to pay medical, dental, and/or vision premium contributions after 90 days will result in the termination of applicable benefits.
