## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

The 42-acre campus sits in Irvine, CA adjacent to the Great Park. Opening in 2016-17, Portola now has grown to a 9-12 student population of about 2400 student learners. Before beginning in the Fall of 2021, learners were given the opportunity to participate in either a fully virtual learning program for the entire year, or to remain enrolled in full time in person program on campus. Some students selected a blended model which mixed the two options. A districtwide bell schedule enabled students to participate in that model.. About 80 PHS learners chose the complete virtual learning learning model (Irvine Virtual Academy), while the remainder chose to attend Portola in person on a daily basis.

Portola High School is the fifth comprehensive high school in Irvine Unified School District and offers a complete complement of programs and opportunities for learners. These opportunities include a rigorous and relevant curriculum, a visual and performing arts program, an athletics program with a complete offering of freshman JV and Varsity level teams, and a robust activities program. These programs have adjusted how students can participate base on guidelines put in place in cooperation with Irvine Unified School District, Orange County Health Department, and California Interscholastic Federation.

The vision is that Portola High School will be a place where every learner belongs, contributes, and thrives. The word “learner” was intentionally chosen to include not only students but adults, as well. In this rapidly changing world, we all need to be continually growing, taking risks, and experimenting with new knowledge and skills. From the vision, came the mission and our Bulldog PRIDE (Perseverance, Respect, Integrity, Drive, Empathy) motto which describes the characteristics desire of each student to demonstrate on a daily basis.

The core of the PHS work are the Learning Outcomes. Teacher efforts each day are driven by a commitment to help each learner become Capable, Creators, Communicators, and Contributors. Each of these Learning Outcomes (L.O.'s) is defined by a set of 21st Century skills that are specifically addressed across the curriculum and through our advisement program. With a focus on cross-curricular experiences, each student will create an annual portfolio based on a reflection of their year through the lens of a specific theme such as identity, change, perspective or purpose.

The Portola High School Bell Schedule is unique in that it is a mixture of an eight- period, alternating block schedule with one day per week in which all periods meet for an abbreviated time. Within the bell schedule, there is designated time for teacher collaboration (professional development and staff meetings included), Office Hours (a time for students to receive extra support two times per week), and Advisement (a time for each teacher to meet with 25 students twice a week in a non-academic yet

## 2021-22 School Overview

structured setting). The schedule has been purposefully designed to give students flexibility and options in selecting their courses, as well as fewer classes each school night to focus on for study. Many of the aspects of this particular schedule have been temporarily modified in order to develop a district wide high school bell schedule that follows the guidelines of the cohort model as well as meets the needs of learners as much as possible.

When Portola High School students are in their fourth year, they participate in a “Senior Passion Project.” Course design across disciplines will support the students throughout a four-year process, from grade nine to grade twelve, so that, by the time they enter their senior year, they are ready to address one problem or issue of personal interest and relevance, to research a possible approach or solution, and to create a product or model which they will present to a panel of experts from the community—whether academic, artistic or entrepreneurial.

## About this School

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

Portola High School was designed in partnership with HMC architects, and the planning process involved numerous stakeholders over the course of thirty months. The result is a state-of-the-art 21st Century facility complete with a Performing Arts Complex and centered around a 700 seat theater, an Aquatics complex including an Olympic-sized pool, a three full-court sized indoor gym, a 3500 seat athletic stadium, a student union, and a Learning Commons. The school also contains several dedicated student and teacher collaboration meeting rooms. Finally, a fully equipped innovation lab (also known as a “Maker Space”) is located off the Student Union near a Design Room which will be used for a variety of purposes but which will most importantly provide a space for our learners to create and develop their Senior Passion Projects.

Technologically, Portola High School boasts a WIFI system capable of up to five devices per person at full capacity. As we move closer to a paperless system, our learners and instructors will use the latest software to manage and facilitate learning. Furniture is flexible and nestable throughout the campus, allowing each space to convert readily from one learner-centered arrangement to another.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 Career Technical Education Programs

Students at Portola High School have opportunities to participate in Career and Technical Education (CTE) coursework that provides them with the skills to pursue careers in high demand industries in Southern California. The career industry sectors leading to post-secondary employment and college or university education programs are the following:

- Design, Visual and Media Arts (Graphic Design, Visual, and Commercial Art)
- Engineering Design
- Production and Managerial Arts (Stage Technology, Film and Video Production)
- Software and Systems Development (Systems Programming)
- Patient Care

CTE courses are aligned with the CA CTE Model Curriculum Standards and the CA Career Readiness Standards. The CTE program is integrated with the academic program and satisfy high school graduation requirements. CTE courses are UC a-g approved college preparatory courses meeting course requirements for admission to the University of California and California State University campuses. The CTE program has a strong guidance-counseling component where students participate in career exploration through individual student-counselor meetings and group guidance lessons that include career interest surveys and preparing for college and career.

The district's partnership with Coastline ROP (Regional Occupation Program) makes additional career exploratory courses available in all industry sectors. The CTE program includes courses that articulate with regional community colleges and many culminate in industry-recognized certifications.

The district is a member of regional consortiums including participating members in OC Pathways, Vital Link-CTEoc (CTE Orange County), the Irvine Chamber of Commerce, Orange County Business Council. Teachers participate in professional development and network with business and industry representatives who serve as guest speakers, mentors, and advisors. Members of the business community participate in the career and technical education advisory committee.

## 2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	440
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	24
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	38.5

## Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

UC/CSU Course Measure	Percent
2020-2021 Pupils Enrolled in Courses Required for UC/CSU Admission	96.62
2019-2020 Graduates Who Completed All Courses Required for UC/CSU Admission	76.81

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Opportunities for parents to get involved are varied and are often times solicited through PTSA and Weekly School Newsletters. Parents are encouraged to communicate with both the PTSA and the school to find ways to get involved that best fit their availability and interest. Examples include:

- School Site Council Representatives
- WASC committees
- PTSA Board and Committees (meets the third Wednesday of each month)
- Parent Advisory Committees
- Passion Day presenter or volunteer
- Career lunch speaker
- Passion Project Mentor
- School Volunteers
- Parent Booster organizations for athletics and performing arts
- Parents may access the Parent Portal for information about their students
- Parents may access the University High School web page for academic and activities information
- Teachers and staff are always available to answer questions and provide clarification.

## C. Engagement

### State Priority: Pupil Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.07	0.00	0.03	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Portola High School has developed a comprehensive School Safety Plan. Our plan is evaluated yearly and amended, as needed by the school site council or school safety planning committee. Key elements of the plan include:

- Assessing the current status of school crime committed on the school campus and at school-related functions,
- Child Abuse Reporting Procedures,
- Disaster Procedures-Routine and Emergency,
- Policies for Suspension, Expulsion and Mandatory Expulsion,
- Procedures for Notification of Staff Regarding Dangerous Students,
- Policies on Sexual Harassment,
- Policy Relating to School Dress Code (especially gang-related apparel),
- Procedures for Safe Ingress and Egress of Pupils, Parents, and School Employees To and From School,
- Procedures that Create a Safe and Orderly Environment Conducive to Learning at School,
- Rules and Procedures on School Discipline.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	27	10	33	12
Mathematics	27	12	27	13

Percent Difference - School Site and State	N/A	N/A	-29.4	-5.8

## 2020-21 Types of Services Funded

The Local Control Funding Formula (LCFF) has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the LCFF model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

## Professional Development

During the inaugural 2018-19 school year, Portola High School began work on its WASC self study. This 18 month process led to a Feb, 2020 visit which culminated in a robust Action Plan recognized by the WASC visiting team leading to six year accreditation. The action plan lists two over arching goals: To Establish Schoolwide Systems and Strategies Whereby All Students Have the Support They Need to Belong, Contribute, and Thrive.; To Examine and Implement New and Evolving Educational Practices that Support Student Academic Growth.

Our Professional Learning Community work revolves around the driving questions of What do we want all students to know; How will we know they know it, and What do we do for those that don't? The foundational Learning Outcomes include All Students will be: Capable; Creators; Communicators; and Contributors.

Additionally, much time and effort is being given to developing a sound transition focus for students to assure the acquisition of skills required to enter the work force and/or attend higher education. Students, parents and advisement teachers meet twice a year to review educational progress and plan the student's program for the future.

All PD is determined by the site Leadership Team (comprised of Administrators, Department Chairs, and program leads). Decisions are based on learner needs as determined by both formative and summative assessment data. Further, technology integration as well as an Interdisciplinary approach to content delivery are both specific targets of our dedicated staff wide trainings.

All PD is delivered by staff for staff in the form of hour long workshops, menu driven time blocks, or full day release periods. Teachers are supported through their PLC lead teacher coach, department chairs, their curricular team, district TOSAs, and their administrators.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

# Local Accountability Report Card (LARC) Addendum

## 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
