2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The Santiago Hills Mission Statement reads: Santiago Hills Elementary School is committed to all students reaching their highest potential by establishing a curriculum that meets or exceeds government standards for education; providing programs that develop children's mental, physical and social skills; fully equipping students with essential technology for 21st century challenges; supporting the work of teachers; and partnering with parents and the community to create an environment geared to the success of all students.

Santiago Hills serves a diverse student population, with students from transitional kindergarten through 6th grade in general education, special education, and Alternative Program for Academically Advanced Students (APAAS) programs. The focus of Santiago Hills Elementary School's 2021-2022 site goals is to create a base for future growth and continued achievement. Santiago Hills Elementary students, including English learners, are excelling academically when compared to state, county, and district achievement. However, we recognize that we need to prioritize goals that focus on meeting the needs of students needing mental health supports and chronic absenteeism. Our School Plan for Student Achievement (SPSA) proposes two goals. The first SPSA goal is to improve awareness, support, and resources related to social emotional learning and related behaviors to all students. Goal two is decrease the rate of chronic absenteeism by improving communication with families about school and district policies and provide information about the detrimental effects of chronic absenteeism.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Our school district works to stay abreast of changing needs by providing a safe, functional, and attractive environment. During the summer of 2009, the school was thoroughly modernized. New restroom facilities replaced all existing restrooms, the campus has been updated to meet ADA codes, classrooms and work areas have all been updated and the district, site and PTA have worked to upgrade furniture and materials. In spring of 2013, Santiago Hills updated the play structure. In September of 2013, a new shade structure was added to the playground area to allow students more shaded areas to eat snack and finish lunch. In the summer of 2017, Santiago Hills was renovated to reconfigure the interior pods to include collaborative spaces for students, classroom doors, offices, and a new work room. The collaborative spaces allow for additional flexible instructional areas for students to work in small groups and on projects. Each of the three collaborative spaces was furnished with mobile tables, chairs, and bookshelves to provide versatile spaces that meet students' needs. Interior classroom doors were added to improve student safety. New offices and a staff workroom were built to replace existing spaces that were repurposed for the collaborative space. In the summer of 2017, the exterior of the school received a new coat of paint, brightening our campus with a clean, fresh appearance. In fall 2018, outdoor tables were installed near the portable classrooms to allow for additional workspace for upper grade student projects and collaboration. In addition, a shed for our Parent Teacher Association was added to accommodate storage needs. In 2020, an additional outdoor shade structure and additional tables were added near the portables to enhance the outdoor collaborative work space. Handicap parking spaces were also renovated in compliance with current guidelines. In 2021, planning has begun to complete new additions and updates to existing MPR, music rooms, and nutrition services as part of Irvine's Measure E bond. Construction completion is anticipated in summer of 2022.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

We appreciate the support and efforts of our parent volunteers. Parent volunteers help us to provide the best possible experience for all Santiago Hills students.

- **Classroom Assistance:** Classroom teachers will recruit parent help at the beginning of the school year. We have resumed parent volunteers following our district guidelines. If you are interested in serving in this way, please contact your child's teacher.
- **School Site Council:** This group is composed of staff and parent members whose responsibility it is to plan, monitor, and evaluate our School Improvement Plan. Parent members are selected via electronic ballot in the fall. Meetings and the agenda are listed in the front office.
- **Parent-Teacher Association (PTA):** This volunteer group is composed of all parents who wish to join. The PTA elected and appointed representatives' goal is to support the programs here at Santiago Hills and the overall educational system. A variety of programs and activities are scheduled throughout the year and coordinated by the PTA Board, which is elected in the spring of each year. All parents are encouraged to attend General Association meetings. Exact dates and times of all meetings, along with additional information is available online at <http://santiagohillspta.org>.
- **English Language Advisory Committee (ELAC):** The English Language Advisory Committee is composed of parents of English Language Learners who meet to review our instructional support of children who are learning English.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Santiago Hills staff continues to review and train staff on our newly revised Comprehensive School Safety Plan. The plan is reviewed with staff and our parent community annually and submitted to the district office. To view the Comprehensive Safety Plan, contact the school office. Monthly emergency drills are planned and implemented, including lockdown, fire drills, and full disaster drills. All staff are assigned and trained as part of an emergency team including first aid, search and rescue, and various other teams. Emergency radios that allow schools to communicate with one another, the district office, and law enforcement are used for drills. The staff is continually updating supplies, plans, and training to be fully equipped and ready in the event of any emergency.

2020-21 Types of Services Funded

The Local Control Funding Formula (LCFF) has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the LCFF model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development

Staff Development is provided in after school meetings, professional learning release days, Professional Learning Community (PLC) meetings, and individual mentoring. Implementation is supported through coaching, teacher-principal meetings, grade level PLCs, and data analysis. Our Staff Development opportunities for all staff in 2021-2022 include work on the following:

- Social Emotional Learning
- Student and Staff Well-being
- Social Justice
- Emergency Preparedness
- Professional Learning Communities

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
