2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

At Stone Creek Elementary School we strive to become contributing members of society empowered with the academic knowledge, social skills, and core values necessary to meet the challenges of a changing world.

Located in the village of Woodbridge, in the city of Irvine, Stone Creek is a neighborhood school with an enrollment of 480 students in grades kindergarten through six. Stone Creek's educational program features a strong academic focus in a structured and supportive setting. We provide a safe and nurturing school environment where all students are challenged to reach their maximum potential. Parents and staff work in partnership to ensure that every child is successful. Our offerings this year have included GATE clusters in classrooms, special education support, Early Intervention Reading Model support for grades K-1, a thriving media center with hands-on STEAM activities, after-school supplemental math instruction, instructional support for our English Language Learners, and regular education classes. We are also fortunate to have a number of students representing a variety of ethnic backgrounds and languages, which adds to the rich diversity of our school.

Each of our teachers participates in a variety of professional learning activities designed to enhance their professional skills. Our curriculum specialists provide enrichment in art, music, and science, and our support staff provides assistance and reinforcement of essential skills. At Stone Creek, we are fortunate to offer a 1:1 device to each which enables our students access highly engaging learning opportunities while gaining the technical skills necessary for their future.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Stone Creek Elementary school opened in 1978 and completely modernized during the summer of 2009. Our facility includes fifteen modified self-contained classrooms within the main building and seven relocatable classrooms to serve our student population. Stone Creek includes a library/media center, which houses books, iPads, chromebooks and computers. A separate multipurpose room is the setting for assemblies, programs, and music instruction. In 2018 our school facilities received upgrades to our former computer lab and library space, creating a more open library space that connects to a newly designed innovation lab. This project also included the addition of a design lab used for science purposes to our campus. In addition, classrooms inside the building were upgraded with doors to increase safety by having lockable doors and reduce the noise level in all inside classrooms. All classrooms are connected to the internet, and LCD projectors have been installed in each classroom.

We continue to focus on providing a safe environment for our students and have worked with the Irvine Police Department and our parent community to develop a drop off and pick up system that keeps traffic flowing more effectively in a parking lot that was never designed for the current level of use.

Supported by Maintenance and Operations staff and Grounds staff, our custodial staff is dedicated to keeping our building and grounds clean and safe for all students and staff. Our playground and blacktop areas are well-maintained and playground equipment was recently upgraded on the main play area and the kindergarten area. In 2021, Stone Creek was also given new 28 new lunch tables to upgrade our lunch area and kindergarten playground. We continue to work towards improving our facilities and will install new bike racks adjacent to our school parking lot in the spring of this year to create more secure and lockable bike spaces.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Stone Creek Elementary School is a neighborhood school in a community that places a high value on education and the importance of the home and school partnership. Parent participation is valued and there are numerous opportunities for parent volunteers at Stone Creek. Our parent engagement opportunities include, participating in School Site Council and PTA activities, assisting with fundraising, political action, community service, and a wide range of committees which are so vital to providing a successful learning environment for all students. Parents also have the opportunity to participate in the District English Language Advisory Committee, School Site Council, the GATE Community Advisory Committee, and the Special Education Advisory Committee.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.03	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Stone Creek School has developed a Comprehensive Safe School Plan. Our plan is evaluated and amended, as needed by the School Site Council, Risk Management at District level, and/or staff. Key elements of the plan include: 1a) Safety goals and objectives, 1b) Assessing the current status of school crime committed on the school campus and at school-related functions, 2a) Child Abuse Reporting procedures, 2b) Disaster procedures – routine and emergency, 2c) Disaster teams and their roles, 2d) Policies for suspension, expulsion and mandatory expulsion, 2e) Procedures for Notification of staff regarding at-risk students, 2f) Policies on sexual harassment, 2g) Policy related to school dress code, especially gang-related apparel), 2h) Procedures for safe ingress and egress of pupils, parents, and school employees to and from school, 2i) Procedures that create a safe and orderly environment conducive to learning at school, 2j) Rules and procedures on school discipline.

In addition, monthly fire drills are conducted at Stone Creek. Two lockdown drills as well as two disaster drills are held annually. Emergency supplies are stored in classrooms and strategic locations throughout the school.

2020-21 Types of Services Funded

The Local Control Funding Formula (LCFF) has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the LCFF model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development

Each year our district and school offer Professional Growth opportunities for all staff. The focus of the staff development is around the implementation of new curriculum and/or materials, enhancing effective teaching strategies, and district and school-wide continuous improvement efforts. This year, Stone Creek is focusing on the effective use of targeted instruction in reading and math, implementation of IUSD's newly adopted social justice standards, and building resources to support students' emotional and behavioral needs. Our PBIS and MTSS teams are gaining a firmer grasp of Tier I systems, as we progress to Tier II through training with Guidance Resources at district level.

Staff members attend two 6-hour Professional Development days and six 2-hr Professional Development meetings. The after school 2-hour PD trainings will focus on implementing best practices for social justice, targeted instruction for enhancing math and reading instruction, and continued efforts in building social-emotional supports for our classrooms.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
