2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Our mission is to enable students to become contributing members of society empowered with the skills, knowledge and values necessary to meet the challenges of a changing world, by providing the highest quality educational experience we can envision.

Westpark School opened its doors in July, 1991. Our first enrollment included 341 students in grades K-5. Currently, we maintain an enrollment of 881 students in grades TK-6. Westpark is one of four elementary schools in Irvine that operate with a year-round calendar. In addition to serving neighborhood children, we offer the year-round calendar as an alternative to other families in Irvine who choose this schedule.

Westpark was recognized as a California Distinguished School during the 2013-2014 school year.

In every academic setting we provide a learning environment that emphasizes individual initiative and creativity as well as group cooperation and communication skills. Our offerings include the Alternative Program for Academically Accelerated Students (APAAS) classes, GATE clusters in classrooms, Specialized Academic Instruction support, Speech and Language support, New Comers Cluster Class in grade K and 1 with SDAIE and EL instructional support for our English Learners, Early Intervention Reading Model for emerging readers, and Response to Instruction (RTI) for all students in reading, and regular education classes. Intervention programs are designed and implemented to offer academic skills and support through supplemental funding. The programs are designed with input from the teachers based on their assessments and teacher recommendation. Progress monitoring of student progress allows for flexible support. In addition to general education classrooms, we serve Special Education students collaborative classroom settings and also three upper-grade classrooms for academically talented students (APAAS). Our student population includes students from homes where more than 30 languages other than English are spoken. Our staff carefully monitors each child and celebrates each child's successes and uniqueness at our regular grade level assemblies. We are a PBIS, Positive Behavior Intervention and Supports school and provide all students the social and emotional supports along with the academic supports while emphasizing our school values of Accountability, Integrity, and Respect.

During the 2018-2019 school year the facilities at Westpark was under construction for modernization and to bring the school to the education specs determined by IUSD. The project added collaboration spaces, an innovation lab, design lab, and new kitchen building.

2021-22 School Overview

During the 2021-2022 school year, Westpark has been proud to welcome back in person instruction for a majority of our population and are refocused on social emotional learning, trauma informed instruction, restorative practices, and positive behavior practices through PBIS.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Westpark is in its 30th year of being a wonderful home for education to Irvine students. Working and learning in an attractive, well-maintained facility is a top priority at Westpark. Westpark has a technology lab, with mobile devices and flexible furniture. There LCD projectors in each classroom, document cameras in all classrooms, and voice enhancement systems. A fully equipped multipurpose room, with a state-of-the art sound and lighting system, is at the center of our school. Westpark has a 2 to 1 mobile devices in the upper grades and a ratio of 4 to 1 in the primary grades. Our large state of the art Multi-Purpose Room lends itself nicely to many assemblies and performances. Our Media Center houses the school library and main technology lab, with additional devices. The library offers weekly formal instruction to students, and is available throughout the day for students to conduct research and project development. Upper grade science is taught in a lab setting by the school science specialist. The campus is maintained weekly by IUSD Grounds staff. All restrooms are open for student use throughout the day and are maintained daily by our on-site custodians. The staff at Westpark takes great pride in keeping a safe and clean learning environment for students, staff and parents.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Westpark School is embedded in a community that believes that education is a partnership between the home and the school. The PTA, the School Site Council, the volunteers, and support from the business community are integral to the ongoing success of our students. PTA provides enrichment opportunities through assemblies, after school enrichment classes, financial support for programs, and financial support for every classroom. The School Site Council participates in the monitoring of our educational plan and the expenditure of funds to enrich our curricular foci. The volunteers contribute hours to the classroom through tutorial, library, computer lab and clerical support. The business community is also involved by supplying our school with resources to purchase equipment and other supplies and assemblies to enrich the entire school. Our parents are actively involved at our school in a variety of ways. Parents are encouraged to contribute to the multicultural community at Westpark through community events and educational opportunities as well as we feel that this is a critical piece of our Positive Behavior Intervention and Supports model. The PTA also encourages and supports the arts and Science Technology Engineering and Math (STEM) through support of the music program and coordination of student performances twice a year and STEM lessons through Brainstorm.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.03	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2020-21 Types of Services Funded

The Local Control Funding Formula (LCFF) has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the LCFF model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development

Westpark School and the Irvine Unified School District are committed to continuous professional improvement. The District and site have three staff development days. Teachers participate in an additional 12 hours of training throughout the year after school. Staff development opportunities are also offered in the afternoon and evening for teachers. The 2019-2022 goals are to increase social and emotional learning supports, innovative teaching, and to continue our work on data and assessment, specifically grading practices, enrichment, and student ownership of learning. At Westpark we will provide an appropriately challenging curriculum for all students that fosters higher order thinking. We will explicitly and intentionally teach the language skills (listening, speaking, reading, and writing) necessary for success in all curricular areas; English, Social Science, Math, and Science. In providing this curriculum we will align our teaching, learning, assessments, and materials to content standards and the CCSS. We will provide equal access to the core curriculum and standards-based instruction for students with special needs (including but not limited to English Learners, GATE, Special Education, and At-Risk students). We will use on-going results from multiple assessments to design and/or modify our instruction and use the data from all sources, including that from standards-based assessments to evaluate current program effectiveness and make adjustments as necessary. We will seek opportunities to develop staff expertise in analyzing assessment data from a variety of sources to improve student learning. Through the PBIS model and school AIR values (Accountability, Integrity, and Respect) we will support school culture and individual actions that promote positive behavior and district core ethical values.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
