## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

The vision of Portola Springs Elementary is to inspire students, parents, and staff to communicate and collaborate, creating a vibrant learning community that is safe, inclusive, innovative, and encourages a growth mindset. Our focus is to instill a joy for learning, and empower our students to become creative problem solvers and responsible caring members of our local and global communities. Our mission statement reads: Portola Springs Elementary is a family of respectful and responsible learners. Together with our community we empower our students to be compassionate, empathetic citizens who make a positive difference in our world. Our Positive Behavior Intervention and Supports (PBIS) philosophy can be found throughout the school in calling our students to be GREAT-- Grizzlies are... Respectful, Empathetic, Always positive, and Truly responsible.

Our goals this year include introducing #RSPECT, which stands for Restorative practices, Social-emotional learning, PBIS, Calm classroom, and using Trauma informed practices. Additionally, all Professional Learning Communities (grade levels) will be focused on essential learning outcomes and small group differentiation. Finally, along with all of IUSD, we are committed to social justice work in Equity, Excellence, and Diversity and Inclusion. We will strive to meet our vision of having a community that is inclusive and empowers children to be problem solvers and make a positive difference in our community and world.

## **A. Conditions of Learning State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	72	N/A	75	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	70	N/A	68	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parent involvement is critical to the mission of Portola Springs; it supports the staff and helps reinforce the importance of education to your child. There are many ways to get involved. Following are details of organizations available for parent volunteers.

Parent-Teacher Association (PTA)- Portola Springs is fortunate to have the support of an active group of parents who devote their time and talents to promote activities and events for our students. Our PTA assists in community building, planning, and providing financial support, not available by other means, which improves the quality of learning and increases opportunities for enrichment for all students. Parents are encouraged to attend meetings, support activities, and volunteer. Dates and times of meetings and activities will be posted on the PTA link of the Portola Springs website and on the Portola Springs PTA Facebook page.

School Site Council (SSC)- The School Site Council is a group of parents and school personnel whose responsibility is to plan, monitor, and evaluate our School Improvement Plan. Parent members are elected by vote of all parents in the fall. Meetings are open to the general parent community and the schedule of times will be listed on the Portola Springs Website and in the Grizzly Bizz Newsletter. English Language Advisory Committee (ELAC) The ELAC is composed of the principal, staff, and parents of English Language Learners who meet to review our instructional support of English Language Learner students. Sometimes this committee is combined with the SSC.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.31	0.73	2.45
Expulsions	0.00	0.01	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. ## 2022-23 School Safety Plan

Portola Springs Comprehensive Safety Plan was revised and reviewed in October 2020. It was reviewed with PTA, Staff, and School Site Council. The three main safety goals are as follows:

Goal #1- Personnel Training and Prep for a Disaster- This will include training new staff on roles and duties in the event of a disaster. Training to be completed with district personnel along with IPD.

Goal #2- Facility Awareness- This will include a staff basic understanding the safety features of this facility (such as key cards, locking doors, access systems, parking lot dynamics, etc). This will be accomplished with training and on-going reflection of procedures.

Goal #3- Community Awareness and Collaboration- This will encourage staff and students to work with the community to understand the dynamics of the community safety issues (such as wildlife and traffic) to educate all staff and students on response to such events.

Along with the safety components, Portola Springs also continues to implement both Positive Behavior Interventions and Supports (PBIS) and Multi-Tiered Systems of Support (MTSS) to ensure social-emotional safety of all students as well as academic and behavioral success and safety. Portola Springs G.R.E.A.T. (our school wide PBIS slogan) is a school-wide commitment to positive behavior support. Identifying, teaching, and reinforcing the expected behaviors allow students to achieve academic, behavioral, and social success. Portola Springs G.R.E.A.T. stems from the University of Oregon's Center of Positive Behavior Interventions and Support (P.B.I.S.). Portola Springs Elementary staff has undergone extensive training and has experience with the P.B.I.S. philosophies. Our staff adopted the P.B.I.S. philosophy and our first step was our behavioral statement of purpose: Portola Springs Elementary is a family of respectful and responsible learners. Together with our community we empower our students to be compassionate, empathetic citizens who make a positive difference in our world.

## 2021-22 Types of Services Funded

The Local Control Funding Formula (LCFF) is the method of allocating funds to school districts. The LCFF model has three sources of state funding with local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program, 2) Provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including: Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Maintain positive behavioral intervention and support program, 12) Maintain site staffing with full-time assistant principals, 13) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 14) Support interventions and supplemental programs impacting English learners, low income and foster youth, 15) Continue to build Career-Technical Education pathways and blended on-line learning opportunities for students, 16) Implementing mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.
