2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Mission/Vision

"Bonita Canyon is an inclusive community that fosters risk-taking, collaboration, and creativity to create lifelong learners. Together, we all empower our students to think critically about the world and be compassionate citizens. Bonita Canyon provides ALL students the opportunity to master the necessary academic and social standards to prepare them for the next school year."

2024-25 School Description and Mission Statement

At Bonita Canyon School we strive to enable all students to become contributing members of society empowered with the skills, knowledge, and values necessary to meet the challenges of a changing world. With a team of highly qualified staff, we provide the highest quality educational experience we can envision. Our teachers model and encourage intellectual risk-taking to support students problem solving skills in all content areas. We were named a California Distinguished School in 1989, 2006, and again in 2010.

Located in the village of Turtle Rock in Irvine, the school opened its doors in 1977. The physical layout of the school promotes teaming and interaction. Our playground offers wonderful views of the surrounding areas and an interactive play environment for our whole school population. We received state renovation funds and underwent major renovation during summer 2009. We again underwent renovation in the summer of 2017 and 2020 as a part of the IUSD Measure E Bond. We now have a state of the art MPR that serves as the hub for all of our school activities.

As a neighborhood school, we serve students in our immediate community and those who are here as a part of our school choice option from around IUSD. We have a very high percentage of parents in professional occupations and the student community is stable with a low mobility rate. Education is a considered a very high priority in our community as a whole.

Family involvement contributes significantly to our success. Teachers, students and families work closely together in an atmosphere of mutual respect and cooperation. Our students have supportive, caring families who value education and dedicated, committed teachers who provide continuous high quality instruction for all students. The Parent Teacher Association (PTA) provides outstanding volunteer and financial support for many school programs. The strong partnership between families and school staff, coupled with our shared commitment to excellence, creates an exceptional learning environment that can be seen and felt throughout Bonita Canyon School.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Bonita Canyon School was built in 1977. We received state renovation funds and underwent major renovation during summer 2009. Our site and grounds are clean and well maintained. In addition to the original buildings, the school has eleven portable (re-locatable) classrooms. Childcare is offered on site and is housed in two additional re-locatables near the playground. We have maximized our use of shared areas in the library, computer lab, stage, and MPR (The Bear Den) to meet the needs of our student population.

Although our school was built before the use of computers was commonplace in schools, with help from our generous community and PTA, as well as our recent modernization (Measure E Funds 2017), we have altered our infrastructure to accommodate 1:1 devices (Tablets and Chromebooks), our library/Innovation Lab/Green Screen Lab, and all classrooms with state-of-the-art wireless internet access. (Upgrade complete in 2017-18) In 2020, our new MPR was completed with Measure E Bond money and it is spectacular!

Our custodial team takes great pride in making sure our community has the best facility to educate in and they do an exemplary job each and every day making this a reality.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	69	74	69	69	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 5	92.54%	92.54%	91.04%	91.04%	47.76%

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

We value all parent/adult participation and know it is the key ingredient for creating successful students and schools. There are numerous opportunities for adult volunteers at Bonita Canyon and we encourage families to become involved in all aspects of their child's education. Hundreds of parents volunteer in our classrooms, participate in PTA, serve on School Site Council, help support art instruction through Recess Art, volunteer on our playground and help in many other ways to enrich student programs and the curriculum. We enjoy strong family support at Bonita Canyon and welcome new families to join us as partners in their child's education.

The family community significantly augments school programs and services through fundraising efforts. Families also support community service efforts and become leaders in legislative action issues affecting education.

2023-24 Chronic Absenteeism by Student Group

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

2024-25 School Safety Plan

We teach and support our students to show positive problem solving skills on the playground and in the classroom. Our PBIS program, Bonita Be's (Be respectful, Be responsible, Be safe, Be a friend and Be your best), is reviewed with students and consistently referred to by both teachers and instructional aid staff. Our campus supervision is based on district allocations and many of our staff members have taken specific training in conflict resolution and cooperative discipline.

Bonita Canyon has an extensive plan for emergency procedures. The plan is revised annually (September of each new school year) and often improved based on what we learn from emergency drills. Biannually we practice Reunification Drills and Full Disaster Drills where our parents check out students as they would during an actual emergency and our staff simulate their job responsibilities during these drills. Our supplies are renewed with assistance from our PTA. We participate in district-wide emergency drills and many staff members are trained in CPR and First Aid.

We have developed a comprehensive Safe School Plan, which is evaluated yearly and amended, as needed, through our School Safety Committee. We are proud to say there are few, if any, reportable crimes at Bonita Canyon.

Fiscal Year 2023-24 Types of Services Funded

State, federal, and local dollars support students in K-12 public schools. The largest funding source is from the state under the Local Control Funding Formula. The Local Control Funding Formula (LCFF) is the method of allocating funds to school districts. The LCFF model has three sources of state funding with local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Maintain positive behavioral intervention and support program, 12) Maintain site staffing with full-time assistant principals, 13) 450:1 counseling ratio, support for large

Fiscal Year 2023-24 Types of Services Funded

elementary schools and elementary classroom aides, 14) Support interventions and supplemental programs impacting English learners, low income and foster youth, 15) Continue to build Career-Technical Education pathways and blended on-line learning opportunities for students, 16) Implementing mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Federal funds are designed to supplement state resources by narrowing funding gaps for at-risk students, including students with disabilities, foster youth, students experiencing homelessness, and socioeconomically disadvantaged households. Federal grants include:

Title I under the Elementary and Secondary Education Act (ESEA) and Part B under the Individuals with Disabilities Education Act (IDEA)

Funds are used to support effective evidence-based educational strategies that close the achievement gap and enable students to meet the state's challenging academic standards. All schools identified for Title I operate Schoolwide Programs

Title III funds assist with language instruction for English Learners (EL) and immigrant students.

Title IV funds are used to increase district/site capacity to provide all students with access to a well-rounded education, improve conditions for student learning, and improve use of technology to improve the academic achievement and digital literacy of all students.

Finally, the Irvine Unified School District is proud of the partnerships with the Irvine Public School Foundation (IPSF), the City of Irvine with the Educational Partnership Fund (EPF) that support programs and services for all students.

Professional Development

We allocate the equivalent of six days per year (plus two district days) for staff development and calendar this time with minimum student impact. Official staff development meetings were scheduled as follows:

Professional Development

2014-15 Staff Development (a day prior to the start of school, a non-student day in October and a non-student day in February) was focus on continued implementation of the Common Core, writing instruction as well increased technology integration into the classroom for both student use and parent communication

2015-16 Our staff development was concentrating on implementing more technology and using programs like Google Classroom to support our students, staff and community. We also focused on Next Generation Science Standards and Thinking Maps throughout the remainder of our Professional Development.

2016-17 We spent our six staff development sessions working on Professional Learning Communities and an even deeper implementation of Google Classroom as a communication tool for our school.

2017-18 Our six Staff Development Sessions were spent focusing specifically on PLC (Professional Learning Communities) common assessment development, PBIS growth and action and reading HEART by Timothy Kanold.

2018-19 This year was dedicated to solidifying our practices in PLC.

2019-20 We spent the professional time before going to EDL on digging in to the Essential Standards and how this transition would be implemented by our teaching staff. We had curriculum experts for our district office come and support this work as well.

2020-21 This year's PD is all around PLCs and how they look and work in our COVID year

2021-22 Our focus this year is getting back to work with our school on campus. Our MTSS team will be spearheading most of our PDs in an effort to support all students coming back from the pandemic and readying them for their next school year academically and emotionally.

2022-23 Our Focus this year is getting our teachers the time and resources to make our intervention time (WIN) as successful as possible in it's first year.

2023-24 This year's professionally development is focused on student literacy (reading specifically) and Tier 2 and Tier 3 interventions to make sure our students are receiving the very best reading instruction we can offer.

2024-25 Our focus this year in continuing the professional learning of our staff is continuing to focus on the science of reading in our ELA and piloting, for IUSD, running records to identify math needs for all students in grades 1-6.

This table displays the number of school days dedicated to staff development and continuous improvement.
