2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

BRYWOOD

ELEMENTARY SCHOOL

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Located in the village of Northwood, Brywood Elementary School has an enrollment of 570 students in grades pre-kindergarten through sixth. Our unique community is comprised of many ethnic groups and a variety of languages are spoken among our students and Brywood families. We offer a wide range of educational settings for our students, Specific Academic Instruction (SAI), General Education, Gifted and Talented Education (GATE) and an Alternative Program for Academically Accelerated Students (APAAS). Our school is a unique and dynamic learning community, as we believe that every person, every learner, every culture has something to offer to the educational experience. I am pleased to present Brywood School's annual report to our community.

2024-25 School Description and Mission Statement

Under the provisions of Proposition 98, schools in California are required to prepare an annual School Accountability Report Card assessing our school in a variety of performance areas. The purpose of the school profile is to inform our school community about the conditions and progress made at Brywood during the school year. Our profile also provides an excellent opportunity for us to identify the strengths and challenges of our school program and to engage our school community in discussing our vision and improvement efforts.

As you read through our profile, you will find a school with an impressive record of consistently strong achievement and a faculty committed to meeting the needs of all students. During this year, Brywood staff continued its implementation of intervention programs and Professional Learning Communities (PLC) as a collaborative effort to improve teaching and instructional strategies. The entire staff regularly engages in ongoing professional development focused on the needs of our diverse student population. The efforts of the Multi-Tiered Systems of Support Team (MTSS) ensures a collaborative teaching and learning environment that addresses the social/emotional, behavioral and academic support for each student. Additionally, the school has implemented Positive Behavior Intervention and Support (PBIS). The PBIS team continues to provide the entire staff with PBIS training with ongoing school wide implementation for the 2024-2025 school year and beyond.

Parent involvement has contributed significantly to our success. We believe that students, teachers, and parents should work closely together in an atmosphere of mutual respect and collaboration. Education is a function of the community, the district, and the school. We welcome your continued participation in your child's educational development.

Preparing today's students for tomorrow's world is exciting and challenging for all of us. With our strong community support, the exceptional expertise of our Brywood staff, and our shared commitment to learning, we face this challenge with optimism and confidence. Thank you for your continued support and contributions for excellence.

School Facility Conditions and Planned Improvements

Brywood’s facility is well used and well maintained. In recent years, we added a shaded out door collaborative space for students. In 2019, we moved into our in our fully renovated site funded with Measure E funds which included the creation of new innovative learning spaces, an Innovation Lab, a Design Lab and a brand new Activity Center. Our Activity Center houses our Music program and is also used for a variety of instructional needs. Brywood has twenty-four regular classrooms. Walking through our school, one can see that all areas are utilized for a variety of small groups and large group instruction. As part of our commitment to a safe and orderly campus, we have developed a comprehensive Student Behavior Plan. An Emergency Disaster Plan has been developed and provides alternatives for a variety of potential disasters. Evacuation drills are conducted regularly throughout the year. Our disaster preparedness plan is updated yearly and is on file in the office. We maintain emergency supplies such as dried food, water, first aid, tarps, space blankets, and other essential disaster supplies in a central location.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	76	77	69	69	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Our PTA, School Site Council (SSC) and English Learner Advisory Committee (ELAC) are active participants in the community. They help develop and support the educational goals for Brywood Elementary students. Annually, Our PTA raises approximately \$40,000 annually to support our school programs. Their contributions make a significant impact to our daily operations. Recently, with the help of the PTA, Brywood was able to expand on our collaborative learning environments. This allows every student in grades 1-6 to have access to learning spaces throughout the day that best meet their need. PTA donations also allow us to purchase classroom supplies and curricular materials that enhance instruction and learning, and provide enrichment opportunities through school-wide assemblies. Our School Site Council provides our community with a comprehensive yearly review of our educational programs including Early Intervention Reading Model (EIRM), RtI and the Comprehensive School Safety Plan. School Site Council approved funding supports Instructional Assistants for intervention support and additional kindergarten instructional assistant hours to support the Early Intervention Reading Model (EIRM). SSC approved funds that were used to pay for teacher release time, instructional technology training, and SEL training. Our English Learner Advisory Committee supports our English Learners by advising staff and administration on topics related to second language learners. Annual parent education nights help to support the home school connection. Prior topics include Parenting Classes, STEAM & Math Nights, Cyber Education and Disaster Preparedness.

Fiscal Year 2023-24 Types of Services Funded

State, federal, and local dollars support students in K-12 public schools. The largest funding source is from the state under the Local Control Funding Formula. The Local Control Funding Formula (LCFF) is the method of allocating funds to school districts. The LCFF model has three sources of state funding with local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program, 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Maintain positive behavioral intervention and support program, 12) Maintain site staffing with full-time assistant principals, 13) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 14) Support interventions and supplemental programs impacting English learners, low income and foster youth, 15) Continue to build Career-Technical Education pathways and blended on-line learning opportunities for students, 16) Implementing mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Federal funds are designed to supplement state resources by narrowing funding gaps for at-risk students, including students with disabilities, foster youth, students experiencing homelessness, and socioeconomically disadvantaged households. Federal grants include:

Title I under the Elementary and Secondary Education Act (ESEA) and Part B under the Individuals with Disabilities Education Act (IDEA)

Funds are used to support effective evidence-based educational strategies that close the achievement gap and enable students to meet the state's challenging academic standards. All schools identified for Title I operate Schoolwide Programs

Title III funds assist with language instruction for English Learners (EL) and immigrant students.

Title IV funds are used to increase district/site capacity to provide all students with access to a well-rounded education, improve conditions for student learning, and improve use of technology to improve the academic achievement and digital literacy of all students.

Finally, the Irvine Unified School District is proud of the partnerships with the Irvine Public School Foundation (IPSF), the City of Irvine with the Educational Partnership Fund (EPF) that support programs and services for all students.

Professional Development

Each year our district and school offers professional improvement opportunities to all staff which focus on the implementation of new curriculum and the incorporation of effective teaching strategies. Two contract required days per year are allocated for targeted staff development activities in the areas of Social/Emotional Learning, Instructional Agility, and EEDI strategies. In 2023-2024, our work had been focused on meeting the Social/emotional needs of students, reaffirming our commitment to PLC work, and completing work on EEDI. This year has continued those trends. We continue to focus on SEL, EEDI, and Best/First Instruction to ensure we are meeting the needs of each student in our diverse learning population.

This table displays the number of school days dedicated to staff development and continuous improvement.
