### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

### 2024-25 School Description and Mission Statement

Culverdale is a PK-6 elementary school of approximately 560 students located in Irvine, California. The percentage of students who qualify for free or reduced lunch is 45%. Culverdale has a rich ethnic and multi-cultural background. 37% of our students are identified as English Language Learners. Our school includes the Essentials (SAI-2) program, self-contained special education "mild/mod" classrooms for students in grades PK-6. Grades PK-6 have Sheltered English Immersion (SEI) clusters of students who score 1 on the Initial ELPAC language test.

Our school focuses on Social Emotional Learning to empower each learner as a citizen of the world. Culverdale focuses on

## 2024-25 School Description and Mission Statement

Positive Behavior Interventions and Supports (PBIS) to clarify, model, and reteach behavioral expectations that aim to facilitate a safe, conducive learning climate. Our students are taught the code of conduct to “Be Kind, Safe, and Responsible,” and teachers explicitly teach what it looks like to behave in this fashion in the different areas around campus. Students are frequently recognized for collective and individual progress. Daily lunchtime sports leagues allow all students in grades 1-6 to participate in soccer, flag football, dodgeball, handball, and basketball games with the expectation that players are adhering to the PBIS schoolwide code of conduct. In class, students learn strategies to develop grit, to evaluate the size of each problem, and to self-monitor Zones of Regulation. Our full-time resource counselor plays an essential role in Tier 1 and Tier 2 SEL support. Our staff and volunteers provide service learning opportunities for students, as well. This year, a teacher is facilitating a Student Government activity club for 5th-6th grade students to serve the student body in leadership roles.

Professional Learning Communities are the foundation of our instructional staff's targeted approach to each student's academic success. Based on formative and summative common assessments, teachers identify which students should receive enrichment and which students need tier 2 reteaching of essential standards. In 2023-2024, our school added a full-time Teacher on Special Assignment (TOSA) and two Title 1 instructional assistants to provide Tier 3 academic interventions for students performing at least two grade levels below grade-level benchmark. In all classrooms, instructional assistants provide small group learning activities under the teachers' guidance. With the continued support of parents and staff, we will continue striving to provide all children with everything they need to be successful both now and in the future.

### Our Vision: WHERE WE'RE GOING

A commitment to excellence is the hallmark of Culverdale Elementary. As a school and community partnership, our promise is to provide the highest quality educational experience we can envision. To that end, we are dedicated to:

- 1) the joy of learning for all,
- 2) a celebration of diversity,
- 3) a growth mindset en route to lifelong learning.

### Our Mission: HOW WE'LL GET THERE

We will leverage our collective resources to make a positive global impact by:

- \* building relationships to engage all learners,
- \* nurturing the diverse gifts, multiple learning styles, and full capabilities of each individual,
- \* fostering social and emotional wellness,
- \* developing competent, resourceful, resilient, and empowered learners who are prepared to meet the challenges of a complex future,
- \* challenging every student to persevere for personal excellence,
- \* enhancing our students' capacity for courage, compassion, and collaboration,
- \* implementing the latest technology in all students' learning,
- \* and providing a safe, conducive environment for academic risk-taking.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### School Facility Conditions and Planned Improvements

Culverdale Elementary was established in 1974 as one of the first elementary schools in Irvine. The building was modernized during the summers of 2006 and 2017. The new facilities offer students a technology-rich environment in which to learn each day. In addition, there are portable classrooms on campus to serve our growing student population and special programs like the English Language Development (ELD) program. The Irvine Unified School District is committed to maintaining the facility both in appearance and in function.

Summer 2020 projects included a new kindergarten playground structure, climbing wall, funnel ball hoop, and expanded fall zone. We also added a 30' x 20' covered area with 6 square table benches, specifically as an innovative learning space for 6th grade students in portable classrooms. In 2021, the school's roof and exterior were upgraded so the color scheme blends with the surrounding community of homes. The staff lounge modernization provides an updated location for staff to recharge their well-being, cook healthier meals (range with AirFryer), and reduce foot traffic through the front office (exterior door to be added). Enrichment cooking classes utilize this kitchen lounge space as well. New student furniture (desks, chairs) in classrooms has been purchased each summer 2022 and 2023 for grades 3-6. This year, we are replacing aged student furniture for grades 1 and 2.

"Measure E" tax bond construction added a new multi-purpose room (MPR) with food service, restrooms, and a covered lunch table area. Also, the former MPR was converted into a Student Services Building with rooms for speech, adaptive PE, occupational therapy, and conferences plus offices for a counselor and psychologist.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	57	55	69	69	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Culverdale School offers families a variety of ways to become involved. Parents are kept informed through email distribution lists. They are invited to participate in each year's Local Control Accountability Plan (LCAP). Formal meetings are scheduled, posted, and convened during each school year to discuss the LCAP and allow parents to vote on potential actions for the upcoming year(s). The PTA and our Title 1 staff team sponsor book fairs, family nights, and other fundraisers to support our school. After-school Parent Workshops that occur during dinner hours include a light meal and beverages, in addition to childcare. The School Site Council and English Learner Advisory Committee provide opportunities for parents to work with staff to develop programs and to monitor the progress of school goals. All parents are invited to participate, and a formal election of parents on the SSC is conducted through the parent email distribution list. Classroom teachers also provide opportunities for parents to volunteer in the classroom setting. We encourage and appreciate the many volunteer hours that we receive from our families and business community. Parents who are interested in volunteering may visit the Culverdale PTA website at [www.culverdalepta.com](http://www.culverdalepta.com)

## 2024-25 School Safety Plan

Ensuring a safe environment for our children is the number one priority at Culverdale School; therefore, the Safety Committee has developed a comprehensive Safe School Plan. Our plan was evaluated and approved by School Site Council on 9/18/2024. Earthquake and disaster preparedness is an ongoing emphasis at Culverdale. Monthly response drills for fire, earthquake, or lockdowns are scheduled and implemented throughout the school year to assess and improve our level of preparedness. Emergency supplies have been purchased and stored for a potential disaster. These emergency supplies are kept in our Emergency Storage Shed for immediate access if needed. Our school is fully prepared to deal with a major emergency and to provide for the physical and emotional needs of the students and their orderly and safe release, and we review with all staff each October for the Great California Shakeout. We schedule regular drills to teach children appropriate safety actions in the event of an emergency. A lockdown procedure has been established to protect students and staff from intruders, and lockdown drills are practiced with students and staff. We have the ability to reach all parents with an automated phone message system and email system. Numerous electronic access-control door panels and CCTV cameras are installed strategically around campus, with the cameras being accessible by site administrators, district security staff, and the Irvine Police Department. There is a plan to install additional access-control doors on the two new buildings: Koala Grove MPR and the

Administrators and teachers intentionally teach students the campus expectations for school safety and social interactions. When students, visitors, or staff are out of compliance, there are systems in place for investigations to address solutions - including restorative actions and disciplinary measures. Our school has adopted an Anti-Bullying Policy as part of our Koala Pride Program which was developed using the Positive Behavior Intervention System (PBIS) model. Each 3rd-6th grade student is provided with a planner notebook which clarifies the school-wide policies, including safety, bikes, dress code, and phones/smartwatches. Supervision is provided on the playground and at student drop-off and pick-up points before and after school. There are also procedures in place to administer medication during the school day for children. Parents are reminded periodically through principal email newsletters that parking lot driving rules are in place to account for the many young children on campus. Parents are also reminded that students are not permitted to play on the playground equipment before school or until after 6:00pm when childcare programs conclude. Clip art graphics are used in these newsletters to facilitate the message points for all parents, including English as a Second Language families. For mental health awareness & supports, IUSD schools continue the campaign called Speak Up, We Care. Students, parents, and staff are given encouragement and clear instructions of how to talk to a staff member when there is a concern. Panorama screeners are implemented twice per year to assess each student's SEL levels, and teachers use methods to collect each student's feedback in class frequently to evaluate their needs.

## Fiscal Year 2023-24 Types of Services Funded

State, federal, and local dollars support students in K-12 public schools. The largest funding source is from the state under the Local Control Funding Formula. The Local Control Funding Formula (LCFF) is the method of allocating funds to school districts. The LCFF model has three sources of state funding with local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program, 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Maintain positive behavioral intervention and support program, 12) Maintain site staffing with full-time assistant principals, 13) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 14) Support interventions and supplemental programs impacting English learners, low income and foster youth, 15) Continue to build Career-Technical Education pathways and blended on-line learning opportunities for students, 16) Implementing mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Federal funds are designed to supplement state resources by narrowing funding gaps for at-risk students, including students with disabilities, foster youth, students experiencing homelessness, and socioeconomically disadvantaged households. Federal grants include:

Title I under the Elementary and Secondary Education Act (ESEA) and Part B under the Individuals with Disabilities Education Act (IDEA)

Funds are used to support effective evidence-based educational strategies that close the achievement gap and enable students to meet the state's challenging academic standards. All schools identified for Title I operate Schoolwide Programs

Title III funds assist with language instruction for English Learners (EL) and immigrant students.

Title IV funds are used to increase district/site capacity to provide all students with access to a well-rounded education, improve conditions for student learning, and improve use of technology to improve the academic achievement and digital literacy of all students.

Finally, the Irvine Unified School District is proud of the partnerships with the Irvine Public School Foundation (IPSF), the City of Irvine with the Educational Partnership Fund (EPF) that support programs and services for all students.
