## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 School Description and Mission Statement

IUSD Virtual Academy Elementary is a wonderful place for students to learn and grow in a unique online independent study environment. IVA teachers use software systems like Zoom, Canvas, and Google to have synchronous and asynchronous learning. Students will start their day with a synchronous (live) session and participate throughout the day in whole group, small group, and individual activities. We recognize the importance of supporting the social/emotional well-being of our students, and we offer monthly in-person social activities/lessons for all of our students. Our school community values positive academic and social growth believes in a rigorous well-rounded education, values diversity, and looks out for the best interest of children.

## 2024-25 School Description and Mission Statement

Our vision is to empower students as lifelong learners, to acquire, demonstrate and value the knowledge and skills needed to participate in and contribute to the global world.

Our Mission: We are dedicated to helping students achieve their individual potential through academic and personal growth

White	22.8
English Learners	3
Socioeconomically Disadvantaged	30.7
Students with Disabilities	12.9

## **A. Conditions of Learning** **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>			1230.00	89.67	228366.10	83.12

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	65	66	69	69	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Science by Student Group

This table displays CAASPP test results in Science by student group for students grades five, eight, and High School. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 5	73.33%	73.33%	73.33%	73.33%	73.33%

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

At IVA Elementary there are many opportunities for parental involvement. We have parent/teacher conferences, daily teacher office hours, parent education virtual nights, Dine-Out Meet-Ups, Coffee with the Principal, Open House and Back to School Night. Additionally, parents can participate in PTA, School Site Council, and Title 1 meetings and sometimes they are even invited on campus to participate with their students for events. Uniquely, parents are an active part of their child's daily learning, since the students are virtual from home. We provide families with information on how to be a learning coach/partner from home when the students are not online.

#### 2023-24 Chronic Absenteeism by Student Group

## C. Engagement

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

This table displays suspensions and expulsions data.

## 2024-25 School Safety Plan

With the exception of monthly in-person opportunities, IVA students do all of their learning from home. IVA Elementary shares the same footprint as College Park Elementary and will work with that site in case there is a community emergency or emergency while we are on campus. We worked with them on their site safety plan, and have participated in the Great Shake Out from home to simulate what might happen and what we would do from home. Additionally, our School Site Council reviewed the School Safety Plan and gave additional feedback on 10-10-24.

## Fiscal Year 2023-24 Types of Services Funded

State, federal, and local dollars support students in K-12 public schools. The largest funding source is from the state under the Local Control Funding Formula. The Local Control Funding Formula (LCFF) is the method of allocating funds to school districts. The LCFF model has three sources of state funding with local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Maintain positive behavioral intervention and support program, 12) Maintain site staffing with full-time assistant principals, 13) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 14) Support interventions and supplemental programs impacting English learners, low income and foster youth, 15) Continue to build Career-Technical Education pathways and blended on-line learning opportunities for students, 16) Implementing mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Federal funds are designed to supplement state resources by narrowing funding gaps for at-risk students, including students with disabilities, foster youth, students experiencing homelessness, and socioeconomically disadvantaged households. Federal grants include:

Title I under the Elementary and Secondary Education Act (ESEA) and Part B under the Individuals with Disabilities Education Act (IDEA)

Funds are used to support effective evidence-based educational strategies that close the achievement gap and enable students to meet the state's challenging academic standards. All school identified for Title I operate Schoolwide Programs

Title III funds assist with language instruction for English Learners (EL) and immigrant students.

Title IV funds are used to increase district/site capacity to provide all students with access to a well-rounded education, improve conditions for student learning, and improve use of technology to improve the academic achievement and digital literacy of all students.

Finally, the Irvine Unified School District is proud of the partnerships with the Irvine Public School Foundation (IPSF), the City of Irvine with the Educational Partnership Fund (EPF) that support programs and services for all students.

## Professional Development

High-quality staff development, like quality teaching, is learning-based, activity-driven, focused on instructional improvement and is an ongoing process of professional renewal. IVA Elementary's continuous improvement efforts enable professional staff to reexamine their assumptions about teaching and learning. Staff development activities include significant time to develop personalized responses to instructional improvement with both appropriate collegial and expert assistance networking. High-quality staff development challenges professional staff to make learning dynamic, intellectually stimulating, and connected to thinking which goes beyond the classroom walls. Effective staff development creates a learning community among professional staff that strengthens the individual teacher and the bond among teachers. Tailored staff development activities are essential for maintaining and improving quality education.

District-wide general staff development activities this year will focus on grading practices and EEDI.

This year the IVA Elementary staff development emphasis will be tailored to the needs of the school. Here is a partial listing of staff development activities:

- Teaching in a virtual environment
- Strategies for student engagement in a virtual environment
- Technology tools both school and district purchased
- Classroom management strategies for virtual teaching
- Socio-Emotional Learning and connection building for our specific environment
- EEDI implementation
- Literacy implementation for the Science of reading, specifically comprehension and fluency practices
- Math supports and integration into virtual environment for low floor /high ceiling
- Long-term vision planning and marketing for IVA

Pursuant to new state guidelines a total of three days per year are allocated for targeted staff development activities (which are scheduled district-wide) as well as an additional 12 hours of professional learning that are provided in two-hour increments over 6 days during the year:

Sept 18  
Oct 16  
Nov 20
