## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

### 2024-25 School Description and Mission Statement

“Turtle Rock is a multicultural community of learners who focus on flexible thinking, cooperative problem solving and creativity. Together we respectfully value each other and our unique contributions. We teach, practice and promote tolerance by embracing diversity for all. Each of us demonstrates integrity, honesty and accountability. We are global citizens preparing for the world of tomorrow.”

Turtle Rock has been recognized as a California Distinguished School in 2002, 2010, 2014, and most recently, in 2018. The award is based, in part, on several factors including outstanding student performance on statewide assessments , exemplary

progress of English Language Learners on various academic indicators, and low rates of absenteeism and behavioral incidents. The stakeholders of the Turtle Rock community consistently express high levels of satisfaction with the school environment and quality of instruction teachers.

Turtle Rock offers programs to meet the needs of diverse learners. The AAPAS (Alternative Program for Academically Advanced Students) Program is a magnet program that serves students who qualify for a challenge level environment. The SEI (Sheltered English Immersion) program serves those students who are learning English, The GATE (Gifted and Talented Education) program adds depth, complexity, creativity and rigor to the our general education classrooms. We also have an outstanding mild/moderate special education program for those students who qualify through the IDEA assessment process.

The Turtle Rock staff, students, parents, and community are to be commended for their cooperative spirit. It is with the parents' unending support that we are able to accomplish our goals and help the students reach their full potential.

## School Facility Conditions and Planned Improvements

Turtle Rock Elementary School opened its doors to children in 1970. Built to accommodate 730 students, the building is designed with three classroom clusters, each containing from five to eight individual instructional areas. The classrooms are self-contained in design. Portables have been added to accommodate additional students living within our attendance area. At present, there are approximately 830 students attending Turtle Rock. In 2020, a new Multi-Use Building (MUB) with three additional classrooms was built using Measure E funds. The MUB houses science and music classes. An additional MUB building is proposed using Measure E funds.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	83	80	69	69	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Parental support at Turtle Rock School is welcomed and encouraged both in and out of the classroom.

Parents may participate in the School Site Council, the English Language Advisory Council (ELAC) and the Parent Teacher Association (PTA). Parents can also give input into the school program through various meetings and survey required by our status as a Title I school. The School Site Council is involved in setting academic and policy priorities that reflect our goals for student performance, as well as overseeing the allocation of Title I funds. The ELAC also reviews student data and identifies parent education topics, as well as family engagement activities for families of English Learners. The PTA offers the opportunity for parents to become involved in many social and fundraising events. Title I Funds support several Parent Education Nights throughout the school year. The PTA sponsors the Fall Festival, the Jog-a-thon and Family Fun Nights. After-school enrichment classes are available through the Irvine Public Schools Foundation After-Class Enrichment (ACE) program. Parents are encourage to participate in field trips, class parties, and classroom volunteer opportunities.

## 2024-25 School Safety Plan

Turtle Rock works diligently with our school community, district personnel and the city of Irvine's Police and Fire departments to keep our school safe. Turtle Rock has a Comprehensive School Safety Plan that was reviewed and updated in October of 2024 by a team of school personnel. Parent groups are also offered the opportunity to review the plan. This year, it was updated and approved by Turtle Rock's School Site Council in the fall of 2023. The Plan's components are shared with the appropriate stakeholders through the course of the school year. The plan's two primary goals include promoting before and after school safety behaviors and practicing emergency procedures for all events and situations.

First, to encourage appropriate behaviors, our school year begins the year with a school-wide behavior management system kick-off event, "PBIS (Positive Behavior Interventions and Support) Implementation Day". Students are taught lessons that promote and show them what Safety, Thoughtful Accountable, and Respect should look like throughout our school environment. Bullying prevention is emphasized through special assemblies, and speakers. Making healthy choices education is provided in collaboration with the Irvine Police Department through the DARE program in the sixth grade, during Red Ribbon Week, and through our health curriculum. In addition, a statement of the district policy of "zero tolerance" for drugs, alcohol and violence must be acknowledged by parents as part of the Annual Notification online process.

Secondly, in order to continue promoting school-wide emergency awareness students and staff participate monthly in fire, earthquake or lockdown drills. Staff participates in updating the Comprehensive School Safety Plan. All staff members attend training on emergency procedures. For emergency purposes there is a school site communication system, stored water and energy bars, emergency equipment, and medical supplies. In addition, the PTA has supported the site disaster team by providing funds to update our disaster preparedness supplies.

All visitors register using the Raptor Visitor/Volunteer Management System. Cameras and other security enhancements exist

## Fiscal Year 2023-24 Types of Services Funded

State, federal, and local dollars support students in K-12 public schools. The largest funding source is from the state under the Local Control Funding Formula. The Local Control Funding Formula (LCFF) is the method of allocating funds to school districts. The LCFF model has three sources of state funding with local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program, 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Maintain positive behavioral intervention and support program, 12) Maintain site staffing with full-time assistant principals, 13) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 14) Support interventions and supplemental programs impacting English learners, low income and foster youth, 15) Continue to build Career-Technical Education pathways and blended on-line learning opportunities for students, 16) Implementing mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Federal funds are designed to supplement state resources by narrowing funding gaps for at-risk students, including students with disabilities, foster youth, students experiencing homelessness, and socioeconomically disadvantaged households. Federal grants include:

Title I under the Elementary and Secondary Education Act (ESEA) and Part B under the Individuals with Disabilities Education Act (IDEA)

Funds are used to support effective evidence-based educational strategies that close the achievement gap and enable students to meet the state's challenging academic standards. All schools identified for Title I operate Schoolwide Programs

Title III funds assist with language instruction for English Learners (EL) and immigrant students.

Title IV funds are used to increase district/site capacity to provide all students with access to a well-rounded education, improve conditions for student learning, and improve use of technology to improve the academic achievement and digital literacy of all students.

Finally, the Irvine Unified School District is proud of the partnerships with the Irvine Public School Foundation (IPSF), the City of Irvine with the Educational Partnership Fund (EPF) that support programs and services for all students.

## Professional Development

Turtle Rock Elementary School and the Irvine Unified School District are dedicated to continuous professional improvement. Turtle Rock Elementary School and IUSD are committed to providing a high caliber of training for teachers in order to meet the needs of all students.

The major emphasis for professional development at Turtle Rock this year is to implement and refine our practices around Standards Based Grading. This professional development will occur over 6 two-hour after school sessions and during two of the four district professional development days. The final IUSD Professional Development Day will cover the use of AI when planning differentiated instruction.

The Intervention Lead Teachers (ILT), upper and lower grade Literacy teachers, PBIS coordinator, MTSS coordinator, and ELD coordinators all work with teachers to provide professional development and instructional support to our classroom teachers.

Technology integration is being supported by our site ETM's and district EdTech TOSA. Teachers are provided with in-class modeling, individual mentoring, and after school trainings. Turtle Rock teachers are committed to providing rigorous, engaging, and dynamic instruction to all of our students.

This table displays the number of school days dedicated to staff development and continuous improvement.
