### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

|---|---|
| <b>Admission Requirements for the University of California (UC)</b>     | Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .  |
| <b>Admission Requirements for the California State University (CSU)</b> | Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> . |

### 2025-26 School Description and Mission Statement

As a vibrant kindergarten through sixth-grade neighborhood school, Meadow Park Elementary fosters an inclusive academic and social community of learners. We value collaboration, integrating our programs with adjacent South Lake Middle School, and supporting four onsite Extensive Support Needs (ESN) classrooms. At Meadow Park, we celebrate a positive school climate where students, staff, and families thrive together.

Our school-wide behavioral framework, R.O.P.E.S., is the foundation for cultivating a supportive environment. Students and staff exemplify being Responsible, On time and ready, demonstrating a Positive attitude, Expecting respect, and prioritizing Safety first. Meadow Park proudly implements Positive Behavior Intervention and Support (PBIS), emphasizing the proactive

identification, teaching, and reinforcement of expected behaviors. Students earn R.O.P.E.S. coupons as recognition for their positive actions and are celebrated weekly, monthly, and by trimester during our Friday morning Flag Deck. Additionally, all staff members are empowered to acknowledge and reward students for their exceptional choices. Through programs like special lunches, motivational assemblies, and a student-driven prize cart, we ensure every student knows their efforts are valued.

Our commitment to professional growth and collaboration is a hallmark of our school community. As lifelong learners, we have established a strong culture of teamwork through Professional Learning Communities (PLC). This collaborative approach allows staff to monitor and uphold shared norms, respect diversity, and remain accountable for data-driven decision-making. Teachers use both summative and formative assessments to provide instruction tailored to the diverse needs of our learners. By fostering participatory management, we empower staff, parents, and students to contribute to decision-making processes actively, ensuring a shared sense of ownership and collaboration across our school.

Our mission is to prepare all students to excel in a changing world by becoming effective communicators, innovative problem-solvers, capable individuals, and responsible members of society. Guided by our vision statement—"Together, the Meadow Park School Community will create safe learning environments that develop intellectual risk-taking to ensure that all students achieve high levels of success academically, behaviorally, and socially through collaboration, collective commitments, critical thinking, and communication"—we strive to provide a well-rounded and enriching education.

In our ongoing journey of growth and improvement, we embrace change as an opportunity to enhance our practices and programs. Through continuous reflection and utilizing the latest research and resources, we are dedicated to meeting the needs of all learners. By fostering strong school-community partnerships and communicating openly and effectively, we aim to showcase the achievements of our students and staff while reinforcing the value of public education.

At Meadow Park, we cherish the bond among our students, staff, and families. This connection allows us to grow and develop together, unlocking each child's potential to think critically, act responsibly, and contribute meaningfully to a better future for all.

## School Facility Conditions and Planned Improvements

Meadow Park Elementary School, part of the Irvine Unified School District, is proud to be in its sixth year of the "New and Improved" Meadow Park campus. Following an extensive modernization project during the 2018-2019 school year, our school now boasts state-of-the-art facilities, including dedicated learning spaces, an innovation station, multiple activity centers, and an enhanced library space. These improvements have created a vibrant and engaging learning environment for our students.

To ensure the health and safety of students and staff, the air conditioning (AC) units have been optimized to allow for the circulation of outside air within classrooms and buildings, complemented by air filtration systems. Each classroom also has a standalone air filtration unit for additional air quality management. During the 2024-2025 school year, carbon monoxide detectors were installed in every room to enhance safety measures further.

We remain committed to maintaining our facilities in excellent condition to support a safe, healthy, and inspiring educational environment for all members of our school community.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

At Meadow Park Elementary, we value the essential partnership between home and school, recognizing that parent involvement significantly enhances student success. Parents play a vital role in our school community by serving as classroom volunteers, room parents, field trip chaperones, and contributors to events like the Pancake Breakfast, the International Taste Festival, and the Spring Carnival. These cherished activities foster connections and build a supportive, inclusive environment where students thrive. The PTA is an integral part of our school, organizing monthly family events, funding resources for classrooms and programs, and hosting activities that enrich the educational experience for all students.

Parents also contribute through leadership and advisory roles, including the School Site Council (SSC), the English Learner Advisory Committee (ELAC), and the District English Learner Advisory Committee (DELAC). These groups collaborate with school leadership to guide decisions that improve programs and enhance student achievement, while ELAC specifically supports families of multilingual learners in advocating for effective strategies. Parent feedback gathered through tools like the annual Needs Assessment Survey and our district's Annual Survey play a critical role in shaping our school's priorities, ensuring that their voices are integral to the planning and improvement process.

This year, Meadow Park has expanded its family engagement initiatives with themed Family Nights and Parent Workshops, focusing on Social-Emotional Development. Parents are also key contributors to daily school operations as volunteers and mentors. Whether through leadership roles, volunteering, or participating in events, there are numerous opportunities for parents to engage meaningfully in our community. Together, we create an environment where all students feel supported, inspired, and equipped to succeed.

## 2025-26 School Safety Plan

At Meadow Park Elementary School, we prioritize creating and maintaining a safe environment for all students and staff. To this end, we have developed a comprehensive Safe School Plan that is evaluated annually and amended as needed by our School Site Council (SSC) and key members of the Emergency Preparedness Committee.

### Annual Review and Updates

This year, the Site Emergency Preparedness Committee convened on September 9, 2025, to review and update Meadow Park's Comprehensive Safety Plan. The revised plan was submitted to the district by September 26, 2026, and subsequently approved by the School Site Council on October 13, 2025. The primary components reviewed and updated in the 2025-2026 Comprehensive Safety Plan include:

### Specific School Safety Information

- Part 1: Signature Page
- Part 3: ICS Organizational Chart
- Part 4: Duty Reporting Stations
- Part 5: School Plot Map
- Part 6: Utility Shut-Off Information
- Part 8: Utility Shut-Off Photographs
- Part 9: Safe Ingress and Egress
- Part 10: School Discipline Policy
- Part 11: Student Discipline – Crime Statistics
- Part 12: After-School Emergency Protocol
- Part 13: Automated External Defibrillator Locations

These updates ensure alignment with California Education Code § 32280 and the latest safety requirements. The safety plan was also shared with students during our PBIS Kick-off Rotations on September 4th and 8th, 2025, to emphasize safety protocols and procedures.

### Ongoing Training and Preparedness

This year, staff have participated in professional development sessions with our Registered Nurse on August 18, 2025 to reinforce emergency response protocols and preparedness measures and ongoing, timely training as needed. These sessions reflect our ongoing commitment to staff training and readiness.

Monthly Fire drills, Earthquake drills, Shelter-in-Place and Lockdown drills are scheduled throughout the school year. These exercises help us assess and refine our emergency preparedness and response capabilities.

### Emergency Supplies and Resources

Meadow Park has emergency supplies in our dedicated Emergency Shed area outside the main building. Additionally, emergency backpacks are updated with necessary supplies in every class and/or office throughout the school for immediate access during an emergency. New Emergency Binders have also replaced older or outdated folders with new information—“cheat sheets” for ICS roles, new maps, emergency drill one-pager, etc.

### Supervision and Campus Safety

Supervision is provided on the playground before and after school to ensure the safety of all students. We continuously evaluate and improve our procedures to maintain a safe and secure learning environment. By conducting regular drills, reviewing protocols, and updating emergency plans, we are committed to providing for our students' physical and emotional well-being and ensuring their orderly and safe release in an emergency.

### Compliance and Transparency

A Comprehensive School Safety Plan is required for each K-12 school in the Irvine Unified School District and must comply with California Education Code § 32280. The 2024/2025 Comprehensive Safety Plan has been made available for public inspection in the front office and includes all necessary updates and sections, as outlined in the district's guidelines. Risk Management, Irvine Police, and the Orange County Fire Authority have reviewed the submitted plan to ensure compliance and recommend further improvements where necessary.

Meadow Park Elementary School is committed to providing a safe and supportive environment for its students, staff, and community.

## Fiscal Year 2024-25 Types of Services Funded

State, federal, and local dollars support students in K-12 public schools. The largest funding source is from the state under the Local Control Funding Formula. The Local Control Funding Formula (LCFF) is the method of allocating funds to school districts. The LCFF model has three sources of state funding with local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Maintain positive behavioral intervention and support program, 12) Maintain site staffing with full-time assistant principals, 13) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 14) Support interventions and supplemental programs impacting English learners, low income and foster youth, 15) Continue to build Career-Technical Education pathways and blended on-line learning opportunities for students, 16) Implementing mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Federal funds are designed to supplement state resources by narrowing funding gaps for at-risk students, including students with disabilities, foster youth, students experiencing homelessness, and socioeconomically disadvantaged households. Federal grants include:

Title I under the Elementary and Secondary Education Act (ESEA) and Part B under the Individuals with Disabilities Education Act (IDEA)

Funds are used to support effective evidence-based educational strategies that close the achievement gap and enable students to meet the state's challenging academic standards. All school identified for Title I operate Schoolwide Programs

Title III funds assist with language instruction for English Learners (EL) and immigrant students.

Title IV funds are used to increase district/site capacity to provide all students with access to a well-rounded education, improve conditions for student learning, and improve use of technology to improve the academic achievement and digital literacy of all students.

## Fiscal Year 2024-25 Types of Services Funded

Finally, the Irvine Unified School District is proud of the partnerships with the Irvine Public School Foundation (IPSF), the City of Irvine with the Educational Partnership Fund (EPF) that support programs and services for all students.

## Professional Development

Continuous improvement is a hallmark of the Irvine Unified School District (IUSD). Ongoing learning and professional growth are expectations for all staff. Meadow Park Elementary School, in collaboration with IUSD, is deeply committed to fostering continuous professional improvement to enhance the quality of education for all students.

To support this commitment, the district and Meadow Park provide targeted professional development opportunities through districtwide full-day professional development (PD) sessions and after-school workshops. These sessions address key instructional strategies, innovative practices, and support systems contributing to student success.

### Professional Development Schedule for 2025-2026

#### Districtwide Full PD Days:

August 15, 2025

October 13, 2025

March 9, 2026

#### 2-Hour After-School PD Days (Total of 12- hours)

September 17, 2025

October 15, 2025

January 7, 2026

February 18, 2026

April 8, 2026

May 20, 2026

These planned and targeted professional development opportunities ensure educators have access to the latest teaching methodologies and resources. By dedicating time to ongoing learning, our staff remains well-equipped to meet the diverse needs of our students and maintain the high standards of instruction that define IUSD.

This table displays the number of school days dedicated to staff development and continuous improvement.
