- A. The following revisions, clarifications, additions, deletions, and responses shall be incorporated into the RFQ:

1. Request For Information Responses

- a. **QUESTION 001:** *Question regarding firm experience: The RFQ asks for a list of 10 completed TK-12 construction projects in the last 10 years, and references from 3 school districts. (Section VI, D1 and D2). Would the district consider broadening this to include TK-14 (DSA / Community College) projects?*

RESPONSE: The RFQ requirement for 10 completed TK–12 construction projects within the last 10 years, along with references from 3 school districts, will remain as stated and will not be broadened to include TK–14 (DSA/Community College) projects.

- b. **QUESTION 002:** *Please confirm if the requirements for 10 completed projects noted in section V1/D/1, is a firm requirement or if there is flexibility to number of completed projects. We are approximately 4-years old and don't have 10 completed projects to date, however we do have 10 that are either completed, under construction, or actively in design.*

RESPONSE: The RFQ requires firms to provide a list of ten (10) completed projects, as stated in Section VI.D.1. This is a minimum requirement for qualification. Projects that are currently under construction or in design will not be considered toward meeting this requirement.
