

Request for Information No. I**Form 470 Application No. 260002086****E-Rate Network and Wireless Management Licensing RFQ***October 13, 2025***Response to Proposers' Questions**

1.1 **Question:** I noticed you posed an RFP for Aruba Central and we identified a problem. There is a SKU listed that is for a wireless to 5G Bridge and IUSD does not own any of these products. I believe you meant to include the two gateways that are located at Portola High School. Here Are the SKUs in question:

Part Number	Description	Notes	Quantity
S0Q16AAE	HPE Aruba Networking Central Bridge 5 year Subscription E-STU	This is in the RFP	2
S0V03AAE	HPE Aruba Networking 92/72xx Gateway WLAN Advanced 5-year Subscription E-STU	This is what should be there	2

Answer: Thank you for bringing our attention to this matter. Item 3 should read as follows:

3	2	<i>S0V03AAE</i>	<i>HPE Aruba Networking 92/72xx Gateway WLAN Advanced 5-year Subscription E-STU</i>
---	---	-----------------	---

An Addendum has been issued and the Response Template has been updated to reflect the correct Item 3 and an updated timeline.
