

Accessing State Test Score Reports in Parent Portal

Beginning in spring 2019, student score reports for the California Assessment of Student Performance and Progress (CAASPP) will no longer be mailed to parents/guardians. Scores can now be accessed electronically through the Parent Portal on any device connected to the internet, such as a computer, tablet, or smartphone. If you are not able to view the report online, you can ask for a copy at the front office of your child's school.

Missing Scores: If your child's scores do not appear in Parent Portal, your child may not have participated in the assessment or the state may still be processing their results. Parents/Guardians will receive an automated e-mail from DoNotReply@aeries.com when their child's state test scores are available.

1. Log in to the Parent Portal at my.iusd.org
2. Select **Test Scores** and **State Test Scores Reports**.

3. Select the assessment and year for which you would like to view your child's state test score report.
 - o **Please Note:** The language listed on the score report button(s) refers to the language the report is written in, and not the subject being assessed. Math and English language arts scores are both available in the same CAASPP student score report. Science results will be released in winter 2019.

4. To download or print the report, click the download arrow or the printer icon in the upper right corner of the screen.

For questions about Parent Portal Access, please e-mail helpdesk@iusd.org. Additional information about CAASPP assessments can be found at [this link](#).
