 - i. Grade reports and/or enrollment records (K-8)
 - ii. Official Transcripts (7-12)
2. Follow the standard practice of reciprocity between other districts and states if grade placement is within the appropriate age-range and in correspondence with the current school calendar year. *When a child has been legally enrolled in a public school of another district within or out of the state, he or she may be admitted to school and placed in the grade of enrollment in the district of former attendance, at the discretion of the school administration of the district entered. (EC Section 48011)*
3. If the grade of enrollment in the previous school does not correspond as mentioned above, place by age and reserve the right to make necessary grade level adjustments within the first 30 days of the child's participation in the instructional programs at the site. (BOARD POLICY Administrative Regulation 5123: Retention Cautions)

* If a question about appropriate grade level placement cannot be resolved, refer to the Executive Director of Elementary Education or Executive Director of Secondary Education accordingly.

SPECIFIC GUIDELINES FOR PLACEMENT OF NEW HIGH SCHOOL ENROLLEES

2. Use the chart to identify the appropriate age-range for each grade level.
3. Any student who is 18 and cannot graduate by June may be referred to Alternative Education, San Joaquin High School, or the Community College System.

Academic Records and Prior Educational Experience

1. Students shall be entitled to only four consecutive academic years (eight semesters) of combined high school experience.
2. Academic records indicating the appropriate years of middle school and/or years of high school are used to determine grade and program placement.
3. Review official transcripts, carefully considering total credits earned and alignment to graduation requirements.
4. Students who enroll in IUSD at the **beginning of the first semester** of an IUSD school year, having completed one semester of a grade in a foreign country, shall be enrolled according to age, records and guidelines for off-cycle placement.
5. Students, who enroll in IUSD at the **beginning of the second semester** of an IUSD school year, having just completed a full school year in a foreign country, shall be enrolled according to age, records and guidelines for off-cycle placement. Utilization of a 9th semester option may keep the student on cycle if all other components are in alignment and the family is in agreement.
6. At the discretion of school/district administration, students who enroll at the end of a semester may be placed in a recommended district transitional or alternative program for the remainder of the semester. The students shall then be placed in the appropriate grade level, based on the above criteria, for the following fall semester without loss of any of their four-year entitlement.
7. Students missing a semester or less are encouraged to develop a plan to meet all graduation requirements in the normal four-year time span. In some cases, this may require summer school, adult education, and/or Community College courses.
8. A ninth semester option will be available at either the home high school or through Alternative Education with the right to earn a diploma from the student's home high school for students who meet certain prescribed conditions.
