

**IUSD HEALTH SERVICES  
ORAL HEALTH ASSESSMENT**

California law, Education Code Section 49452.8, now requires that your child have an oral health assessment in kindergarten or first grade, whichever is his or her first year of public school. The law specifies that the assessment must be performed by a licensed dentist or other licensed or registered dental health professional. Irvine Unified School District recommends that this examination be done prior to school entry and an oral health assessment done within the 12 months prior to your child entering school does meet this requirement.
