Parent Forums

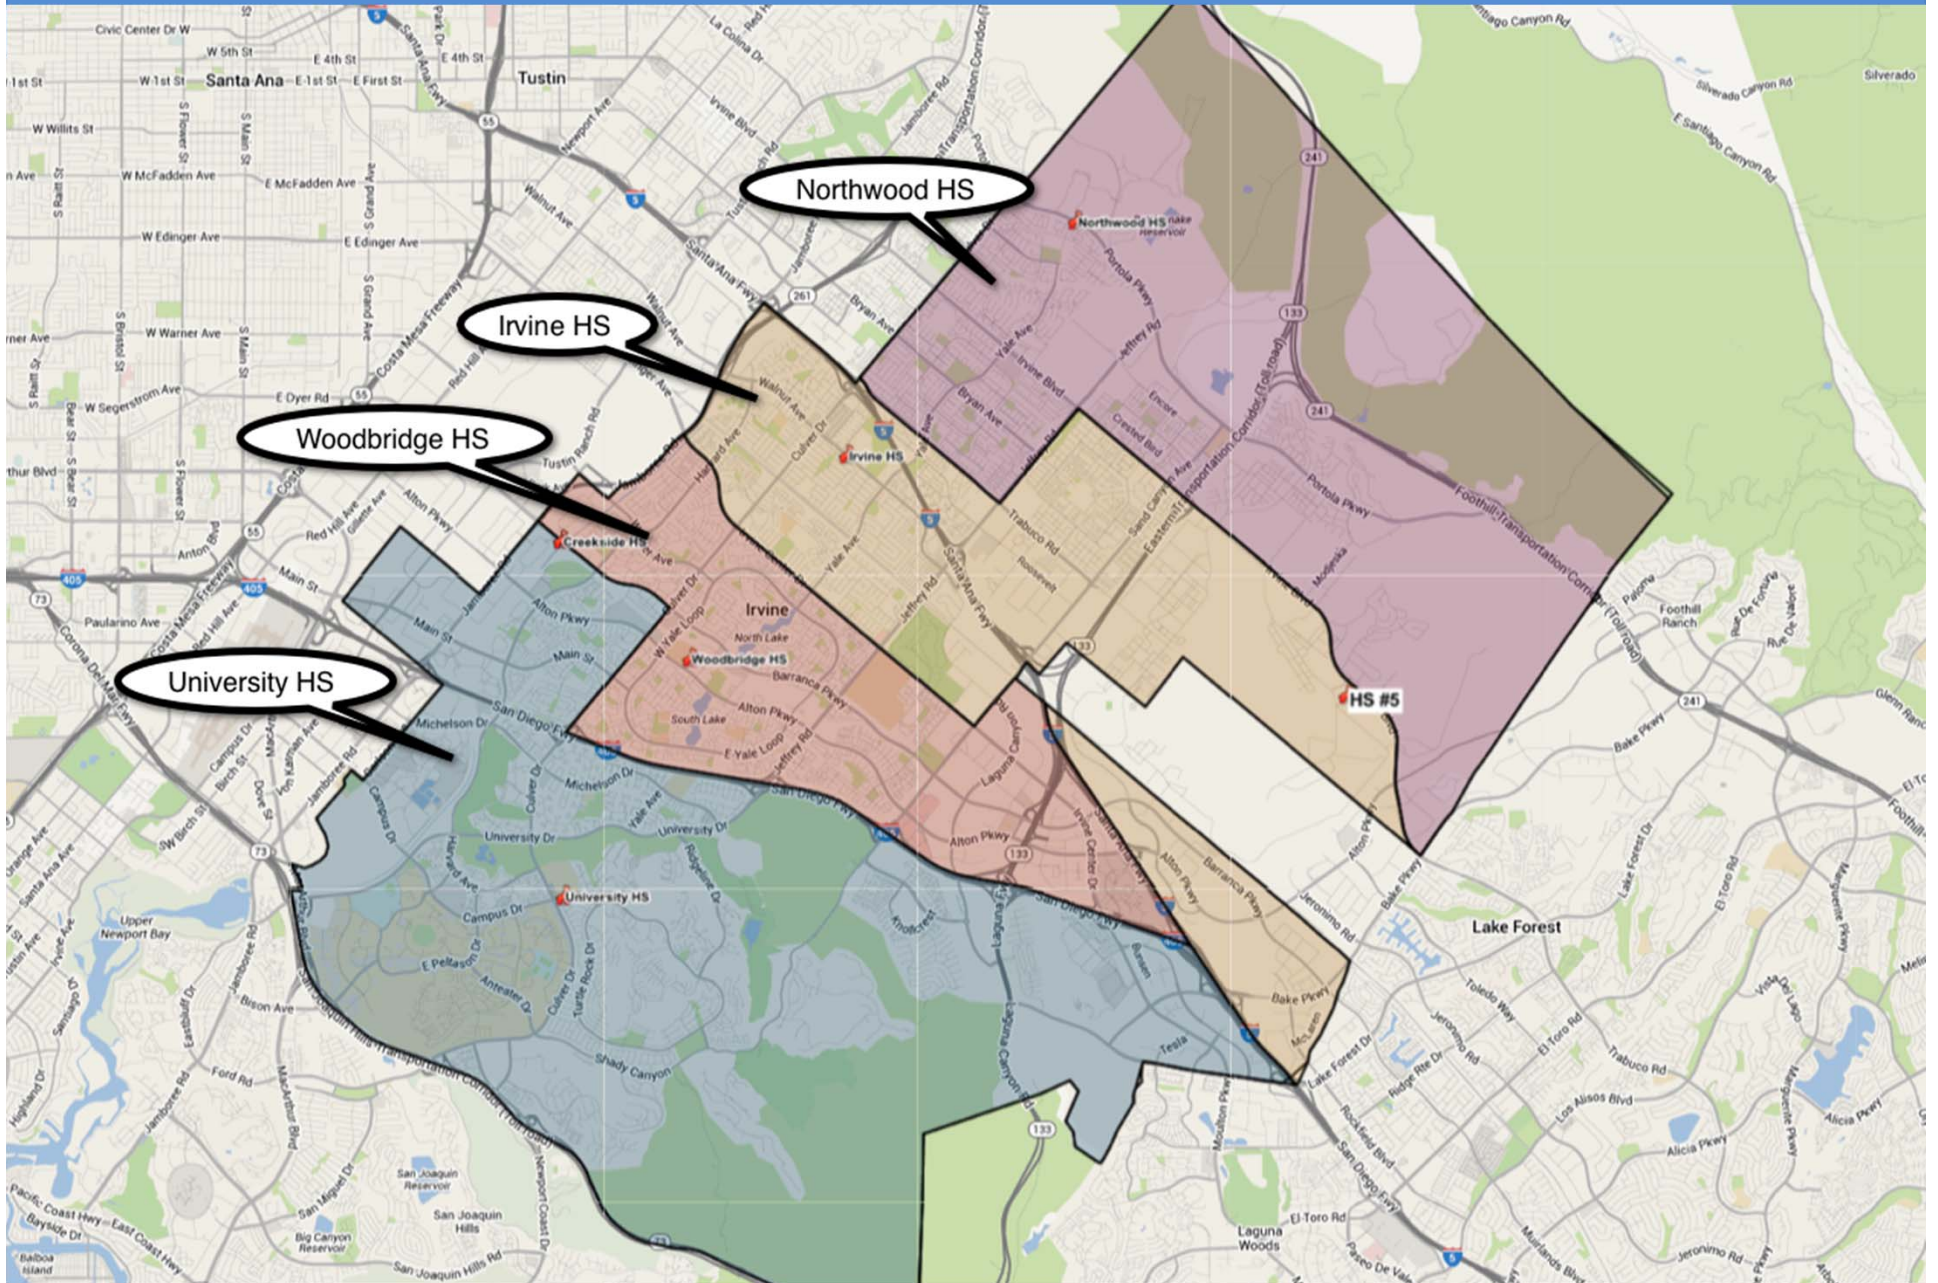

Parent Forums are scheduled at each of the high schools to provide parents with information regarding the proposed changes and an opportunity to provide feedback to the Boundary Advisory and Steering Committees.

Students currently in Kindergarten through 7th grade will be the first students impacted by these boundary changes with the opening of High School #5 in 2016.

Wed., March 19	Woodbridge HS Staff Lounge
Mon., March 24	Irvine HS Theater
Wed., March 26	University HS MPR
Tues., April 1	NHS Media Center

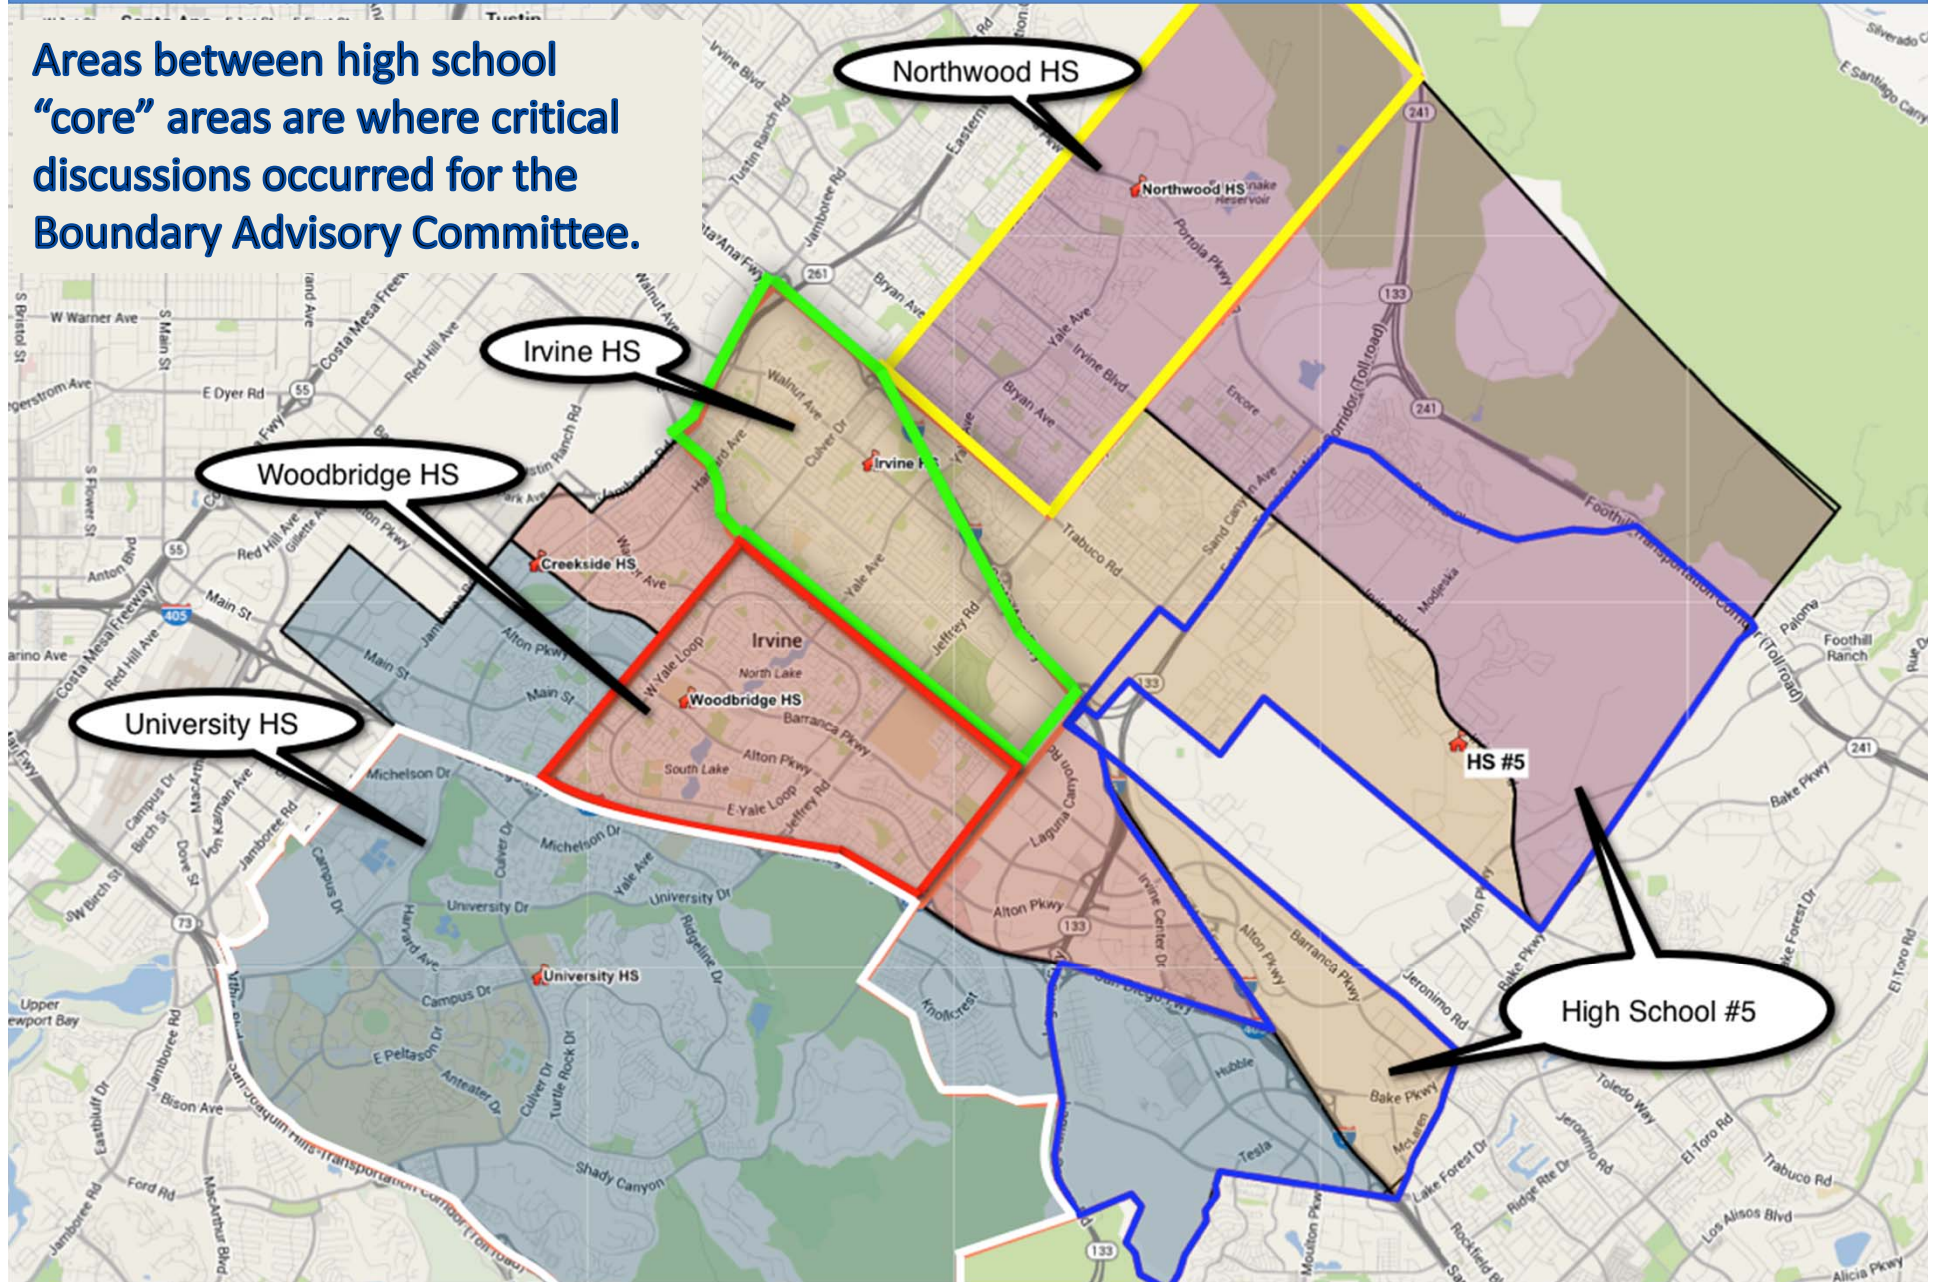

All meetings will be held from 7pm to 8:00pm

HS #5 Opening Year Grades

The Boundary Advisory Committee members drew consensus and recommend that:

1. HS #5 open with 9th and 10th grades to insure a viable student enrollment at the new high school in 2016 .
 2. Students entering 9th and 10th grade in 2016 and who reside in HS #5's attendance area be required to enroll at and attend HS #5.
 3. Students entering 9th grade in 2016 and who reside in the new boundaries for Irvine, Northwood, University and Woodbridge high schools be required to enroll in these schools based on the new boundaries.
-

DRAFT of implementation and transition of students to the new high school boundaries beginning Fall 2016

1. **All 11th and 12th grade students** continue to attend the high school where they were enrolled during school year 2015-16 through completion of high school.
2. **New 11th and 12th grade students** to IUSD enroll at IHS, NHS, UHS or WHS based on their residence in the new high school boundaries. Until HS #5 serves 11th and then 12th grade, new 11th and 12th grade students who reside in HS #5's boundary attend IHS, NHS, UHS, or WHS based on school boundaries for school year 2015-16.
3. **New 10th grade students to IUSD** are required to attend an IUSD high school based on their residence in the new high school boundaries.
4. **All 10th grade students who reside inside HS #5's** school boundary are required to attend HS #5. A 10th grade student with an older sibling attending another IUSD high school in 2016-17 may request and be approved to attend the same high school, if space permits.
5. **All 10th grade students who reside in a high school boundary other than HS #5's** school boundary AND were in attendance at an IUSD school during school year 2015-16:
 - a) Continue to attend the IUSD high school where they were enrolled as a 9th grade student during school year 2015-16 through completion of high school, OR
 - b) Can request and enroll at the high school newly assigned to their residence based on 2016-17 boundaries, if space permits. These requests would be addressed prior to the 1-1 school choice process.
6. **All 9th grade students** are required to attend the IUSD high school based on their place of residence in the **new** high school boundaries approved for school year 2016-17. A 9th grade student with an older sibling attending another IUSD high school in 2016-17 may request and be approved to attend the same high school, if space permits.
7. **Current School Choice based on lottery and a 1 for 1 exchange** will remain available.
8. All other district transfer policies and procedures remain in place to address parent and student requests for school placement.
