- ▶ Budget assumptions are developed with guidance from: the Orange County Department of Education; California Department of Education; School Services of California; California Association of School Business Officials; and a number of other sources

Observations

- ▶ While economy continues to grow there are signs that a slow down may be on the horizon
 - Real estate continues to lag locally - OC Register recently reported a 13.3% countywide decline in August - November 2017 to 2018
 - Citing escalating prices and more expensive mortgages
 - Will watch closely as this impacts enrollment
- ▶ While no recession is currently forecast, most economists believe that there will be an economic slowdown in 2020

Building 2019-20 LCAP/Budget

- ▶ Utilizing input from numerous stakeholders through the LCAP process, IUSD has leveraged use of one-time resources over multiple fiscal years
- ▶ Approximately \$9.2 million in “one-time” investments were targeted to drop off at end of 2019
- ▶ In recognition, current year resources both on-going and one-time set aside
 - ▶ 2018-19 Available:
 - ▶ \$13 million on-going
 - ▶ \$11 million one-time
- ▶ While encouraging, the 2019-20 State Budget will not be finalized until June
