School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Creekside High School, the second oldest high school in Irvine Unified, was established in the summer of 1974 as the alternative high school for Irvine Unified School District. It was the result of efforts of a group of students, parents, teachers and administrators who challenged the assumption that a comprehensive high school is an appropriate learning environment for ALL students. In 1981 the Irvine Unified School District created an Independent Study Program and it was renamed San Joaquin High School in 1988. San Joaquin High School is an optional, alternative school where students are required to study 20+ hours a week, independently, in addition to a minimum of one hour of class-time, per class, every week. Some courses may require additional "on-site" time. Both Creekside and San Joaquin High School draw students from throughout IUSD's traditional high schools. We are a workable and proven choice to Irvine's larger, traditional high schools. Both schools are accredited through WASC, the Western Association of Schools and Colleges.

The high school classrooms include a multi-media lab, a construction technology classroom, a science lab classroom, a fitness center, a CTE medical classroom, 2-D and 3-D Arts rooms adjacent to an outdoor ceramics laboratory, a state-of-the-art Culinary Arts facility, and 10 general education classrooms.

A student's presence in Irvine Unified School District alternative programs place greater personal responsibility and discipline to respond, not only to graduation requirements, but to prepare themselves academically, socially, and emotionally for "life after high school." We are committed to our students becoming independent learners who are, ultimately, accountable for their own education and achievement of personal goals.

Our Motto:

"Every day is a new day to succeed!"

Our Vision:

Our vision is to empower students as lifelong learners, to acquire, demonstrate and value the knowledge and skills needed to participate in and contribute to the global world and embody the core values of commitment, honor and self-direction.

Our Mission:

Creekside High School is dedicated to helping students achieve their individual potential through academic and personal growth.

Student Learning Objective's:

- Effective Communicators
- Critical Thinkers
- Self-Directed Individuals
- Contributing Community Members

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

We encouraged students to take pride in the ownership of their school. Creekside students take pride in their efforts to maintain a peaceful, non-violent supportive student environment. Every student, upon enrollment and annually as long as enrolled, makes a commitment to treating every member of the Creekside community with dignity and respect. The new facilities and classrooms are providing excellent instructional space for our students. Through the implementation of a student leadership class, efforts are made to promote recycling, picking up trash, and promoting harmony amongst students. Additionally, the entire facility is clean, well-maintained, and annually passes District inspections.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	2	N/A	74	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019-2020)

Students at Creekside High School have opportunities to participate in Career and Technical Education (CTE) coursework in the following pathways:

- Design, Visual, and Media Arts (Graphic Design)

- Food Science, Dietetics, and Nutrition
- Patient Care
- Residential and Commercial Construction
- Public Safety
- Emergency Response

High school students throughout Irvine Unified are able to enroll in after-bell CTE courses at Creekside High School. CTE courses are aligned with the CA CTE Model Curriculum Standards and the CA Career Readiness Standards. The CTE program is integrated with the academic program and satisfy high school graduation requirements. CTE courses are UC a-g approved college preparatory courses meeting course requirements for admission to the University of California and California State University campuses. The CTE program has a strong guidance-counseling component where students participate in career exploration through individual student-counselor meetings and group guidance lessons that include career interest surveys and preparing for college and career.

The district’s partnership with Coastline ROP (Regional Occupation Program) makes additional career exploratory courses available in various industry sectors. The CTE program includes courses that articulate with regional community colleges and many culminate in industry-recognized certifications.

The district is a member of regional consortiums including participating members in OC Pathways, CTEoc (CTE Orange County), the Irvine Chamber of Commerce, and Orange County Business Council. Teachers participate in professional development and network with business and industry representatives who serve as guest speakers, mentors, and advisors. Members of the business community participate in the career and technical education advisory committee.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Our parents can be involved in School Site Council, Parent Information Night Meetings (once a quarter, various topics), Back to School Night and our annual Awards Banquet. Additionally, students and parents are invited to participate in our quarterly recognition luncheon that celebrates students making positive choices and improving their self worth. Parents are routinely involved in all form of parent-student-staff conferencing. Additionally, using technological innovations, which include the School Messenger Auto-Dialer, web-based myUSD.org, and listserve/email, parents have immediate access to student performance information and school has the capability of sending important information to parents via these different mediums.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Suspensions	17.5	28.9	1.2	1.0	3.5	3.5
Expulsions	2.6	0.6	0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	31	277	
Expulsions	1	5	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Our emphasis — to ensure a safe school environment for our students — includes the re-certification of our staff in disaster preparedness, such as search and rescue techniques, CPR/First Aid, and in-service activities related to school safety assessments, violence assessments, legal updates, and aggressive involvement by all stakeholders in assuring a safe school environment. Apart from this, we have an annual district safety inspection.

The School Safety Plan and School Emergency Plan are reviewed annually, and approved by the School Site Council. Major areas of focus for the School Safety plan include:

- Continue to support a caring and connected school environment that provides both academic and emotional support for all students.
- To review with students in Advisement “IUSD Multi-Hazard Emergency” scenarios for the purpose of a school wide awareness, preparation, and readiness in case of a real disaster.
- Ensure parent and community have access to Guidance Resources.
- Create a physical environment that maintains an aesthetic level in line with the high standards set by our community, faculty, and IUSD.
- Ensure that Creekside Education Center has supplies and safety items in the event of an emergency.

From this plan, a comprehensive school Emergency Plan was developed and reviewed with staff September 2020. Staff reviews the plan each semester, with emergency drills (lockdown, fire drills, and earthquake) being held 6 times per year. October 2020 and April 2021 are earthquake drills, November 2020 and March 2021 is a fire drill, December 2020 and May 2021 is a lock down drill. Additional intruder training is provided to staff members yearly and was held November 2020.

Our continued success depends on close working relationships between district administrators and school faculty and staff, as well as the active participation of parents and community leaders. Creekside students and staff have an exceptionally excellent collaborative working relationship with the Irvine Police Department’s School Resource Officers and investigators. Staff and students take pride in these relationships and the ability to keep Creekside safe for all students and staff.

Types of Services Funded (Fiscal Year 2019-2020)

The Local Control Funding Formula has replaced California’s previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the new model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	15	15	10

High quality staff development, like quality teaching, is learning-based, activity driven, focused on instructional improvement and is an on-going process of professional renewal. Creekside's Continuous Improvement Efforts enable professional staff to reexamine their assumptions about teaching and learning. Staff development activities include significant time to develop personalized responses to instructional improvement with both appropriate collegial and expert assistance networking. High quality staff development challenges professional staff to make learning dynamic, intellectually stimulating, and connected to thinking which goes beyond the classroom walls. Effective staff development creates a learning community among professional staff that strengthens the individual teacher and the bond among teachers. Tailored staff development activities are essential for maintaining and improving quality education.

Creekside High School utilizes Mondays for teacher professional development. There are 3 different activity focus areas each Monday conducted on a rotating schedule: Staff meeting, students needing support meeting, and PLC. Administrators support teachers through quarterly data review meetings, classroom walk-through's and observations. Additionally, teachers are provided 3 professional development days per year along with 4 PLC release days. Additionally we hold weekly staff development meetings that are one hour in length, 6 times per year.

In 2020-2021, our professional development focus is centered around Professional Learning Communities, The Learning Cycle, Ensuring hope, efficacy, and achievement with our assessments, common assessments, and using data to drive instruction.
