## School Accountability Report Card

### Reported Using Data from the 2019-2020 School Year

#### Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Description and Mission Statement (School Year 2020-2021)

Our mission is to enable each student to become a contributing member of society with an appreciation for complexity and ambiguity, empowered with the knowledge, skills, and values necessary to meet the challenges of a changing world by providing the highest quality educational experience we can envision.

As parents and community members, we invite you to join us to continue to set high expectations for our students that will help them be successful in their post high school experiences. Educating our youth must be a partnership. Together, we will build a better tomorrow.

University High School, located in the southern part of the Irvine Unified School District, serves just under 2,200 students with 60 of our students in the Deaf and Hard of Hearing Program grades 9-12. The ethnic and socioeconomic make-up of the student body represents a rich and varied mix. One hundred percent of University High's graduates enter post-secondary institutions. Of these, 60% enter four-year universities and colleges, while 40% of our graduates enter community college. University High students have consistently been successful in national and state academic awards programs such as the National Merit Scholarship Program, where 36 students qualified as finalists in spring of 2019. English speaking students make up a majority of our population.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### Teacher Credentials

Teachers	School 2018-19	School 2019-20	School 2020-21	District 2020-21

## School Facility Conditions and Planned Improvements

University High School strives to ensure and maintain a clean, safe, and functional campus. A google form allows for immediate response to any Facilities-related issues. Each year the administrative team alongside with the plant manager and IT team reevaluate instructional needs on campus as they relate to facilities in order to maintain an environment that meets the needs of students and teachers. In June 2016, Irvine voters passed Measure E, a school facilities bond estimated at \$319 million. In 2018, Science classrooms and labs, over 25 years old, were remodeled and modernized in order to better accommodate the courses taught in them as well as bring them up to code. The next phase of the Measure E funds will be to construct and upgrade a brand new Theater and VAPA classrooms with an anticipated start date of 2025.

The wireless network was updated and completed by January of 2019 in order to continue improving access to online resources and tools. University High School regularly invests in technology to support the instructional program. Each classroom is equipped with a computer, LCD projector, screen, and document camera. There are three computer labs for student use and the library has over 70 devices available to students. At least 35 classroom teachers have full sets of laptops or chromebooks for student use during instructional time.

## School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2018-19	School 2019-20	District 2018-19	District 2019-20	State 2018-19	State 2019-20
English Language Arts/Literacy (grades 3-8 and 11)	78	N/A	78	N/A	50	N/A
Mathematics (grades 3-8 and 11)	75	N/A	74	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**Career Technical Education Programs (School Year 2019-2020)**

Students at University High School have opportunities to participate in Career and Technical Education (CTE) coursework that provides them with the skills to pursue careers in high demand industries in Southern California. The career pathways leading to post-secondary employment and college or university education programs are the following:

- Design, Visual, and Media Arts (Graphic Design, Visual and Commercial Art)
- Production and Managerial Arts (Stage Technology, Film-Video Production, and Multimedia Production)
- Software and Systems Development (Web and Social Media Programming and Design)
- Systems Diagnostics, Service, and Repair
- Entrepreneurship/Self-Employment

The CTE program is integrated with the academic program and satisfy high school graduation requirements. CTE courses are UC a-g approved college preparatory courses meeting course requirements for admission to the University of California and California State University campuses. The CTE program has a strong guidance-counseling component where students participate in career exploration through individual student-counselor meetings and group guidance lessons that include career interest surveys and preparing for college and career.

The district’s partnership with Coastline ROP (Regional Occupation Program) makes additional career exploratory courses available in all industry sectors. The CTE program includes courses that articulate with regional community colleges and many culminate in industry-recognized certifications.

The district is a member of regional consortiums including participating members in OC Pathways, CTEoc (CTE Orange County), the Irvine Chamber of Commerce, and the Orange County Business Council. Teachers participate in professional development and network with business and industry representatives who serve as guest speakers, mentors, and advisors. Members of the business community participate in the career and technical education advisory committee.

**Career Technical Education (CTE) Participation (School Year 2019-2020)**

Measure	CTE Program Participation
Number of Pupils Participating in CTE	554
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	67.6
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	

**Courses for University of California (UC) and/or California State University (CSU) Admission**

UC/CSU Course Measure	Percent
2019-20 Pupils Enrolled in Courses Required for UC/CSU Admission	99.46
2018-19 Graduates Who Completed All Courses Required for UC/CSU Admission	76.47

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

**California Physical Fitness Test Results (School Year 2019-2020)**

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards

7	N/A	N/A	N/A
9	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-56-20 was issued which waived the requirement to administer the physical fitness performance test for the 2019–2020 school year.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2020-2021)

---

School Site Council Representatives

PTSA Board and Committees (meets the last Tuesday of each month)

PTSA Student Store operated 5 days per week

All Night Graduation Party Committee

Parent Advisory Committees (ELAC, etc.)

School Volunteers

Parent Booster organizations for both athletics and performing arts

Parents may access the MyIUSD for information about their students (attendance, academics, discipline)

Parents can opt in through CANVAS which many of our teachers use to post assignments and other class materials and resources

Parents may access the University High School web page for academic and activities information

Teachers and staff are always available to answer questions and provide clarification.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2016-17	School 2017-18	School 2018-19	District 2016-17	District 2017-18	District 2018-19	State 2016-17	State 2017-18	State 2018-19

<b>Graduation Rate</b>	94.1	93.4	93.5	94.7	95.7	95.6	82.7	83	84.5

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	1.8	1.3	1.2	1.0	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

### Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	28	277	
Expulsions	0	5	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

### School Safety Plan (School Year 2020-2021)

The University High School Comprehensive Safe School Plan was updated during the fall of 2019 by the school safety committee and reviewed by the school community during Back to School Night on September 11th, 2019. Elements of the plan regarding emergency preparation, the Trojan Code of Conduct, and evacuation procedures have been communicated to the entire staff over the course of the 2019 fall semester. A copy of this plan is maintained in the front office and is available for review upon request. Key elements of the plan include:

- procedures that create a safe and orderly environment conducive to learning at school
- disaster, fire, evacuation and lockdown procedures, protocols, related forms and duties
- procedures for safe ingress and egress of pupils, parents, and school employees to and from school
- areas and issues of safety concern on campus
- Trojan Code of Conduct
- reference to education code relevant to school safety
- current data review of attendance, suspensions, expulsions and crimes committed on campus
- campus, district and community contact information in the case of an emergency

### Average Class Size and Class Size Distribution (Secondary)

\*Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

### Ratio of Pupils to Academic Counselor (School Year 2019-2020)

Title	Ratio
Academic Counselors*	460.6

\*One full time equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

### Student Support Services Staff (School Year 2019-2020)

Title	Number of FTE* Assigned to School
Counselor (Academic, Social/Behavioral or Career Development)	4.8
Library Media Teacher (Librarian)	0.3
Library Media Services Staff (Paraprofessional)	
Psychologist	
Social Worker	
Nurse	1
Speech/Language/Hearing Specialist	1
Resource Specialist (non-teaching)	
Other	1.6

\*One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

## Types of Services Funded (Fiscal Year 2019-2020)

The Local Control Funding Formula has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the new model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program, 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

### Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement			

The schoolwide concentrated effort going into the 2014-15 school year was to bring consistency to curriculum, instruction and assessment in an effort to support all students. An annual comprehensive data review took place during the summer in which the Leadership Team analyzes all standardized testing results, grade distributions, and other pertinent information as a springboard to set all school improvement decisions.

Additionally, much time and effort was being given to developing a sound transition focus for students to assure them of skills they can gain to enter the work force and/or attend higher education. Students, parents and counselor meet at the end of the sophomore year to review educational progress and plan the student's program for the future.

During the 2015-16 school year, the University High School staff completed the intensive process of self-analysis and evaluation that is integral to the accreditation protocol set forth by the governing Western Association of Schools and Colleges. The steps taken included all staff members and representative groups of parents and students. The work started during the 2014-15 school year carried forward through the WASC Team visit in the spring of 2016. Currently, we have a plan (WASC Action Plan and School Plan for Student Achievement) that identifies two Critical Areas of Need:

1. Increase the degree to which all students experience a consistent quality of curriculum, instruction and assessment in courses taught by multiple teachers
2. Increase student understanding of and experience with real-world application of course content

Our team has identified continues to refine the various action steps that are and will be taken by our school as a whole and by individual departments and curricular teams. This plan resides in the format of both our WASC Accreditation Action Plan, as well as, our School Plan for Student Achievement and will serve as the blueprint for staff development over the next three years to six years.

Over the past several years, three days per year, or 18 hours, are allocated for targeted staff development activities, which occur on Wednesday mornings for on-going teacher collaboration and training. There is also one day in October dedicated to specific onsite staff development needs. This day is planned and executed by administrative team in collaboration with the leadership team of the school and other key members of the school site and district teams depending on needed expertise. In addition to these days, we have one full day before school starts and one day in February during which the professional development is orchestrated by the district Education Services team and is designed to support initiatives as articulated in our Local Control Accountability Plan (LCAP).
