2020 - 2021 Annual Parent/ Employee Notification

Dear Parent/ Employee;

The Healthy Schools Act of 2000 was signed into law in September 2000 and requires that the District provide all Parents and employees with an annual written notification of expected pesticide use at their school site or workplace. This notification identifies the product that may be used and its active ingredient(s). Please see page 3 of this letter for the list of chemicals that may be used in the District.

The scheduled pesticide applications for your school site or workplace, is attached. It is also posted on the District website at www.iusd.org. To find the application dates go to the A-Z drop down located on the IUSD main page, then click on B, click on Business Services, click on Maintenance and Operations, click on HSA/IPM Procedures, click on 2020-21 Grounds Chemical Application Schedule or the 2020 Custodial Pesticide Schedule.

Parents or guardians may request prior notification of individual non-exempt pesticide applications at the school site that are outside the calendar schedule or not on the list. People listed on this registry will be notified at least 72 hours before pesticides are applied, or if under emergency conditions will be notified as soon as possible.

If you have any questions, please call the IPM coordinator at 949.936.5392.

Sincerely

Joe Hoffman, Director

Request for Individual Pesticide Application Notification

I understand that, upon request, the school district will supply information about individual non-exempt pesticide applications that are outside the calendar schedule or not on the 2020-2021 Pesticide/Fungicide/Herbicide List.

I would like to be notified 72 hours before each pesticide application outside the calendar schedule or not on the 2020-2021 List at the school, or if under emergency conditions notified as soon as possible.

Please print neatly:
