

Request for Information No. I

Bid No. 19/20-01NS, Kitchen Equipment

January 16, 2020

Response to Contractors' Questions

- 1.1 Question: "Will this contract be replacing "Bid No. 15/16-03, Kitchen Equipment, Smallwares & Accessories" and/or "Bid No. 16/17-01NS, Kitchen Equipment & Accessories"?"

Answer: The bids listed above in question 1.1 have expired.

- 1.2 Question: "Our company would be interested in bidding as a supplier of repair parts for this equipment. Can you please confirm if this is the appropriate RFP to respond to for that?"

Answer: Bidders should review the entire bid and decide whether they want to submit a bid.

- 1.3 Question: "My company is interested in placing a bid for the Kitchen Equipment needed at the Irvine Unified School District for the upcoming year. Could you please send me the previously awarded bid tabulation and pricing information from the last time that these items were bid on?"

Answer: See attached matrix.

- 1.4 Question: "Is this bid line item?"

Answer: Review and reference Information for Bidders, section 11, Award of Contract.

- 1.5 Question: "And also each piece of equipment needs brought inside and put in place?"

Answer: Review and reference the bid, specifically a) Information for Bidders, section 3, Bid Pricing, b) Bid Form/Bid Form Pricing Sheet no. 15 and page 22, and c) General Conditions, section 4.

- 1.6 Question: "Also is there a list showing where each piece of equipment is delivering to?"

Answer: No; items will be purchased when and where needed.

- 1.7 Question: "Do you have each piece of equipment's address/school site info?"

Answer: See answer to no. 1.6.

- 1.8 Question: "Do you have a list by chance of where each piece of equipment is headed (site location) so I can get accurate inside and install quotes?"

Answer: See answer to no. 1.6.

1.9 Question: “How long is pricing good for? Is this a contract or one time purchase?”

Answer: Review and reference the bid, specifically a) Bid Form, section 3, b) Sample Agreement, section 4 and c) General Conditions, sections 3 and 4.

1.10 Question: “On page 6 item #3, the sentence uses the phrase "any required installation". So do we just need to uncrate assemble and set in place or do we also need to make final connections? This affects the cooking equipment which will need gas, water and drain lines connected.”

Answer: As stated in the Bid, “**Bid prices are to include shipping, F.O.B. Irvine Unified School District, assembly, inside delivery, and any required installation.**” Bidder will not be required to address any utility connections, nor will they be required to install infrastructure, such as, gas lines, electricity or drainage. District will handle hook-ups to District’s utilities (electrical, gas, water) and drainage when required by equipment.

1.11 Question: “Please clarify details of scope of services requested on 19/20-01NS Bid Form, Section 15. Stated: “Bid prices are to include shipping, F.O.B. Irvine Unified School District, assembly, inside delivery, and any required installation.” This wide and unclear scope of services for installation dramatically affects the time, materials, and work force which may needed to complete teach installation.”

Answer: See answer to no. 1.10.

1.12 Question: “Can I get clarification That this is going to be awarded by line item? I may not be able to quote all items, If that is ok to send with what I can? Please advise?”

Answer: See answer to no. 1.4.

1.13 Question: “Also are you needing Installation? This is a really big project, I will need to know exactly what items you will need installed and do know our installers will quote as a whole job, Is this something that will be purchased as a lot order? Please advise so I can know how to quote this for you.”

Answer: As stated in the bid, installation is required. No, this is not a lot purchase/order; items will be purchased if and when needed throughout the term of the contract.

1.14 Question: “3. Bid Pricing. Bid prices are to include shipping, F.O.B. Irvine Unified School District, assembly, inside delivery, and any required installation is what has me questioning, Are you needing Uncrate & set in Place for the other items not being installed?”

Answer: Yes, equipment is required to be uncrated, assembled if/when required for said equipment, delivered inside, and installed/set in place.

Bid No. 16/17-01NS, Kitchen Equipment and Accessories
