Educators for Social Justice

Continuous Improvement Efforts:

• District Goal
• School Goal
• Teacher Goal
2020 - 2021 District-Wide Goal

Through an explicit focus on social justice and anti-bias, our staff will help students cultivate the knowledge and skills necessary to reduce prejudice and take collective action to improve conditions for marginalized groups.

By integrating the Social Justice Standards and addressing the four domains of identity, diversity, justice and action, we will help create civil and inclusive school communities where children cultivate empathy, challenge prejudice, and learn to be active participants within our democracy.
Each school will integrate the Social Justice Standards into the curriculum, into their classrooms, and into their school culture.

Each school will develop a goal outlining the collective action they will take as a staff to create environments that challenge inequity, raise consciousness, and improve conditions for our marginalized groups.
Teachers will develop a goal from the guiding practices that will enable them to anticipate, understand, and respond proactively to student needs.

Teachers will develop a goal that will help them to create an environment within the classroom that challenges inequity, raises consciousness, and improves conditions for our marginalized groups.
Social Justice Standards - Identity

Identity: K-2 - I know and like who I am and can talk about my family and myself and name some of my group identities.

Identity: 3-5 - I know and like who I am and can talk about my family and myself and describe our various group identities.

Identity: 6-8 - I know and like who I am and can comfortably talk about my family and myself and describe our various group identities.

Identity: 9-12 - I have a positive view of myself, including an awareness of and comfort with my membership in multiple groups in society.
Diversity: K-2 - I like being around people who are like me and different from me, and I can be friendly to everyone.

Diversity: 3-5 - I like knowing people who are like me and different from me, and I treat each person with respect.

Diversity: 6-8 - I interact with people who are similar and different from me, and I show respect to all people.

Diversity: 9-12 - I interact comfortably and respectfully with all people, whether they are similar to or different from me.
Justice: K-2 - I know my friends have many identities, but they are always still themselves.

Justice: 3-5 - I try and get to know people as individuals because I know it is unfair to think all people in a shared identity group are the same.

Justice: 6-8 - I relate to people as individuals and not representatives of groups, and I can name some common stereotypes I observe people using.

Justice: 9-12 - I relate to all people as individuals rather than representatives of groups and can identify stereotypes when I see or hear them.
Social Justice Standards - Action

Action: K-2 - I care about those who are treated unfairly.

Action: 3-5 - I pay attention to how people (including myself) are treated and I try to treat others how I like to be treated.

Action: 6-8 - I am concerned about how people (including myself) are treated and feel for people when they are excluded or mistreated because of their identities.

Action: 9-12 - I express empathy when people are excluded or mistreated because of their identities and concern when I personally experience bias.
2020 - 2021 - Small but IMPACTFUL action

Educating ourselves
Finding ways to integrate the standards meaningfully
Building community in both virtual and in person instruction
