SCHOOL DISTRICT**

1. We shall prepare all students for their respective futures.

We believe preparing all students for their respective futures requires empowering students to own their learning. Teachers must infuse creativity and innovation, thinking and problem-solving, as well as the application of skills and concepts into the curriculum. In order to improve learning outcomes for all students, we must rely on evidence to inform instruction and implement prevention and intervention strategies as needed. Most importantly, as we strive to produce critical and divergent thinkers who will emerge as productive citizens, we must ensure equity and access to opportunity so that each student develops essential capacities in the areas of knowledge and understanding, communication, problem-solving and relationships/interpersonal skills, as outlined in our Continuous Improvement Efforts (iusd.org/continuous-improvement-efforts).

Strategy 1 - Support the learning of essential content standards in a context of application.

Strategy 2 - Improve student performance by aligning academic standards, social and emotional support, health and wellness resources and behavioral expectations.

Strategy 3 - Embrace instructional practices that cultivate the essential capacities in students and staff.

Strategy 4 - Utilize Professional Learning Communities (PLCs) as a proven vehicle to support instruction to increase student learning (iusd.org/PLCs).

Strategy 5 - Utilize the Learning Cycle: To clarify learning outcomes, to elicit and analyze evidence of learning outcomes, to adjust instruction to meet the needs of each student and to evaluate our impact on student learning.

Strategy 6 - Create learning environments that encourage intellectual risk.

Strategic Initiative No. 1

Strategy 6 - Create learning environments that encourage intellectual risk, student learning, to meet the needs of each student and to evaluate our impact on

Strategic Initiative No. 1 We Shall Prepare All Students for their Respective Futures.

2. We shall optimize our comprehensive human resources system to select, develop and retain a professional staff that can create, implement and maintain the highest quality educational experience for all students.

Based upon our belief that people are our most valuable resource, we are committed to attracting, developing, supporting and retaining employees who understand and embrace our vision and values. The bulk/majority of our fiscal resources are spent on the people who comprise our organization and deliver services to students. It is therefore imperative that we leverage and empower personnel as they develop essential capacities to support students.

- Strategy 1** - Recruit, support and retain extraordinary professionals and leaders for all schools, departments and programs (iusd.org/human-resources).
- Strategy 2** - Establish and maintain an inclusive and respectful professional culture that supports our vision and values through collaboration, communication and innovative practices.
- Strategy 3** - Design and implement professional growth opportunities to build capacity, cultivate collaboration and efficiency to maximize the collective talents and efficacy of our employees.
- Strategy 4** - Implement practices, systems and processes that leverage resources to enhance the capacity of staff to support student learning (iusd.org/induction-program).

Strategic Initiative No. 2 We Shall Optimize our Comprehensive Human Resources System to Select, Develop and Retain A Professional Staff that can Create, Implement and Maintain the Highest Quality Educational Experience for All Students.

3. We shall communicate effectively and form strategic alliances to secure the support and resources necessary to deliver our vision.

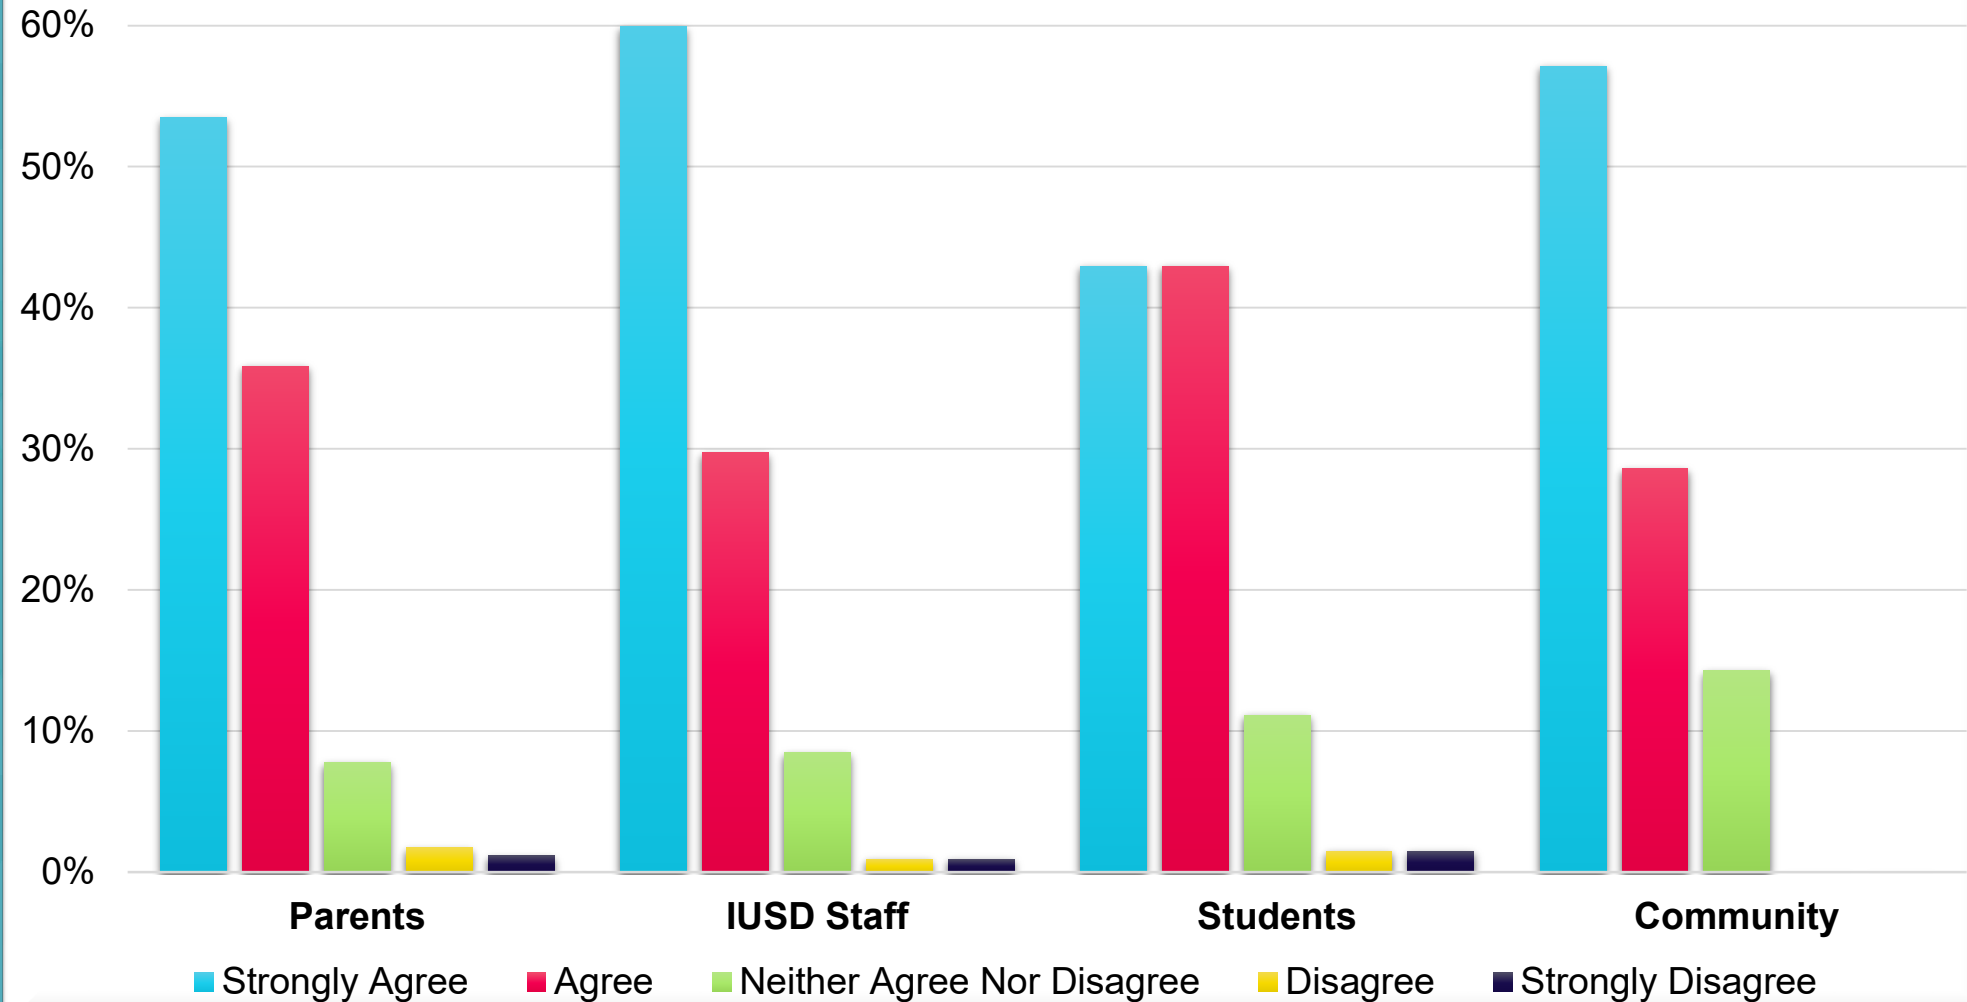

In this age of information and technology, in which people are more connected than ever before, with 24/7 access to information from a variety of sources, it is crucial for IUSD to have a strong, yet personal, proactive communications strategy that incorporates robust internal and external outreach. Quality communications and a service orientation with our community, parents, staff, business and civic leaders must be a high priority in order to develop support for our schools and programs and to effectively communicate the District's vision (iusd.org/our-district/mission-vision). A citizenry, well informed about our challenges, successes, needs and issues, requires a plan that utilizes a wide range of communication tools and strategies, as well as messages that are clear, consistent and easily accessible.

- Strategy 1** - Communication with, and outreach to, IUSD stakeholders including parents and students is a District priority. Create a comprehensive and evolving approach to communication, utilizing new strategies in order to share IUSD's vision and values with our many stakeholders, engage our community in a productive dialogue and establish a culture of trust and loyalty (iusd.org/news-center).
- Strategy 2** - Expand within the organization the entrepreneurial skills, creativity and passion for reaching out to various publics and drawing on their unique capacities.
- Strategy 3** - Sustain and enhance synergistic coalitions with organizations such as PTA, IPSF, employee organizations, the City of Irvine, the Chamber of Commerce, service clubs, other school districts, institutions of higher learning and state and national organizations in pursuit of common goals.
- Strategy 4** - Legislative action is critical to the District's success. The District will ensure stakeholders are well informed about the District's needs and what the District is advocating to policymakers regarding (iusd.org/legislative-priorities).

Strategic Initiative No. 3

Strategic Initiative No. 3 We Shall Communicate Effectively and form Strategic Alliances to Secure the Support and Resources Necessary to Deliver our Vision.

4. We shall provide facilities to enhance and maximize learning opportunities.

As the local community and the State of California continue to redefine expectations for students, and consistent with the District's vision, it is important to provide our students and teachers the very best facilities public education can afford. Well-maintained, energy-efficient facilities, which provide for adequate space and technology for curriculum-related activities, will help our students achieve their maximum potentials during their years of instruction. Future facilities should be designed and constructed to accommodate known and anticipated future needs. Existing facilities must be continuously assessed to address their specific needs in a timely fashion. Support functions need to be evaluated to achieve maximum service potential for each facility.

- Strategy 1** - Align funding from voter approved initiatives as well as Community Facilities Districts (CFDs) to enhance and modernize existing facilities and ensure equitable, current and effective learning environments (iusd.org/measure-e).
- Strategy 2** - Reevaluate the facilities master plan and develop and implement a planning process that recommends modifications to the facilities master plan that ensures the plan continues to incorporate current and future needs (iusd.org/facilities-master-plan).
- Strategy 3** - Maintain a system of facilities support focused on sustainable energy solutions that provide efficient, effective and predictive maintenance (iusd.org/maintenance-and-operations).
- Strategy 4** - Continuously improve comprehensive school design processes including educational specifications, safety, technology and other instructional and community needs (iusd.org/safetyresources).

Strategic Initiative No. 4

Strategic Initiative No. 4 We Shall Provide Facilities to Enhance and Maximize Learning Opportunities.

5. We shall develop a budget that maximizes revenues and aligns resources in support of the District's vision.

The identification and maximization of revenues is an important part of the District's budget process. Additionally, an effective and balanced spending plan is needed to accomplish the priorities identified in the District's vision, goals and objectives. The dedication of resources toward current initiatives is essential. This includes an in-depth analysis of the existing budget as well as the development of a long-range plan to ensure that resources are available when needed. The spending plan should promote equity and adapt to the District's educational needs (iusd.org/fiscal-services).

Strategy 1 - Explore opportunities and support legislation to maximize adequacy and enhance funding opportunities, including alternate sources of funds as well as grants that align with our goals and objectives (iusd.org/legislative-priorities).

Strategy 2 - Manage and maximize limited resources wisely and provide financial reports that are accessible and understandable (iusd.org/lcap).

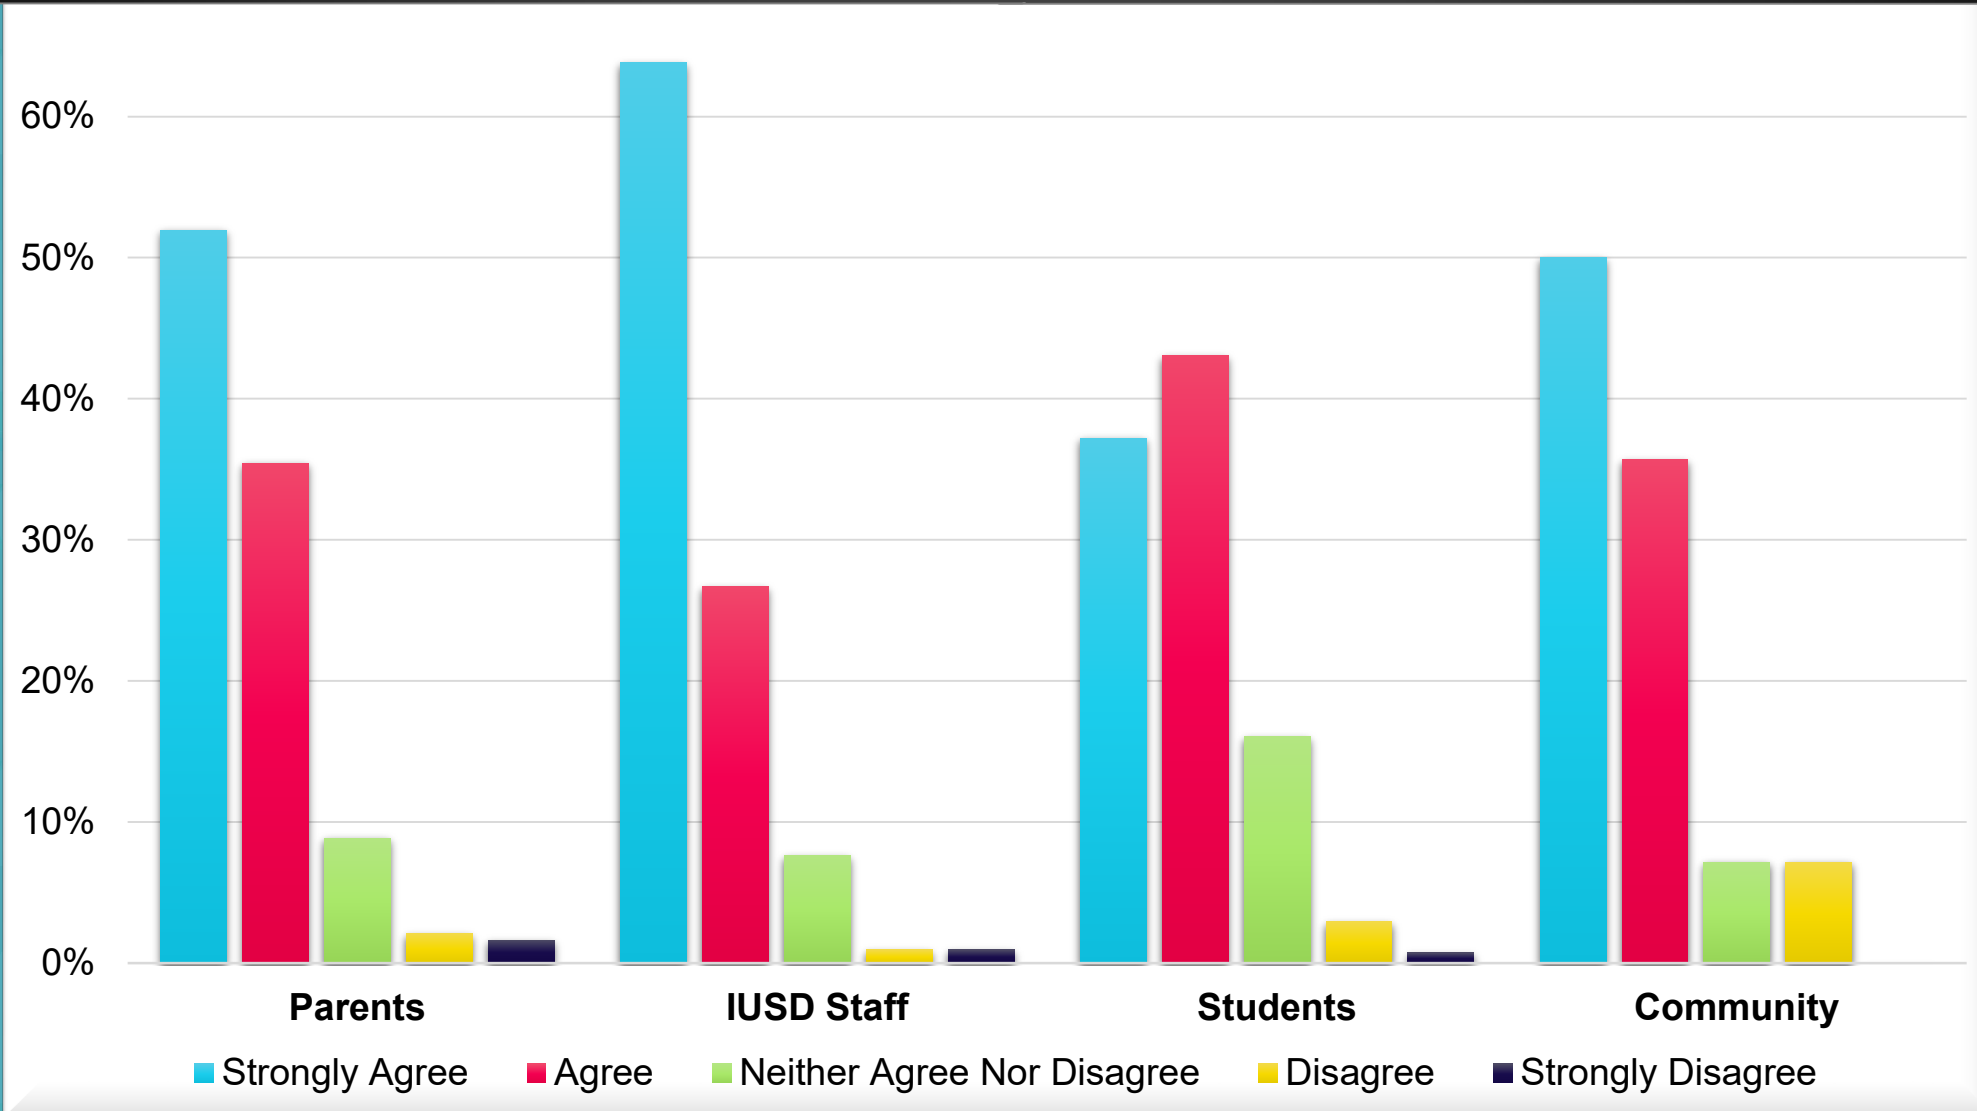

Strategy 3 - Ensure the District budget, aligns with the District's vision and goals as well as instructional initiatives.

Strategy 4 - Evaluate and allocate funding to schools and programs based on identified needs.

Strategic Initiative No. 5

Strategic Initiative No. 5 We Shall Develop a Budget that Maximizes Revenues and Aligns Resources in Support of the District Vision.

6. We shall leverage technology to enrich instruction, extend learning, maximize resources and further our commitment to continuous improvement.

Technology is a transformative tool that can elevate student learning and leverage a teacher's ability to enhance the educational process. Technology allows us to personalize learning, expand opportunities, and promote creativity. By doing so, students have access to relevant, rigorous and engaging material and interactions. Technology will help the District meet the challenges of growing enrollment, rising expectations and recurrent economic uncertainties. We will use technology to connect our staff, students and community to our vision and goals as we strive to provide the highest quality educational experience we can envision (iusd.org/technology).

- Strategy 1** - Empower students and enhance learning through engaging activities, real-world problem solving, creative expression, and personalized experiences.
- Strategy 2** - Build organizational capacity and support teachers to provide exceptional, student-centered instruction (iusd.org/tech-spotlight).
- Strategy 3** - Connect and collaborate with staff, students, parents and community partners to help our students succeed.
- Strategy 4** - Provide a robust technology infrastructure, outstanding service, and proactive planning to foster innovation and ensure equity (iusd.org/connected).
- Strategy 5** - Leverage data to continually review and refine our practices.

Strategic Initiative No. 6 We Shall Leverage Technology to Enrich Instruction, Extend Learning, Maximize Resources and Further our Commitment to Continuous Improvement.
