- Noel: Who put the 7th grade survey together and what is it used for? Concerned with sensitivity between family religion and the views of the LGBTQ. Wants to make sure there is a balance with the curriculum and not based solely on the survey.
- Hillary: Gave positive feedback on Venado’s parent preview night. Parents appreciated that the committee/teachers listened to parent concerns and adapted plans accordingly.
- Round Table Discussion:** The committee was asked to review the post-its from the last meeting and reveal the five categories:
- 1) Recommendations will be made that prioritize student’s needs first and are based on research and evidence-based best practices.

- 2) Be transparent and seek input from all stakeholders.
- 3) Be prepared to address agenda issues and ask questions.
- 4) Create a forum for discussion/questions prior to formal meetings.
- 5) Create an atmosphere that is compassionate, non-judgmental and safe for individuals to express and confide in.

## Health Advisory Committee Business

### HS

- **Human Trafficking Data - background info shared by DeeAnn and Lori**
  - Discussed it is prevalent in today's life and is all around us. 21 million people are affected. Every 30 seconds someone is affected by this. Student knowledge of knowing how to see the signs and escape getting involved was important. Staff need to be able to know the signs.
- **Approval of Sensitive Materials** – The committee reviewed and discussed previously distributed materials. (Add summary of intro and discussion)
  - **Human Trafficking Powerpoint and Videos**
    - Discussed and approved with a motion by Peilin Breller and seconded by Naz Hamid.
  - **I'm Positive DVD Get Yourself Tested Video**
    - Discussed and approved with a motion by MJ Caterinicchio and seconded by Peilin Breller.
  - **Making of a Girl Video**
    - Discussed and approved with a motion by Tina Chiang and seconded by Peilin Breller. Overall vote was 4-1. Opposed by Kandie Schmehr

### ES

- **Revisit Guy Stuff Presentation**
  - Slides
  - Notes - Discussion of changing Guy Stuff from 5th to 6th grade or splitting the curriculum. Teen Talk could be used as a guide board. Proposed to retouch on this topic after Kristen Winn follows up with Patrick Compton to make some changes.

- **Updates & Next Steps**

- Lori Fallace has created a powerpoint used by all schools for presenting the Middle School Health Parent Preview Nights. There has been positive feedback. Other districts seem behind us with curriculum.
- There can not be an option given to opt out of LGBTQ. That would bring up issues with discrimination. Transgender and gender orientation is just term knowledge information that is given.
- Next meeting, Wednesday, May 9, 2018.

**Adjournment** – Meeting was adjourned at 12:29 p.m.
