 - Clarification that condom demonstration kits are put together by Planned Parenthood but no presentation is given by Planned Parenthood.
- **Opt Out reminder/clarification**
 - AB 329 specifies that parents may opt out of *all or part* of the sexual health curriculum. However, school districts cannot allow parents to opt out of ONLY the lessons on LGBTQ. In other words, parents can opt out of LGBTQ content AND other lessons of their choice. We also do not want to create an opt out “package” for parents by pre identifying additional lessons for opt out. This is because we want parents to be thoughtful and deliberate when deciding what to opt their students out.

- When LGBTQ content of sexual orientation, gender identity, etc is presented in non sex-ed programs like bullying and social studies, where sexual organs are not discussed, parents do not have the right to opt out.

Adjournment – Meeting was adjourned at 12:04 p.m.
