2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Cadence Park School is the second of three K-8 schools planned for south Orange County's newest communities in the Great Park. We are also one of the few schools in IUSD that was built completely to the Education Specifications established by the IUSD Master Planning Committee. This means that every interior and exterior space reflects the identified characteristics and capacities envisioned by a panel of students, parents and educators that would be ideal for an 21st century learning environment. Among these characteristics are flexible spaces and furnishings, abundant natural light and fresh air, indoor and outdoor learning environments, and dedicated facilities to engage in STEAM explorations, music instruction, and physical fitness. Our school also boasts distinct art-deco architectural stylings, which reflect the construction aesthetic in the surrounding community.

Our campus opened in 2018 with just over three hundred students in grades TK through 6th grade. In 2019 we expanded to serve middle school students during our second year of operation. In 2021, we are now serving over one thousand students in grades TK through 8. Parents and students alike are drawn to Irvine by the promise of a high quality educational experience, and all have been enthusiastic about the establishment of our new Cadence Park School community. Approximately 28% of our current student population speak a language in addition to English, and many more bring a multicultural lens to our daily interactions. In addition to English Language Learners, our heterogeneous student population also features a high number of gifted and accelerated learners, as well as a number of students with identified special needs. Our staff is committed to the inclusion of all students and the provision of a suitable and engaging curriculum that is characterized by differentiated instruction and personalized acknowledgement of each child's needs and progress.

As we work with stakeholders to establish the norms and expectations for our emergent community, our staff has identified the acronym "L.E.A.P." as a suitable descriptor for the attributes that we hope to inspire and reinforce within our students, whose mascot is the mighty Puma. L.E.A.P. stands for "Lead with Integrity, Embrace Challenges, Act Responsibly, and Positively Impact Others." We believe that if all of our Pumas are able to L.E.A.P., then as a community, we will definitely reach new heights!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

As a brand new school, we are fortunate to have a state of the art facility to ensure high levels of learning for all students. Construction for Cadence Park School was recently completed in October 2018. The cleanliness, safety and adequacy of our facility is at exceptional levels. Some of the highlights are functioning Extron systems that allow for enhanced audio visual supports for students, a state of the art gymnasium, high quality full-functioning kitchen/cafeteria, enclosed kindergarten play space, shaded lunch areas, large corridors and classrooms, dedicated Science and art rooms, as well as a high tech library media center.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are an integral part of our Cadence Park School community. As a new school, the development of our PTSA, School Site Council, English Language Advisory Committee and classroom volunteers are very important to maintaining a vibrant school program.

Parents can participate in school activities in a variety of ways. First, as a PTSA member and volunteer, parents are key partners in planning school community events, such as International Night, Movie Night, Trunk or Treat, and other school events. Our PTSA has been key in creating our yearbook and setting up fundraisers to support our school goals. PTSA is always looking for volunteers to help with small or large projects. To get involved, just visit the PTSA website.

Parents are also found daily volunteering in our classrooms and school library. Parents often help with small groups, prep work, field trips, and organization of class celebrations. To get involved, parents should email or speak directly to their classroom teacher.

Lastly parents can get involved in School Site Council or ELAC by inquiring in the front office. All dates and time are posted on our website and all parents are invited to attend any meeting.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.03	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Cadence Park School embraces a school-wide approach to positively and consistently reinforcing desirable student behavior with praise and acknowledgement. The Cadence Park staff is working collaboratively to develop our school's specific PBIS protocol, in conjunction with all stakeholders. To date, we have identified L.E.A.P. as our school's PBIS acronym (L=Lead with Integrity; E=Embrace Challenges; A=Act Responsibly; P=Positively Impact Others). Currently, each student learns the expectations for Cadence Park student behavior at the beginning of the school year through classroom orientations and collaborative discussions with peers and school staff. Collaborative, site-based dialogue provides the opportunity to discuss and demonstrate positive behavioral expectations with students and promote opportunities for praise and positive reinforcement through classroom behavior systems.

Living and working in what is consistently recognized as one of America's safest cities, we enjoy the privilege of having all of our IUSD campuses open to the community and free from fencing or major security measures. With this freedom, however, comes the additional responsibility of maintaining heightened vigilance to ensure that students stay on campus and strangers stay off campus. Our playground staff and teachers work together to ensure that students are well-supervised from the time they are dropped off in the morning until the time they reunite with their parents in the afternoon. Parent volunteers must all check in through the front office. All staff have been trained in emergency training.

School-wide Fire, Disaster and Lockdown drills are regularly conducted throughout the year. Further, we work with students, parents, city officials and IPD to address matters of student safety to and from school in a proactive manner.

1. Ensure the prompt and regular attendance of Cadence Park students through implementing a variety of proactive and reactive measures.
2. Ensure that positive behavioral expectations are promoted and reinforced across all settings and grade levels.
3. Execute a variety of drills throughout the year that test the capacity of our school community to respond in an organized and efficient manner to a variety of emergency scenarios.
4. Maintain a safe, secure and closed campus during school hours.

As a new school a comprehensive safety plan was developed and immediate training occurred with all staff.

2020-21 Types of Services Funded

The Local Control Funding Formula (LCFF) has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the LCFF model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development

In a typical school year, Cadence Park School teachers are provided with four full release days to participate in Professional Development along with their Professional Learning Community (grade level or department). This year, teams wanting to utilize this compensated support must do so in the evenings or weekends due to a State-wide substitute teacher shortage.

Additionally, all certificated Cadence Park School teachers and staff participate in three full student-free Professional Development days and six additional, 2-hour professional development sessions during early-out Wednesdays. These opportunities are designed based on student achievement data and the CIE goals for that given year. 2021-2022 topics included SEL supports, Social Justice, Diversity, Equity and Inclusion practices, Special Education Best Practices, PBIS, ELD Supports, MTSS development, Educational Technology enhancement, Early Literacy practices, vertical articulation, Pumatime development, and more! All topics are proposed and decided by the site leadership team.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
