2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

I am pleased and honored to present Greentree Elementary School's Annual School Accountability Report Card. This Report Card reflects current information. It provides an overview of our school profile and communicates specific data regarding demographics and student achievement results.

Located in the village of Greentree, our school is a neighborhood school with an enrollment of approximately 470 students in grades Kindergarten through Grade 6 including three self-contained Specialized Academic Instruction (SAI) classrooms serving grades Tk - 3. Our attendance area includes the communities of California Homes, Greentree, Heritage Park, Heritage Point, Irvine Groves, Walnut Square, El Camino Glen and the Willows. We have an open enrollment policy that allows children from other communities in Irvine the opportunity to attend Greentree Elementary School. Greentree Elementary School has a diverse community with children coming to us from many cultural backgrounds. This diversity allows for many additional learning experiences for our students.

There are many people who share the responsibility for the successful education of children at Greentree Elementary School. We have a strong instructional staff that is committed to providing children with the highest educational experience possible. Our school support staff, our school office, and our custodial staff are all integral parts of our school. Our mission at Greentree Elementary School, is to foster a growth mindset, in order to empower all students to be risk takers, creative critical thinkers, communicators who collaborate, and who are committed to success. Through our professional learning communities we celebrate both academic and social responsibility in all of our students. It is our Vision to be: "One Team ~ One Goal ~ Committed to success for All".

It is our philosophy to provide an academic environment that is safe and child-centered. Our teachers are involved in staff development opportunities that provide further excellence in teaching. They work together in Professional Learning Communities, when possible, to plan and analyze student work and progress. All students are challenged to reach their individual potential. Students who have not reached proficiency in reading or math are offered additional instruction within the classroom setting, during the instructional day. Teachers and Instructional support staff use research based instructional strategies to develop each student to his/her greatest potential including Response to Instruction (RTI) in the area of Reading. Our program offerings have included GATE clusters in our 4th - 6th grade classrooms, support services (Speech, Occupational Therapist, Physical Therapist, Elementary Resource Counselor (ERC), and school psychologist), English Language

2021-22 School Overview

Development Instructional Assistant, and a school site Teacher On Special Assignment (TOSA) to work with our staff and our students. Our curriculum specialists provide enrichment in the areas of art, music and science and our support staff provides assistance and reinforcement of essential skills learned in the classroom.

This school year we are proud to have ALL of our students and staff back on campus after having been in multiple academic settings during the course of the COVID -19 pandemic months. Although classified positions in both general and special education have been hard to fill, we are happy to report that we are very close to being fully staffed.

Greentree Elementary School practices Positive Behavior Interventions and Supports (PBIS). Staff, through collaborative staff development opportunities, created the behavioral expectations for student behaviors on our campus. These behavioral expectations are explicitly taught and reinforced through our schoolwide SOAR matrix as well as by classroom SOAR matrices for expectations within the classroom setting. It is our hope that these practices will help students build internal practices so they can experience healthy self-esteem and develop a vision and a passion about ways to contribute to their community. We conduct monthly awards to honor student academic and behavioral achievements.

The Greentree Elementary School Community is an outstanding example of a true “team.” All staff members, our parent community and our remarkable students work together to consistently be successful.

It is with a strong sense of school pride that I share this Accountability Report Card with you.

Sincerely,

Tamara J. Brown, Principal

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Greentree is a facility made up of 5 pods developed around a central office, a little theater, and a media center. Each pod/neighborhood consists of four classrooms and boys and girls restrooms. These areas were renovated in the summer of 2017 and now consist of open collaborative spaces with innovative furniture for various student instructional purposes. Five portable classrooms, located to the North of the main building house our Innovation Lab (G5), a science lab (G1), Speech (G3), school psychologist's office (G4), as well as a Principal's conference room/Counseling Office (G2). We have a large field area directly behind our school which is used for K-6 Physical Education and recreation activities during recess and lunch periods. This field is also used by community groups on evenings and weekends with prior district approval. A three foot high barrier wall and a six foot high fence separate our field from the Metro Link tracks to ensure student safety. Greentree staff and community are currently working with District Facilities and the board approved Architects on the next phase of improvements for our school under Measure E. This work will include a new stand alone Multi-Purpose building, an expansion of our nutritional services/cafeteria area, and a redesign of our current Little Theatre space into a new Innovation Lab space.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and staff work in partnership to ensure that every child is successful. There are many wonderful opportunities for parental involvement at our school both in person and virtually speaking. Our teachers meet with parents in the Fall to set goals for each child's academic program. The School Site Council (SSC) is an advisory group that meets regularly to receive information, discuss school programs and provide input towards school based decision making. This group is comprised of an equal representation of members of the community (5) and site level staff (5). SSC members serve a two year term on this council. Our wonderful PTA supports our school program by encouraging and organizing parent involvement and enriching the school programs by providing enrichment opportunities, special assemblies, services, activities, and providing funding for classroom supplies, upgrading software, hardware, and other technological needs. Parents can become involved with PTA by attending regularly scheduled PTA association meetings, in person, as posted on our school website and/or accessing information directly from the PTA website at GreentreePTA.org or to get in contact with any of our PTA Board Members. Parent volunteers have been welcomed back onto our campuses recently after not being able to do so for the past 18 months.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Greentree School has developed a comprehensive Safe School Plan. Our plan is evaluated yearly and amended, as needed by the School Site Council and School Safety Planning Committee. This plan was reviewed with the members of the following committees on these dates:

- 1) School Site Council (11/30/21)
- 2) Greentree Rainbow Rising (our onsite child care center) (upcoming)
- 3) Greentree Staff (upcoming 1/19/22)

Key elements of the plan include:

- Disaster Procedures
- Procedures for Safe Ingress and Egress of Pupils, Parents, and School Employees
- Rules and Procedures on School Discipline.
- Student Discipline/Crime Statistics
- Incident Command System ~ Organizational Chart
- Emergency Response Plan and Procedures for Emergency Incidents
- District Emergency Plan for Multi-Hazard Response

* After Hours Emergency Protocol

Monthly fire evacuation and safety drills are conducted and our school participates in earthquake preparedness twice each year as part of our commitment to a safe and orderly campus. The disaster preparedness committee meets on a regular basis to continually update and improve our plan. A school crisis team has also been formed for an unforeseen crisis situation. Students and staff alike participate in annual "lock down" drills each year for practice in emergency situations. In addition, Greentree Elementary School has the School Messenger Web Portal messaging system that allows us the opportunity to contact all parents at once in the event of an emergency via their phones, e-mail, text, or a combination of any or all of the above. The school is equipped with the necessary items and emergency supplies to shelter students immediately following a disaster and until students can be moved to a safe harbor. Greentree School also has social media accounts to alert parents to any and all issues at Greentree School, especially in the area of safety. Parents can follow us at: FaceBook: Greentree School IUSD Instagram: greentree_iusd

Greentree is equipped with seven (7) exterior and one (1) interior camera to capture images of anything significant that could harm our facility and/or our students, staff and community that are housed within the facility. We also have the ability to "lockdown" our school at the push of a button that will immediately notify local authorities should any kind of need arise.

We place a high value and have a strong commitment to safety at Greentree Elementary School.

2020-21 Types of Services Funded

The Local Control Funding Formula (LCFF) has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the LCFF model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development

Greentree Elementary School staff exemplifies a strong community of learners. Staff professional development has been a powerful and essential ingredient of teachers' continuing education. At Greentree Elementary School, our staff takes seriously the commitment of lifelong learning and intellectual risk-taking. Teachers are involved in three full day professional learning opportunities and six, two hour long after school workshops, that continually refine and extend their teaching strategies. Grade level team works in Professional Learning Communities to plan, share ideas/materials, analyze student learning data, and to problem solve strategies to provide a cohesive program within each classroom. Current research in education in the areas of Equity, Excellence, Diversity and Inclusion (EEDI) and Social Emotional learning are what drive our current professional development needs and have been identified as priorities for us. We have also committed to a schoolwide Math program (iReady) which provides online diagnostic assessments for our students and then places each student on an instructional path prescribed specifically for that child. Our areas of focus for professional development in past years have centered around the following concepts: Assessment/Grading Practices, Positive Behavior Intervention and Supports (PBIS), Professional Learning Communities (all 2nd - 6th grade teachers have participated in one of the Power Up Your PLC's at this time), Next Generation Science Standards, Technology, including SAMR training, Step Up to Writing, as well as annual Safety Drill participation and various district wide initiatives. This year staff will participate in training surrounding in these area: COVID 19 Safe Schools training/practice, training with our Technology Advisory Committee (Google/Canvas, etc) Suicide Risk intervention training, Social Justice standards and DESSA training.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
