2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

As we come together from all over our school district, San Joaquin Schools (IUSD Virtual Academy) is a wonderful place for students to learn and grow. San Joaquin Middle and High Schools (IUSD Virtual Academy) is a 100% online school grades 7 - 12. We recognize the importance of supporting the social/emotional well being of our students. We want your students to know that they are valued, appreciated and the most important part of our school. Our school community values positive academic and social growth, believes in a rigorous well-rounded education, values diversity, and looks out for the best interest of children. In Irvine Unified School District, we promise to provide the highest quality educational experience we can envision. We evaluate our effects on student learning and achievement by focusing on evidence of student learning. IUSD educators acknowledge the importance of many different types of assessments, or multiple measures, as part of a balanced assessment system in determining our effect.

This is a time of great potential and promise for our students. At IUSD Virtual Academy we recognize that we have been given a huge responsibility. Our educational platform is designed to allow students to access a rigorous curriculum in a collaborative environment that meets the standards of our district as well as the unique needs of each student. The IUSD Virtual Academy promotes a shared responsibility of learning and recognizes the value of the role of our parents and staff in the success of our student.

Our Mission: San Joaquin High School is dedicated to helping students achieve their individual potential through academic and personal growth.

Our Vision: Our vision is to empower students as lifelong learners, to acquire, demonstrate and value the knowledge and skills needed to participate in and contribute to the global world and embody the core values of commitment, honor and self-direction.

Student Learner Outcomes (SLO):

- 1) Effective Communicators
- 2) Critical Thinkers
- 3) Self-Directed Individuals
- 4) Contributing Community Members

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

For the 21-22 School year, San Joaquin schools (IUSD Virtual Academy) is 100% online.

Our emphasis — to ensure a safe school environment for our students — includes the re-certification of our staff in disaster preparedness, such as search and rescue techniques, CPR/First Aid, and in-service activities related to school safety assessments, violence assessments, legal updates, gangs and gang identification, and aggressive involvement by all stakeholders in assuring a safe school environment. Apart from this, we have an annual district safety inspection. Our continued success depends on close working relationships between district administrators and school faculty and staff, as well as the active participation of parents and community leaders. San Joaquin students and staff have an exceptionally excellent collaborative working relationship with the Irvine Police Department's School Resource Officers and investigators. Students take pride in these relationships and the ability to keep San Joaquin safe.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 Career Technical Education Programs

Students at Irvine Virtual Academy have opportunities to participate in the following Career and Technical Education (CTE) coursework:

- Information and Communication Technology (Cybersecurity, Computer Science)
- Business Principles
- Medical Terminology
- Computer Graphics
- Public Safety
- Theater Production
- Manufacturing

CTE courses provide students the opportunity to explore high demand career industry sectors that are aligned with the CA CTE Model Curriculum Standards and the CA Career Readiness Standards. The CTE program is integrated with the academic program. Many CTE courses are UC a-g approved college preparatory courses meeting course requirements for admission to the University of California and California State University campuses. The CTE program has a strong guidance-counseling component where students participate in career exploration through individual student-counselor meetings and group guidance lessons that include career interest surveys and preparing for college and career.

The district's partnership with Coastline ROP (Regional Occupation Program) makes additional career exploratory courses available in various industry sectors, for in-person instruction. The CTE program includes courses that articulate with regional community colleges and many culminate in industry-recognized certifications.

The district is a member of regional consortiums including participating members in OC Pathways, Vital Link-CTEoc (CTE Orange County), the Irvine Chamber of Commerce, and Orange County Business Council. Teachers participate in professional development and network with business and industry representatives who serve as guest speakers, mentors, and advisors. Members of the business community participate in the career and technical education advisory committee.

2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	879

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

At San Joaquin Schools (IUSD Virtual Academy) there are many opportunities for parent involvement. We have our PTSA, our school site council, parent/teacher conferences, daily teacher office hours, parent education virtual nights, and back to school night.

C. Engagement

State Priority: Pupil Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.03	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

For the 21-22 School year, San Joaquin schools (IUSD Virtual Academy) is 100% online.

Our emphasis — to ensure a safe school environment for our students — includes the re-certification of our staff in disaster preparedness, such as search and rescue techniques, CPR/First Aid, and in-service activities related to school safety assessments, violence assessments, legal updates, gangs and gang identification, and aggressive involvement by all stakeholders in assuring a safe school environment. Apart from this, we have an annual district safety inspection. Our continued success depends on close working relationships between district administrators and school faculty and staff, as well as the active participation of parents and community leaders. San Joaquin students and staff have an exceptionally excellent collaborative working relationship with the Irvine Police Department's School Resource Officers and investigators. Students take pride in these relationships and the ability to keep San Joaquin safe.

In order to keep the virtual learning environment safe, we utilize authentication measures in our zoom classrooms along with other internet security measures.

2020-21 Types of Services Funded

The Local Control Funding Formula (LCFF) has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the LCFF model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development

High quality staff development, like quality teaching, is learning-based, activity driven, focused on instructional improvement and is an on-going process of professional renewal. San Joaquin's (IUSD Virtual Academy) continuous improvement efforts enable professional staff to reexamine their assumptions about teaching and learning. Staff development activities include significant time to develop personalized responses to instructional improvement with both appropriate collegial and expert assistance networking. High quality staff development challenges professional staff to make learning dynamic, intellectually stimulating, and connected to thinking which goes beyond the classroom walls. Effective staff development creates a learning community among professional staff that strengthens the individual teacher and the bond among teachers. Tailored staff development activities are essential for maintaining and improving quality education.

District-wide general staff development activities this year focused on teaching in a virtual environment.

This year the San Joaquin Schools (IUSD Virtual Academy) staff development emphasis was on activities tailored to the needs of the school. Here is a partial listing of staff development activities:

- Teaching using CANVAS
- Teaching in a virtual environment
- Strategies for student engagement in a virtual environment
- Nearpod, Pear Deck, Zoom
- Classroom management strategies for virtual teaching
- Socio-Emotional Learning

Pursuant to new state guidelines a total of three days per year are allocated for targeted staff development activities as well as an additional 12 hours of professional learning were provided in one hour increments over 12 days.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
