2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Woodbury Elementary School staff and students moved to our new home on October 15, 2007. We have blended the two communities, El Camino Real and Woodbury, as well as our traditions and new ideas. We are proud of our warm school culture focused on values and our strong academic program.

Woodbury Elementary School is celebrating over 40 years of educating children in Irvine. The emphasis on academic achievement, as well as providing a caring environment, where values are practiced and taught on a daily basis, has made Woodbury Elementary School a desired school for many families. The staff places its highest priority on the development of students who become responsible and productive individuals through teaching and modeling the values of Perseverance, Respect, Integrity, Initiative, Cooperation, Compassion, Courage, and Positive Mental Attitude. Translating this set of Values into action through the instructional program is the challenge so expertly met by our professional staff on a daily basis.

Woodbury is one of four year-round elementary schools within the Irvine Unified School District. Our enrollment this year is approximately 1187 students in transitional kindergarten through sixth grade. Thirty-seven full-time classroom teachers are responsible for the delivery of the instructional program. Upper grade science (grades 4-6) is taught by a science specialist. A specialized academic instruction teacher, a speech and language specialist, our school psychologist, and an instructional aide support students demonstrating unique needs in their learning. An upper-grade art specialist, funded by the Irvine Public Schools Foundation, teaches art lessons six times throughout the year. Music specialists provide vocal and instrumental music instruction to students in grades 4-6, and vocal instruction in grades kindergarten-3. Additional staffing at Woodbury includes office, health and custodial personnel, and instructional aides working with students in the areas of technology, library skills, and developing English language fluency.

MISSION

Our mission at Woodbury Elementary School is to create a nurturing environment through which we meet the academic needs of our students, and empower them with the values necessary to become contributing members of society. By combining a rigorous academic program guided by the Common Core Standards, dedicated staff members, and a nurturing educational environment, we aim to help all students recognize their potential and the joy of learning.

We teach these values through a school-wide behavior program called LEAD:

2021-22 School Overview

Live our values
Exhibit respect
Act safely
Do your best!

Students succeed at Woodbury. This is due, in large part, to the tremendous amount of parent support and involvement in our instructional program. Our PTA has an incredibly active membership focused on doing what is best for kids. It is our philosophy that learning is a developmental process and that children need to learn to make appropriate choices about their learning and to be responsible for the choices they make. Students are continually exposed to instructional strategies that cause them to reflect, think, problem-solve, and collaborate with each other in a safe learning environment. Cooperation and a positive sense of self are the result.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Woodbury has state of the art computer and STEAM Innovation labs, LCD projectors in each classroom, document cameras in all classrooms, a fully equipped multipurpose room, and a spacious library and STEAM Lab at the center of our school. Working and learning in an attractive, well-maintained facility is a top priority at Woodbury. Woodbury has a 5 to 1 ratio of networked computers to students. Our large state of the art Multi-Purpose Room lends itself nicely to many assemblies and performances. The center of our school houses four STEAM Innovation Labs, the main computer lab, and library. Each student (grades 2-6) visits a STEAM lab once a week. Only half the class attends at each time, allowing for reduced class size in the classroom for 50 minutes.

The library is available throughout the day for students to conduct research and project development. Upper grade science is taught in the classroom, as well as in a lab setting by the school science specialist. The campus is maintained weekly by IUSD Grounds staff. All restrooms are open for student use throughout the day and are maintained daily by our on-site custodians. The staff at Woodbury takes great pride in keeping a safe and clean learning environment for students, staff and parents.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

A variety of opportunities exist for parents to become involved in school life, and to support their child's learning. We encourage and welcome parent volunteers in every classroom. Parent volunteers support a variety of school programs such as our STEAM Innovation Labs, library, ACE program, and school fundraisers. Parents interested in working in the classroom to support the teacher, and the learning process, should contact their child's teacher. Woodbury's PTA enjoys active membership. Our PTA sponsors an incredible amount of programs and services to students that is headed up this year by Shua Shaikh, PTA President. School Site Council (SSC) is another avenue for parent involvement. The contact person for SSC is Teresa Stringer, School Site Council Coordinator and Assistant Principal, or Alan Battenfield, Principal.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.03	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

School Safety: Woodbury Safe Schools Plan was developed under the legislative guidelines that created the plan. It is updated annually by our school's Safe School Plan Committee, and reviewed by Woodbury's staff and School Site Council Members at the beginning of each school year. Disaster Preparedness Plans are reviewed extensively which includes the practice of specific staff assignments through regular drills. This Multi-Hazard Plan includes our response to a variety of disasters as well as how students and staff safety and care will be provided. Most certificated and classified staff members are CPR certified.

2020-21 Types of Services Funded

The Local Control Funding Formula (LCFF) has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the LCFF model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program , 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development

The Woodbury Elementary School Site Council updates our school improvement plan annually, establishing goals for training and curriculum improvement that support school, district, and state goals. The School Site Council also collaborates on the use of school site funds to support curriculum and staff development activities related to our school plan.

Woodbury Elementary School and the Irvine Unified School District are committed to continuous professional improvement. We continue to develop strategies and practices that differentiate instruction to better meet student needs through the Professional Learning Communities model. In addition to the four full days of staff development and six two hour staff development sessions, teacher training is provided monthly at staff meetings, through district sponsored training, and the attendance by individual teachers or groups of teachers at educational conferences provided outside the Irvine Unified School District. Over the last three years, training has focused on instruction in language arts and math, Professional Learning Communities, classroom technology strategies, math interventions and student mental health and behavior.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
