

**Provider Questions No. V**  
**Digital Copiers RFI**  
*December 16, 2022*

**Response to Proposers' Questions**

5.1           **Question:** Your response to Question 4.1 was to us the response templet provided with the addendum. However, this is just for the new section 1.4.10. Will you be sending out ALL of RFP sections that require responses in the same format? When the PDF is converted to word, many of the fillable boxes are converted to images.

**Answer:** The link to the response template on the [WEBSITE](#) provided includes templates for both the RFI and the Addenda No. I in Word format. It is desirable for Vendors to use the response templates and respond in the boxes provided.
