DOCUMENTATION

California immunization laws and Irvine Unified School District Policy 5141.31 require that upon school entry, **all pupils must show written proof of immunizations**. An immunization record completed by a physician or clinic **or** the blue California School Immunization Record from a former school **or** another state's school record serves as documented proof.

Documents must be in a format that is easily understandable. If translation is needed it is the parent's responsibility to have this completed prior to the registration process.

Documents must include:

- Child's first and last name
- Child's date of birth
- Type and date (month/day/year) of each dose of vaccine.
- Name of physician or clinic who administered the vaccine.
- If immunizations are transcribed from previous records by the attending physician/clinic, "TRANSCRIBED" must be written next to each immunization or diagonally across all lines for a vaccine series. The attending physician/clinic stamp must be stamped on the front of the immunization record to confirm who verified the immunizations.
- ***If a permanent or temporary medical exemption is necessary, the physician must submit this through CAIR-ME (<https://cair.cdph.ca.gov/exemptions/home>) and provide a copy for the parent to submit to the school.***

PHYSICAL EXAM 1st GR. ENTRY ONLY

- A health examination must be completed any time between 18 months before first grade entry through 90 days after entry into first grade.

CONDITIONAL ADMISSION SCHEDULE FOR GRADES Pre-Kinder/Kinder – 12th Grade

Before admission a child must obtain the first dose of each required vaccine and any subsequent doses that are due before the period of time allowed before exclusion has elapsed.

DOSE	EARLIEST DOSE MAY BE GIVEN	EXCLUDE IF NOT GIVEN BY
Polio #2	4 weeks after 1 st dose	8 weeks after 1 st dose
Polio #3 ¹	4 weeks after 2 nd dose	12 months after 2 nd dose
Polio #4 ¹	6 months after 3 rd dose	12 months after 3 rd dose
DTaP #2	4 weeks after 1 st dose	8 weeks after 1 st dose
DTaP #3 ²	4 weeks after 2 nd dose	8 weeks after 2 nd dose
DTaP #4	6 months after 3 rd dose	12 months after 3 rd dose
DTaP #5	6 months after 4 th dose	12 months after 4 th dose
Hep B #2	4 weeks after 1 st dose	8 weeks after 1 st dose

MMR #2	4 weeks after 1 st dose	4 months after 1 st dose
Varicella #2	<i>Age less than 13 years:</i> 3 months after 1 st dose	4 months after 1 st dose
	<i>Age 13 years and older:</i> 4 weeks after 1 st dose	8 weeks after 1 st dose

1. Three doses of Polio vaccine met the requirement if one dose was given on or after the fourth birthday. If Polio #3 is the final required dose, Polio #3 should be given at least six months after Polio #2.
2. If DTaP #3 is the final required dose, DTaP #3 should be given at least six months after DTaP #2, and pupils should be excluded if not given 12 months after the second dose. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday. One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement.

Continued attendance after conditional admission is contingent upon documentation of receipt of the remaining required immunizations. The school shall:

- Review records of any pupil admitted conditionally to a school at least every 30 days from the date of admission,
- Inform the parent or guardian of the remaining required vaccine doses until all required immunizations are received or an exemption is filed, and
- Update the immunization information in the pupil's record.

For a pupil **transferring** from another school in the United States whose immunization record has not been received by the new school at the time of admission, the school may admit the child for up to 30 school days. If the immunization record has not been received at the end of this period, the school shall exclude the pupil until the parent or guardian provides documentation of compliance with the requirements.
