DOCUMENTATION

California immunization laws and Irvine Unified School District Policy 5141.31 require that upon school entry, **all pupils must show written proof of immunizations.** An immunization record completed by a physician or clinic or the blue California School Immunization Record from a former school or another state's school record serves as documented proof.

Documents must be in a format that is easily understandable. If translation is needed it is the parents responsibility to have this completed prior to the registration process.

Documents must include:

- Child's first and last name
- Child's date of birth
- Type and date (month/day/year) of each dose of vaccine.
- Name of physician or clinic who administered the vaccine.
- If immunizations are transcribed from previous records by the attending physician/clinic, "TRANSCRIBED" must be written next to each immunization or diagonally across all lines for a vaccine series. The attending physician/clinic stamp must be stamped on the front of the immunization record to confirm who verified the immunizations.
- ***If a permanent or temporary medical exemption is necessary, the physician must submit this through CAIR-ME (<https://cair.cdph.ca.gov/exemptions/home>) and provide a copy for the parent to submit to the school.***

PHYSICAL EXAM 1st GR. ENTRY ONLY

- A health examination must be completed any time between 18 months before first grade entry through 90 days after entry into first grade.
