Middle School Student Math Placement (Grades 6-8)

**6th Grade**

- **Student progresses to next course in sequence**
  - MS Math 7
    - **Student progresses to next course in sequence**
      - MS Math 8
    - **Student meets 2 of 3 criteria to accelerate: Grades of A in each trimester, End of Course Exam 85% or above, Appraisal of Standards for Mathematical Practice**
      - MS Math 8
        - **Student does not meet criteria to continue on accelerated pathway**
          - MS Math 8
            - **Student meets 2 of 3 criteria to accelerate: Grade of B in course, End of Course Exam 85% or above, Appraisal of Standards for Mathematical Practice**
              - MS Enhanced Math I
      - **Student meets 2 of 3 criteria to continue on accelerated pathway: Grades of B or above in each trimester, End of Course Exam 85% or above, Appraisal of SMPs**
        - MS Math 8
          - **Student meets 3 of 4 criteria for Enhanced Math 7/8: Grades of A in math in each trimester, Standards Test 80%+, Basic Skills Exam 90%+, Appraisal of Standards for Mathematical Practice**
            - MS Enhanced Math 7/8
              - **Student meets 2 of 3 criteria to accelerate: Grades of A in each trimester, End of Course Exam 85% or above, Appraisal of Standards for Mathematical Practice**
                - MS Math 7
              - **Student meets 2 of 3 criteria to continue on accelerated pathway: Grades of B or above in each trimester, End of Course Exam 85% or above, Appraisal of SMPs**
                - MS Math 8
                  - **Student does not meet criteria to continue on accelerated pathway**
                    - MS Math 8
                      - **Student meets 3 of 4 criteria for Enhanced Math 7/8: Grades of A in math in each trimester, Standards Test 80%+, Basic Skills Exam 90%+, Appraisal of Standards for Mathematical Practice**
                        - MS Enhanced Math 7/8
                          - **Student meets 2 of 3 criteria to accelerate: Grades of A in each trimester, End of Course Exam 85% or above, Appraisal of Standards for Mathematical Practice**
                            - MS Math 7
                          - **Student meets 2 of 3 criteria to continue on accelerated pathway: Grades of B or above in each trimester, End of Course Exam 85% or above, Appraisal of SMPs**
                            - MS Math 8
                              - **Student does not meet criteria to continue on accelerated pathway**
                                - MS Math 8
                                  - **Student meets 3 of 4 criteria for Enhanced Math 7/8: Grades of A in math in each trimester, Standards Test 80%+, Basic Skills Exam 90%+, Appraisal of Standards for Mathematical Practice**
                                    - MS Enhanced Math 7/8
                                      - **Student meets 2 of 3 criteria to accelerate: Grades of A in each trimester, End of Course Exam 85% or above, Appraisal of Standards for Mathematical Practice**
                                        - MS Math 7
                                      - **Student meets 2 of 3 criteria to continue on accelerated pathway: Grades of B or above in each trimester, End of Course Exam 85% or above, Appraisal of SMPs**
                                        - MS Math 8
                                          - **Student does not meet criteria to continue on accelerated pathway**
                                            - MS Math 8
                                              - **Student meets 3 of 4 criteria for Enhanced Math 7/8: Grades of A in math in each trimester, Standards Test 80%+, Basic Skills Exam 90%+, Appraisal of Standards for Mathematical Practice**
