2012
CALIFORNIA SCIENCE STANDARDS ADOPTED
IUSD began implementing instructional shifts and aligning curriculum with new standards.

2012-13
IUSD EARLY AWARENESS
Teachers began familiarizing themselves with new standards and expectations for teaching and learning.

2013-14
ALIGNMENT OF CURRICULUM
Science teachers focused on adapting curriculum. IUSD focused on content area literacy aligned to English Language Arts standards.

2014-15
INSTRUCTIONAL SHIFTS
Science teachers focused on instructional shifts to include science and engineering. Teachers began to restructure course units to be aligned with the standards.

2015-16
IUSD INSTRUCTIONAL SHIFTS
K-12 teachers attended Professional Learning days to focus on shifts in instruction, science literacy and engineering design.

STAKE HOLDER IMPLEMENTATION COMMITTEE
Implementation Committee spent more than 50 hours generating the implementation plan.

2016-17
2017-18
INSTRUCTIONAL SHIFTS AND ROLL OUT PLAN
IUSD secondary Science Lead Teachers will finalize the roll-out plan, course models and curriculum design. Science Lead Teachers will collaborate across the District.

2018-19
IUSD TO BEGIN IMPLEMENTING ALIGNED COURSES
New standards aligned courses for grades 6-9 will be implemented.

2019-20
IUSD INSTRUCTIONAL MATERIALS ADOPTION
IUSD will begin adopting instructional materials for science.
