School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Creekside High School (CHS), located in the City of Irvine, are the two primary alternative high schools serving students within the Irvine Unified School District (IUSD). CHS is the continuation high school for the district and draws its 9th-12th grade students from IUSD's other high schools. Other district schools include four traditional high schools (University, Irvine, Woodbridge and Northwood), five middle schools, two K-8 year-round schools, twenty K-6 elementary schools, and an adult school.

Creekside High School's last WASC accreditation was in March 2015, when we earned a six-year accreditation with a mid-cycle one-day Visit.

Creekside High School was established in the summer of 1974 as the Alternative High School in the Irvine Unified School District. They were the result of the efforts of a group of students, parents, teachers and administrators who challenged the assumption that the comprehensive high school is the only appropriate learning environment for all students. The 2014-2015 school year began our 41st year as an alternative education program for Irvine young men, women, and their families. Each professional staff member takes great pride in our mission and believes strongly in the effectiveness of the educational options seen in alternative education. We are a proven and effective option to Irvine's larger traditional high schools.

The school relocated in September 2007 to our new site at the corner of Barranca Parkway and Harvard Street. The new school facilities are located on 8.5 acres of a 20 acre school district site in West Irvine. Classrooms include a Career/College/Computer Center, a Digital Graphic Arts computer laboratory, a Mac lab, two science rooms, 2-D and 3-D Arts rooms adjacent to the outdoor ceramics laboratory, and seven general education classrooms. Creekside High School maintains an enrollment of approximately 170-to-255 students. The site, now officially called the Creekside Education Center, provides much more appropriate, state of the art instructional spaces for our students. Creekside usually graduates between 60-to-80 students each year. Creekside High School maintains the same graduation expectations as the other high schools in the district.

Students' presence at Creekside and San Joaquin places greater personal responsibility and discipline to respond, not only to graduation requirements, but to prepare themselves academically, socially, and emotionally for "life after high school." We are committed to our students becoming independent learners who are, ultimately, accountable for their own education, achievement of personal goals, and finding happiness. We ask students to take an honest look at themselves, develop a positive attitude, and do the right thing every day. Our motto: "Every day is a new day to succeed." We believe in the power of those words and in the destiny of each student to grow and develop in positive, successful ways. Each day, students prove the reality of those words by achieving academically, socially, and emotionally.

Our Motto:

"Every day is a new day to succeed!"

Our Vision:

Each student will leave Creekside Education Center with effective communication skills, cultural awareness, and the capacity to pursue a field of expertise that encourages each student to be a contributing member of society.

Our Mission:

Creekside High School and San Joaquin High School are dedicated to helping students achieve their individual potential through academic and personal growth.

Student Learning Objective's:

- Effective Communicators
- Strategic Thinkers
- Healthy Self-Directed Individuals
- Contributing 21st Century Citizens

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

We encouraged students to take pride in the ownership of their school. Creekside students take pride in their efforts to maintain a peaceful, non-violent supportive student environment. Every student, upon enrollment and annually as long as enrolled, makes a commitment to treating every member of the Creekside community with dignity and respect. The new facilities and classrooms are providing excellent instructional space for our students. Through the implementation of a student leadership class, efforts are made to promote recycling, picking up trash, and promoting harmony amongst students. Additionally, the entire facility is clean, well-maintained, and annually passes District inspections.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	25	15	78	77	48	48
Mathematics (grades 3-8 and 11)	5	2	75	74	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	54	48	88.89	14.58
Male	34	31	91.18	9.68
Female	20	17	85	23.53

English Learners	--	--	--	--
Students with Disabilities	18	16	88.89	12.5
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	42	8	88	87	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2016-17)

Students at each of the Creekside High School have opportunities to participate in Career and Technical Education (CTE) coursework in the Digital, Visual and Media Arts pathway. CTE courses are aligned with the CA CTE Model Curriculum Standards and the CA Career Readiness Standards. The CTE program is integrated with the academic program and satisfy high school graduation requirements. CTE courses are UC a-g approved college preparatory courses meeting course requirements for admission to the University of California and California State University campuses. The CTE program has a strong guidance-counseling component where students participate in career exploration through individual student-counselor meetings and group guidance lessons that include career interest surveys and preparing for college and career.

The district's partnership with Coastline ROP (Regional Occupation Program) makes additional career exploratory courses available in all industry sectors. The CTE program includes courses that articulate with regional community colleges.

The district is a member of regional consortiums including participating members in OC Pathways, CTEoc (CTE Orange County), and the Irvine Chamber of Commerce. Teachers participate in professional development and network with business and industry representatives who serve as guest speakers, mentors, and advisors. Members of the business community participate in the career and technical education advisory committee.

Career Technical Education Participation (School Year 2016-17)

Measure	CTE Program Participation
Number of pupils participating in CTE	38
% of pupils completing a CTE program and earning a high school diploma	98%
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	100%

Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2016–17 Pupils Enrolled in Courses Required for UC/CSU Admission	90.22
2015–16 Graduates Who Completed All Courses Required for UC/CSU Admission	0

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Our parents can be involved in School Site Council, Parent Information Night Meetings (once a quarter, various topics), Back to School Night and our annual Awards Banquet. Additionally, students and parents are invited to participate in our quarterly recognition luncheon that celebrates students making positive choices and improving their self worth. Parents are routinely involved in all form of parent-student-staff conferencing. Additionally, using technological innovations, which include the School Messenger Auto-Dialer, web-based myIUSD.org, and listserve/email, parents have immediate access to student performance information and school has the capability of sending important information to parents via these different mediums.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Students with Disabilities	100	94.12	63.9
Foster Youth	0	100	68.19

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

Expulsions	0.5	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

School Safety Plan (School Year 2017-18)

Our emphasis — to ensure a safe school environment for our students — includes the re-certification of our staff in disaster preparedness, such as search and rescue techniques, CPR/First Aid, and in-service activities related to school safety assessments, violence assessments, legal updates, and aggressive involvement by all stakeholders in assuring a safe school environment. Apart from this, we have an annual district safety inspection.

The School Safety Plan and School Emergency Plan are reviewed annually, and approved by the School Site Council. Major areas of focus for the School Safety plan include:

- Continue to support a caring and connected school environment that provides both academic and emotional support for all students.
- To review with students in Advisement “IUSD Multi-Hazard Emergency” scenarios for the purpose of a school wide awareness, preparation, and readiness in case of a real disaster.
- Ensure parent and community have access to Guidance Resources.
- Create a physical environment that maintains an aesthetic level in line with the high standards set by our community, faculty, and IUSD.
- Ensure that Creekside Education Center has supplies and safety items in the event of an emergency.

From this plan, a comprehensive school Emergency Plan was developed and reviewed with staff September 2016 . Staff reviews the plan each semester, with emergency drills (lockdown, fire drills, and earthquake) being held 6 times per year. October 2016 and April 2017 are earthquake drills, November 2016 and March 2017 is a fire drill, December 2016 and May 2017 is a lock down drill. Additional intruder training is provided to staff members yearly and was held November 2016.

Our continued success depends on close working relationships between district administrators and school faculty and staff, as well as the active participation of parents and community leaders. Creekside students and staff have an exceptionally excellent collaborative working relationship with the Irvine Police Department’s School Resource Officers and investigators. Staff and students take pride in these relationships and the ability to keep Creekside safe for all students and staff.

Types of Services Funded (Fiscal Year 2016-17)

The Local Control Funding Formula has replaced California’s previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the new model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a base of per-student funding that varies slightly depending on grade level. All districts also receive supplemental funding. IUSD has used supplemental funding to support the following programs:

District level: 1) additional course sections for EL students at the secondary level, 2) release periods for EL Coordinators to facilitate program placement and progress monitoring of students, 3) instructional paraprofessionals in the classroom, and 4) professional learning, coaching opportunities, and collaboration time for integrated program development districtwide.

Site level: 1) instructional paraprofessionals in the classroom and staff for intervention and wellness programs, 2) teacher release for professional learning, instructional rounds, and PLC work, 3) supplemental instructional and intervention materials, and 4) the development of flexible learning environments that meet the unique needs of a very diverse student population.

Finally, concentration grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Teacher and Administrative Salaries (Fiscal Year 2015-16)

Professional Development (Most Recent Three Years)

High quality staff development, like quality teaching, is learning-based, activity driven, focused on instructional improvement and is an on-going process of professional renewal. Creekside's Continuous Improvement Efforts enable professional staff to reexamine their assumptions about teaching and learning. Staff development activities include significant time to develop personalized responses to instructional improvement with both appropriate collegial and expert assistance networking. High quality staff development challenges professional staff to make learning dynamic, intellectually stimulating, and connected to thinking which goes beyond the classroom walls. Effective staff development creates a learning community among professional staff that strengthens the individual teacher and the bond among teachers. Tailored staff development activities are essential for maintaining and improving quality education.

Creekside High School utilizes an early release day each Monday. There are 3 different activity focus areas each Monday conducted on a rotating schedule: Staff meeting, students needing support meeting, and PLC. Administrators support teachers through quarterly data review meetings, classroom walk-through's and observations.

In 2017-2018, our professional development focus is centered around Professional Learning Communities
