## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2018-19)**

The Santiago Hills Mission Statement reads: Santiago Hills Elementary School is committed to all students reaching their highest potential by establishing a curriculum that meets or exceeds government standards for education; providing programs that develop children's mental, physical and social skills; fully equipping students with essential technology for 21st century challenges; supporting the work of teachers; and partnering with parents and the community to create an environment geared to the success of all students.

Santiago Hills serves a diverse student population, with students from transitional kindergarten through 6th grade in general education, special education, and Alternative Program for Academically Advanced Students (APAAS) programs. The focus of Santiago Hills Elementary School's 2018-2019 site goals is to create a base for future growth and continued achievement. Santiago Hills Elementary students, including English learners, are excelling academically when compared to state, county, and district achievement. However, we recognize that we need to prioritize goals that focus on our low socioeconomic and disability students to ensure they are also making academic strides. Our School Plan for Student Achievement (SPSA) proposes two goals that can both be classified as "stepping stones" to a larger goal or broader implementation. The first goal is to meet the IUSD LCAP technology ratio of 1.3 students per device in schools. We strive to reach that goal in a responsible manner by creating a long-term plan of technology acquisition, maintenance, and replacement. Our second goal is to improve our offering of effective social-emotional tools that positively impact student behavioral and academic needs.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Our school district works to stay abreast of changing needs by providing a safe, functional, and attractive environment. During the summer of 2009, the school was thoroughly modernized. New restroom facilities replaced all existing restrooms, the campus has been updated to meet ADA codes, classrooms and work areas have all been updated and the district, site and PTA have worked to upgrade furniture and materials. In spring of 2013, Santiago Hills updated the play structure. In September of 2013, a new shade structure was added to the playground area to allow students more shaded areas to eat snack and finish lunch. In the summer of 2017, Santiago Hills was renovated to reconfigure the interior pods to include collaborative spaces for students, classroom doors, offices, and a new work room. The collaborative spaces allow for additional flexible instructional areas for students to work in small groups and on projects. Each of the three collaborative spaces was furnished with mobile tables, chairs, and bookshelves to provide versatile spaces that meet students' needs. Interior classroom doors were added to improve student safety. New offices and a staff workroom were built to replace existing spaces that were repurposed for the collaborative space. In the summer of 2017, the exterior of the school received a new coat of paint, brightening our campus with a clean, fresh appearance. In fall 2018, outdoor tables were installed near the portable classrooms to allow for additional workspace for upper grade student projects and collaboration.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	82.0	86.0	77.0	77.0	48.0	50.0
Mathematics (grades 3-8 and 11)	81.0	84.0	74.0	74.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	360	358	99.44	86.31

Students with Disabilities	37	36	97.30	47.22
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Students with Disabilities	39	36	92.31	44.44
Foster Youth	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2018-19)

---

We appreciate the support and efforts of our parent volunteers. Parent volunteers help us to provide the best possible experience for all Santiago Hills students.

- Classroom Assistance: Classroom teachers will recruit parent help at the beginning of the school year. There are opportunities for parents to work directly with students, to complete clerical tasks, and to complete tasks at home. If you are interested in serving in this way, please contact your child's teacher.
- School Site Council: This group is composed of staff and parent members whose responsibility it is to plan, monitor, and evaluate our School Improvement Plan. Parent members are selected via electronic ballot in the fall. Meetings and the agenda are listed in the front office.
- Parent-Teacher Association (PTA): This volunteer group is composed of all parents who wish to join. The PTA elected and appointed representatives' goal is to support the programs here at Santiago Hills and the overall educational system. A variety of programs and activities are scheduled throughout the year and coordinated by the PTA Board, which is elected in the spring of each year. All parents are encouraged to attend General Association meetings. Exact dates and times of all meetings, along with additional information is available online at <http://santiagohillspta.org>.
- English Language Advisory Committee (ELAC): The English Language Advisory Committee is composed of parents of English Language Learners who meet to review our instructional support of children who are learning English.

## State Priority: School Climate

### School Safety Plan (School Year 2018-19)

The Santiago Hills staff continues to review and train staff on our newly revised Comprehensive School Safety Plan. The plan was reviewed with staff and our parent community in October 2018. This plan was submitted to the district office in November 2018. Monthly emergency drills are planned and implemented, including lockdown, fire drills, and full disaster drills. All staff is assigned and trained as part of an emergency team including first aid, search and rescue, and various other teams. Emergency radios that allow schools to communicate with one another, the district office, and law enforcement are used for drills. The staff is continually updating supplies, plans, and training to be fully equipped and ready in the event of any emergency.

### Types of Services Funded (Fiscal Year 2017-18)

The Local Control Funding Formula has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the new model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching, 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.
