**Response to Proposers' Questions**

- 1.1 Question: Can you provide the # of users, and if needed provide information if they are employees or external users (contract workers, volunteers, etc...)?

Answer: We anticipate that we will have approximately 2,000 certificated users (employees) and perhaps 1,500 classified users (employees). We do not anticipate having any non-employees or outside users for the system.

- 1.2 Question: We would like to discuss the capabilities that interest your L&D Team in detail and also your current setup of Online learning in detail. Please let me know a good time to connect so that we can understand your setup/needs of Online learning and drive this forward.

Answer: Please see the Request For Proposals for detailed information about the District's current setup as well as the District's desired features of a Professional Learning Management Platform. If Vendors have specific questions please submit them in writing to [michellebennett@iusd.org](mailto:michellebennett@iusd.org) no later than April 13, 2018. Vendors that are selected to advance to the final presentations may discuss further details with staff at that time.
